To whom it may concern,

In the interests of full disclosure I started preparing a detailed diary of events well over a decade ago a) as a response to a Police Investigation or b) in preparation for an offer from Patton West and the cult to settle Patton West's two plus decade vendetta against me for telling the truth. I started contacting the FBI & Police in Arizona in 2010 I did so by email, letter and a phone call. That was 16 years ago and I did not get any kind of a response until this year when I had two responses from the police in Arizona. They asked me for information which I gave them. That said nothing has happened since.

Realizing that I might not get any help from the FBI & Law Enforcement and understanding that the terrorist attacks from Patton West which started on December 26 2006 were likely to continue for the rest of my life the only other option was to try to use a non-violent method to force an end to Patton West's 24/7 campaign of intimidation and the multiple attempts to murder me. None of what I am about to explain in this submission will make much sense unless you get your head around Patton West's use of occult (hidden) knowledge as a weapon. A weapon used by Patton West unopposed since 1991 i.e. 35 years.

The subject of the occult (hidden) knowledge and its use is becoming more mainstream and in that regard I share an interview that that Tucker Carlson made public recently. Like myself Tucker has been on the receiving end of occult attacks designed to intimidate him into remaining silent about what he knows. Obviously the 'deep state' was not happy at what he was saying about their activities. Just as Patton West did not like what I have said about her activities.

Tucker Carlson shares he was the subject of a Demonic Attack

Please review the information I am going to provide you with carefully and please take it seriously. Without dealing with the occult subject head on and up front there can be no possibility of getting any kind of justice for myself or the scores or hundreds of victims of organized crime. To understand what Patton West has done to her many other victims, including in Arizona since 2010, please read this article by well-respected New York times published journalist Be Scofield.

Be Scofield's article published in May of 2023 will give you a feel for what has been happening to me, my wife and daughter for the past 19 years and countless other victims. And why, in the absence of help from law enforcement I had no choice but to act in self defense (in a non-violent way) in an attempt to end this nightmare which started in 2002 after I was defrauded out of pay and shares for attempting to force Patton West's 'charity' to operate within the law. The 'Circle of Divine Unity' was in 2002 the then 'front' corporation used to money launder the proceeds of theft, fraud, extortion all occasioned with violence, the threat of murder and actual murder.

NOTES / RECENT DIARY OF EVENTS

First let me make it clear that Patton West's use of occult (hidden) knowledge as a weapon has made it possible for her to rob, defraud, extort, embezzle, violently assault and murder with apparent impunity for over three decades. As stated in the main briefing document after committing serious crimes against her students or employees Patton West does not even bother wasting money defending any civil lawsuits brought against her as was the case with me.

Patton West knows she has many months or even years to intimidate or murder those who go to law (or go public) before the case is ever heard. There was a long list of civil cases brought against Patton West in Montana and I bet if you interviewed the plaintiff's many would report being targeted though they might not know how or by whom but I bet many did come to the realization that they were being targeted by Patton West.

As you are aware Rebecca West, no relation to Devra West, wrote me a slew of emails in March 2007. One such email was entitled 'Help Me.' One of the questions she asked me was:-

I will not return and subject myself to her violent and abusive behavior! I continue to awaken from a sound sleep (on many occasions) at 3:00 a.m. and last night being one of those nights in which I have the feeling of impending doom, and is the reason I finally really took a look at your website and contacted you. I need support in how to deal with her shamanic witchcraft. Can you tell me more?

Patton West used her secret weapon against two of her daughters in law. Jamie Haywood contacted me the day before she and her ex-husband appeared in court to argue their child custody case on July 12 2007. Here is a comment from her email to me. Jamie is partially illiterate and I have not corrected her spelling of words.

I thought that i was going crazy and thought there was something wronge with my daughter. Until my mother took me to a true gider and this wonderful woman told me that i had a spell put apun me. She then started to test where it was, lo and behold in the left front side of my brain. Ya something to make me go crazy and what ever els. And now thats not all of it she also put one in my 11 month old daughters orgains. So my lady took some time and finially removed this wicked spell off of me and my daughter. then she told me that i would be protected.

Then there is Kendal Haywood, Chris Haywood's first wife and another child custody case held a few tears earlier. Kendall was treated in exactly the same way and to cut a long story short she lost her infant daughter to her porn loving wife beating husband i.e. Patton West's son Chris Haywood. Kendal was targeted relentlessly for months in the run up to the child custody hearing. Kendal had no idea what was going on and sought help for what was happening to her. Between Kendal's deteriorating mental health and a fake 'diagnosis' provided by senior cult member Dr. Pat Cole MD poor Kendal was diagnosed as having mental health issues. She lost her infant daughter to Patton West and her equally evil son. During the deposition of myself by Mr. Bartlett, I believe in 2010 which Ryan attended, Mr. Bartlett actually brought up the subject by asking me if I knew Kendal had mental issues.

In the Document Library & Audio Statements Library you will find a long list of statements from students and employees who have been mentally and physically abused, robbed, defrauded and viciously assaulted. Is it any wonder that after being defrauded out of $200K Mike Hendrickson chose to walk away rather than be targeted? Mike is mentioned at the bottom of the Whitefish Pilot newspaper article. Ditto Dave Kushner defrauded out $30K. Ditto Marion Cantwell, kidnapped, held captive and beaten until she agreed to give up part of the sale proceeds of her home that she had just sold. All this happened in 2005.

Apart from the obvious motive of greed Patton West had just been defrauded by Wilson & Ross out of $650K so she was rushing around 'harvesting' as much cash as possible from the members of her cult (herd).

As stated elsewhere Jack West told me in 2002 that those who opposed his wife had a habit of dying suddenly inferring that there had been at least two murders prior to 2002. Lisa Swidler a young mother of two and a 'student / teacher at Patton West's unaccredited school for occult studies died suddenly after attempting to leave the cult. Lisa Swidler was an honest person and a friend to my wife and I. She witnessed the crimes committed against Hendrickson, Kushner and Cantwell. We believe she was going to report these crimes to the police.

Joseph Costantino also a friend to my wife and I, was owed $20K in wages and overtime. Patton West just refused to pay him He went to the labor Board and ended up getting 10K. He died shortly afterwards of prostate cancer. The area of my body targeted daily / nightly since July 2024.

So I wanted to update you on what has been happening to my wife and I in recent times without having to keep updating my main briefing letter. But before I do that I want to share some of my history with you for two reasons the first to counter the lies and propaganda published on-line by Patton West and her cult minions and secondly to let you, the Police the FBI and State governments that I am not some insubstantial loner conspiracy theorist woo woo guy with a bee in his bonnet! Rather I was a fairly substantial and respected member of the business community in Yorkshire England. Here are some newspaper cuttings of some of my business dealings prior to me semi retiring to my farm in Yorkshire…

Promise of modernisation and expansion

New owners for Hanson

EXPANSION and modernisation has been promised by the new owners of the long-established Scunthorpe firm of furnace-wrecking and industrial services contractors Edward Hanson Ltd.

By NICK COLE

The 32-year-old company, which employs over 400 staff, mainly on the Scunthorpe steelworks, has been taken over by the Harrogate-based management consultancy RMS Group Ltd.

Financial consultant John Watson, who heads the group, said he was looking forward to working closely with British Steel and other customers with a view to improving and enhancing the services currently provided, as well as tendering for others.

"I believe one of the most pressing requirements is to modernise the image of the company for the betterment of the existing employees and our customers," he said.

"Our long term aim is to expand the company at some time in the future."

The first change at Edward Hanson has been to appoint John Black as general manager and promote the company secretary Chris Riches to the post of financial director.

Mr Watson said no other changes to the management structure were currently envisaged.

He also revealed that for the past two years he had been looking at possible acquisitions and talks began with the retiring owner John Sanderson in January this year.

Negotiations were successfully concluded earlier this month when the RMS Group acquired 100 per cent of the share capital.

Accident

The Scunthorpe company was set up in 1962 by the former partners David Smith Grant and Edward Hanson.

The co-founder who gave his name to the company died along with two colleagues in an accident in the hearth of the Queen Bess blastfurnace in 1965.

Mr Grant carried on running the business until he died in 1976. At that time John Sanderson was appointed the managing director and six years later he bought the firm.

Between 1985 and 1987 Edward Hanson acquired two Scunthorpe-based subsidiary firms, MDS and GB Industrial Services.

Stern warning to new justices

NINETEEN new Humberside magistrates, sworn in at Grimsby Magistrates Court, were given a stern warning.

Judge David Brunning said: "Life is a seamless garment and you cannot afford to let your garment have tears in it."

The 12 women and seven men were the highest number of justices of the peace to be appointed at the same time in Grimsby for several years, due to a high number of retirements. Five will sit on Scunthorpe, Brigg and Barton benches and one at Epworth and Goole.

Judge Brunning, resident circuit judge, said: "You have been selected because you are known to be people of integrity, sound judgement and a sense of fairness; people who have something to give to the office.

"If ever you get to the stage where you feel that you are learning nothing more, get out your pen and paper and write your resignation, because if you think you know it all you become a liability to the proper administration of justice."

He added: "It is easy to do things which can damage the high office you hold. You should be seen to obey the law in your private life."

Before they become JPs, applicants must go through a rigorous selection procedure, including scrutiny of their records by the Lord Chancellor.

The new justices are: Mrs Jaswinder Kaur Atwal, from Broughton (Scun, Brigg and Barton); Mr Thomas William Cave, from Worlaby (Scun, Brigg and Barton); Mr R.C. Collier (Grimsby); Mr T.G. Cowling (Grimsby); Mr G. Fews (Grimsby); Mrs C. P. Garrow (Grimsby); Mrs T.M. Jackson (Grimsby); Mrs M.H. Kershaw (Grimsby); Mrs H.P.J. Knowles (Grimsby); Mrs Kay Lazenby from Scunthorpe (Scun, Brigg and Barton); Mr C.B. McKenna (Grimsby); Mrs Wendy Elizabeth Mountain, from Messingham (Scun, Brigg and Barton); Mrs Judith Ann Richardson, from Elsham (Scun, Brigg and Barton); Mrs M E Rimmer (Grimsby); Mrs Ann Sibborn, from Belton (Epworth and Goole); Mr B.J. Thirtle (Grimsby); Mrs S. Thompson (Grimsby) Mrs B. Watson (Grimsby) and Mr D. Young (Grimsby).

Industrial services bought up by RMS

Scunthorpe-based industrial services group Edward Hanson has been bought by the RMS Group in Harrogate for an undisclosed sum.

Hanson, whose turnover is approaching £6m, is made up of six operating divisions – Industrial Services, Vacuumation, Water Jetting, Furnace Wrecking and Environmental Services.

John Watson, new Group Chairman and owner, said: "Edward Hanson Ltd is a major supplier of direct labour hired to a number of major employers in the region. We have some 400 full time employees on our books, rising to 500 in factory/plant downtime when maintenance work is traditionally undertaken."

WATSON: Expanding into Europe

Acquisition talks with the retiring owner John Sanderson began in January. John Black, Hanson's new General Manager, said: "Once the negotiations were completed the finance package was put together in a very short space of time thanks to Barclays Bank.

"It is early days yet but already we are investing significant amounts of money in upgrading our vehicle pool. Longer term we will keep an open mind as to expanding the group through acquiring complementary bolt-on business.

"Also – on the sales front – we are now investing considerable time in developing the export side of our business – particularly with regards to the Continent."

New area for RMS in takeover

THE Harrogate-based RMS consultancy group has moved into the industrial area with a takeover of Scunthorpe's Edward Hanson services group.

The acquisition, made on the retirement of Mr Hanson, was for an undisclosed sum but brings RMS a £6m turnover on contract services work.

RMS chairman John Watson said: "Edward Hanson is a major supplier of direct labour services to a number of big employers in the region.

"We have some 400 full-time employees on our books, rising to 500 in factory and plant downtime."

The management buyin, as the takeover has been called by RMS, was funded by Barclays Bank Commercial Services.

Acquisition opens up new markets

MAJOR Scunthorpe company Edward Hanson Ltd has a new management team in place and has just bought the stock, assets and goodwill of a Hull-based firm.

Hanson, which employs 400 people, was purchased last June by RMS Group Ltd, Harrogate, whose chairman and managing director is John Watson.

He has just appointed David Burgess as managing director of Hanson.

Mr Burgess is perhaps best known locally as the former group chief executive of Clugston, a position he held from 1985 to 1991.

More recently he has been managing director of MultiServ PLC, an international contractor providing services to the steel industry.

He had responsibilities in Central and Eastern Europe as well as the UK and during his time with MultiServ started up new operations in Central Russia and Slovakia.

Mr Burgess has lived in Winterton for ten years and is married with two daughters. His interests include golf.

Mr Watson explained that the appointment was made to provide the necessary level of expertise, to satisfy existing customers' needs, as well as to realise the growth potential of Edward Hanson Ltd.

Financial director

Financial director of the company is Chris Riches. He is married with two daughters and lives in Northorpe. His interests include cricket.

Edward Hanson provides labour and industrial services to the steel industry and a range of other heavy industries.

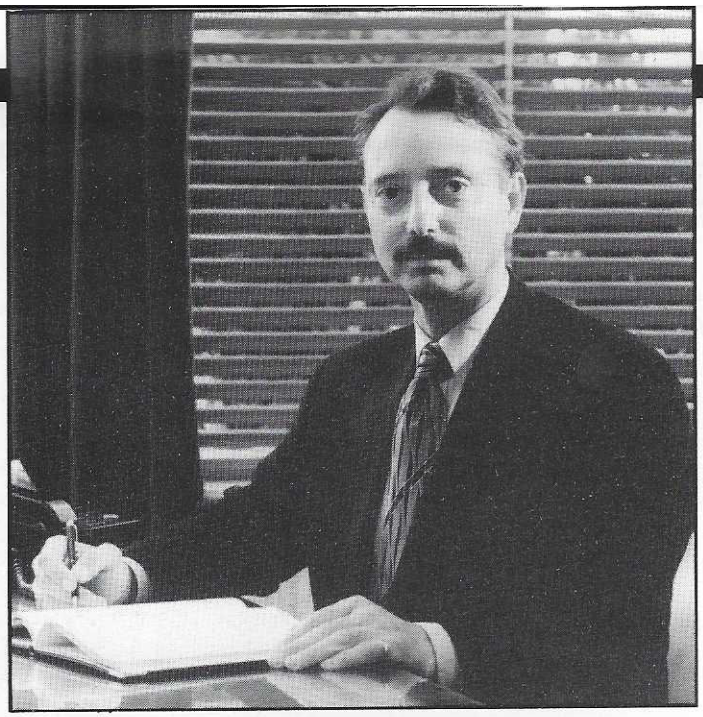

Envirocor, the new acquisition from Hull, specialises in water jetting, vacuumation and environmental services.

Although Hanson is in the same business the acquisition opens up to it new customers and markets on a wider geographical basis.

Industry services group gets a new boss in big buy-out

John Watson, the new Group Chairman and owner of Edward Hanson Ltd, Scunthorpe.

EDWARD Hanson Ltd., the renowned Scunthorpe based industrial services group, has been acquired by the RMS Group in Harrogate.

Hanson's, whose turnover is approaching the £6 million mark, consists of six operating divisions; Industrial Services, Vacuumation, Water Jetting, Furnace Wrecking, and Environmental Services.

John Watson, new Group Chairman and owner of the company, said: "Edward Hanson Ltd is a major supplier of direct labour hire to a number of major employers in the region."

Maintenance

"We have some 400 full time employees on our books rising up to 500 in factory/plant down-time when maintenance work is traditionally undertaken."

Acquisition talks with the retiring owner John Sanderson began in January and were concluded recently when the RMS Group successfully acquired 100 per cent of the share capital.

John Black, Hanson's new General Manager adds: "Once negotiations were completed, the finance package was put together in a very short space of time thanks to Barclays Bank.

Speedy

"Barclays, together with the Barclays Commercial Services, the bank's factoring arm, provided a speedy, efficient and helpful service at what can often be a difficult final hurdle during a company acquisition".

Duncan Scott, Assistant Corporate Director, Barclays Bank (Yorkshire and Humberside) commenting for Barclays said: "Given the diversification of Edward Hanson Ltd. and the strength of the business plan put forward by the RMS Group, Barclays were pleased to be able to help in the acquisition by putting a finance package together to enable the purchase of the company and to support working capital requirements."

When questioned about future plans, John Black added: "It is early days yet but already we are investing significant amounts of money in upgrading our vehicle pool.

Expanding

"Longer term we will keep an open mind as to expanding the 'group' through acquiring complementary bolt-on businesses.

"Also on the sales front we are now investing considerable time in developing the export side of our business, particularly with regards to the continent." ■

Managers clean up deal by buying Edward Hanson from RMS Group

Wilfrid Pickard

EDWARD HANSON, based at Scunthorpe, which provides cleaning and maintenance services to the steel and other heavy industries, has been acquired by the management from the RMS Group of Harrogate.

The EH managing director, David Burgess, and the financial director, Christopher Riches led the transaction, with equity and loan support provided by Joseph Wright and his company Hockley Investments.

Mr Wright has joined the Edward Hanson board.

Another recruit as director is Alf Burton, based in Rotherham, who will seek to extend the company's customer base in South Yorkshire.

Both the new board members have extensive experience in the relevant industries and are committed to extending the area and client list for which it works.

The company employs 400 staff and its annual turnover is £7.5m.

Mr Riches said that the new board wants to expand the company's operations. Prospects look good, he said. "We have received a flood of new enquiries, including one from Austria."

Occasional work has been carried out on the Continent in the past, but Mr Riches considers that there is now a real opportunity to obtain more business there.

The business was started in 1962 by Ted Hanson, no relation of Lord Hanson.

It operated mainly in Scunthorpe, and its original activity was in the demolition of steel furnaces.

For that purpose it held an explosives licence. The firm suffered the loss of its founder and leading personage when Mr Hanson was killed in an explosion in 1964.

Since that time it has had a number of owners culminating in its acquisition by the RMS Group in June 1994, which has relinquished ownership to the management in less than two years.

Mr Riches said that the company no longer uses explosives, but it does still undertake the demolition of steel furnaces, when required, and it is currently quoting for such a job.

Reflecting the sharp decline in furnaces in the UK from 60 to under 10 during the last 30 years this activity is now relatively rare. Hanson's last furnace demolition contract was in Scunthorpe in 1992.

Edward Hanson owns one of only two furnace demolition machines in the country which is clamped to the inside of the furnace to remove the brick lining.

Any subsequent rebuilding of the brick lining is then handed over to another firm.

Now its work is mainly cleaning and maintenance for heavy industry.

That is labour intensive and Hanson provides its own heavy duty machinery such as water jetting equipment and heavy industrial vacuuming cleaners.

The value of the present deal has not been disclosed, but a bevy of Yorkshire professionals was called in by both sides to advise on the transaction.

Accountants Garbutt & Elliott played the most prominent role.

Its York office acted for the vendors and was ranged against its own Leeds office acting for the management team.

The legal aspects were handled by Pinsent Curtis for the vendor with another member of the Leeds legal scene, Bentley & Co, acting for the purchasers.

Stressing spirit

by Kathryn Hansbro

A JET SET lifestyle, a home in France and an annual company turnover of £7 million may be some people's dream, but Harrogate businessman John Watson left it behind to run a spiritual development centre in Summerbridge.

John, 47, was a successful financial consultant with 25 years of experience in the business world. In 1994. he bought out the Scunthorpe company Edward Hanson for £1.8 million.

But in 1996, John left the world of high finance and bought Dowgill Farm in Summerbridge. His aim was to teach personal development — concentrating particularly on eliminating stress from people's lives.

John's business career began in 1971 when he worked at Comben Homes in Bristol as sales negotiator. He quickly graduated to sales manager and in 1975 he was promoted to regional director. By the time he left in 1980 he had 19 staff working for him.

He joined Abbey Life in 1980 where he became a self employed consultant for the company – by 1985 he was earning £85,000.

Although his hard work meant he was able to afford a lifestyle many would envy, John still felt something was missing from his life.

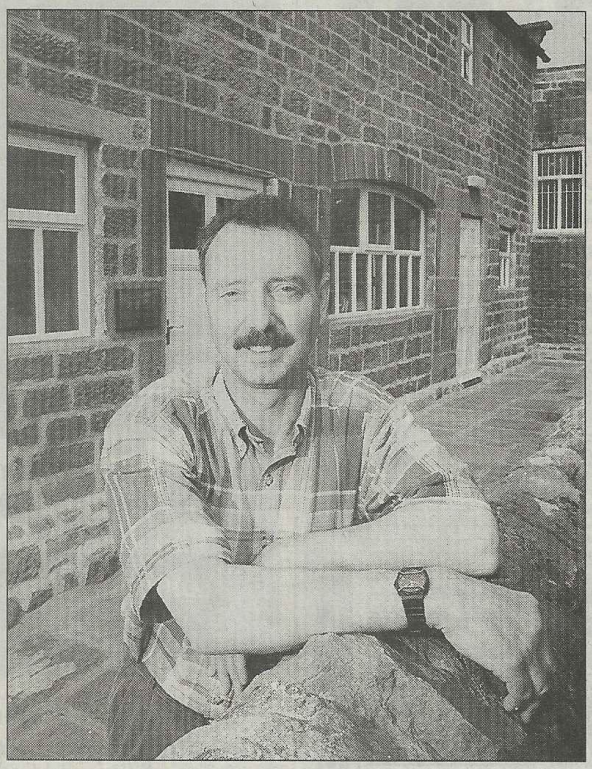

EXPENSIVE

He said: "At the time I was buying expensive cars and learning to fly helicopters – some would say I was living the life of Riley."

In 1985, he decided he no longer wanted to be a salesman for one company's product and would rather be a broker. He said: "I'd gone out to Hong Kong on a convention, arrived back off the plane and announced I was leaving."

He bought into independent financial consultants Crawford Watson and later joined Sun Life as financial consultant. Although he was successful, he confessed: "I didn't really enjoy it – it was like trying to push a big boulder up a hill. Although you knew life assurance was good for people, that having an income at retirement was necessary, most people didn't want to spend money on those things, so you met a lot of resistance."

In 1987 his marriage failed and John moved to Harrogate, leaving his two young daughters behind in Baildon near Shipley.

■ **Principal of the new Personal Fulfillment Centre, Mr John Watson, at Dowgill Farm near Summerbridge. (P2361)**

He said: "I was feeling very empty and was buying things to replace the emptiness. I didn't have a breakdown but I was very unhappy. I was searching for something which I couldn't find, the problem was inside me, not out there."

During the time he was alone he began to do a lot of soul searching. One evening, although not religious, he had what he could only describe as a religious experience. John said: "A little voice in my head told me I was down here to do something and it was about time I got on with it."

John added: " I decided over the months that followed that I did not like where I was in terms of what I was doing for a living."

Influenced by Richard Gere's character in the film, Pretty Woman, John decided he wanted to be in control and set about planing how to buy and sell companies.

In 1993 he had established the management consultancy RMS group and in1994 RMS bought Hanson.

In 1995 John qualified as a Reiki healing teacher, an ancient laying of hand healing technique and has helpled many people as a result. He will be teaching Reiki at the new centre.

John became interested in spiritual and personal development and read a lot of books on the subject.

He decided what he really wanted to do was to teach personal development.

Selling Hansons for a large profit enabled him to buy Dowgill Farm and convert it into a teaching centre.

His aim was to get on with the dream he'd had three years earlier. He said: "I'd always been interested in teaching personal development."

John's courses are concerned with getting rid of stress completely, not just managing it.

He said:" This is not easy but possible; people can enjoy every moment of their life without anxiety."

He added that concentrating on current problems only serves to make them worse.

John said: "I have been through all the problems that I talk about, such as divorce, high levels of debt and depression."

PROBLEMS

He said most people concentrate on their immediate problems, whereas they should learn to focus on what they want out of life and live their dream.

John said: "I'm living life on my own terms in that I'm where I want to be. I'm in twelve and a half acres of beautiful North Yorkshire countryside. I've planted 1,200 trees, so it's going back to nature.

"The centre is beautiful and I'm teaching what I'm interested in. The information I'm giving is of immense value."

The farms outbuildings have been converted to hold 40 people. As well as holding personal development lectures John is hoping corporate bodies such as banks might wish to make use of the centre.

Reflexology, aromatherapy and meditation classes may also be held at the centre.

Weekly workshops start on September 4 and there will be one day seminars, starting on October 4.

Anyone requiring more details about the courses, including availability and prices can contact John Watson at Dowgill Farm on Harrogate 780467.

Above: Having shown the management team how to do an internal 'buy out' of Hanson's from my Management company RMS Group I semi-retired to a farm in North Yorkshire. After acquiring the farm, whose buildings date back to 1679, I converted one of the barns into a conference centre. Which I used to hold personal development courses / seminars and used the conference centre to teach Reiki energy healing.

I want you to understand that what I am about to reveal about Patton West's use of the occult (hidden knowledge) is totally one hundred percent validated by quantum physics. In other words just because 99% of the population is not versed in the basics of quantum physics does not mean this paradigm is not real. It just means most are ignorant of this information.

Before I share some information as to how what Patton West is doing let me I want you to understand that both I and Patton West were using what physicists call quantum entanglement. I use it to heal and improve people's lives whereas Patton West used it to feather her own financial nest. To be clear she has used this knowledge to rob, defraud, extort and embezzle from countless victims. And use the same 'technology' injure, make ill and to murder those who opposed her delusional view of reality.

After a long study course I journeyed to Bali in 1996 where I was granted Master level in Reiki healing. Upon my return to the UK I started to teach it as my farm / conference centre. Here are some photos of my conference center and some of the students I taught.

Above row from left to right. My conference centre and far right yes I had a helipad and yes I had a license to fly helicopters. Something I returned to briefly in Canada in 2010 / 2011 when I ramped up another 50 or so hours in jet rangers. Without going in to too much detail one of the modalities I taught was 'absent healing.' Put simply separation is an illusion we are all connected. Think of it this way a drop of water is part of the ocean. Individual drops of water maybe falling as rain or turning up on a beach. The fact is we are all one consciousness. That being said we are all connected. We are all quantumly entangled / connected. To perform an absent healing all we need is the name and address or better still a photograph of the target. The target can be on the other side of the planet it makes no difference as 'distance' is an illusion. I use certain symbol for sending Reiki 'absently' and the recipient feels the energy arriving and the 'healing' session happens. I was doing this for years and I got very good at.

One phenomena that occurred was I had a phone call from the other end of the UK wanting to book a course with me. While listening to the caller I smelled what seemed to me to be a roast dinner being cooked. I asked the caller if he was making a roast dinner and he said yes we are about to sit down to dinner.

He asked how I knew and I told him that I could smell it. If I do not hear from a relative for a while I focus intently upon an image of them (in my mind) and most times I get a call from them within two days. Because we are quantumly entangled my thoughts pass to them instantly. There is no delay. The point I want to get is that what I am saying and what Patton West is doing is verified by quantum physics. This is not woo woo it is physics.

Patton West takes this to a whole another level. Because of her excessive use of banned drugs and what she learned while attending the 'Robert Jaffe school of Energy Mastery between 1990 & 1991 she delved way deeper into the use of energy than I did. This is my understanding of what she is doing but I may not be 100% accurate but for our purposes this will do. Below here are two images from Google Images….

These individuals are using virtual reality tech to manipulate data. The left hand picture is probably a gamer the right hand one is more of an office setting. This tech is available to the public. The really advanced tech is used by the military and the large tech corps. This tech works in our 3D environment. What Patton West is doing is at another level in that because of what she learned taking prescribed drugs and while attending the Robert Jaffe School for Energy Mastery enabled her to access the lower astral planes (4D) which operate at a higher vibration than 3D. The laws of physics are different there. Put simply while gamers here use their VR goggles to manipulate data Patton West is able to do it with her mind while operating in 4D. What she does there is to create 'programs' which she then 'attaches' to an individual. Like computer programs here in 3D if x = y then z happens.

So let me talk about my situation. I have been exposing her crimes for nearly a quarter of a century. The exposure drove her out of Montana and shut her down in Arizona. I have been trying to get the authorities to investigate multiple convenient deaths, thousands of acts of 'terrorism' and a 35 year career in Racketeering. Patton West's response is to set up a number of 'programs' linked to me. So for instance if I am working on my computer sending emails to the FBI, the Police, the State Governments within a couple of minutes of me starting that work I am suddenly the recipient of a psychic attack. Like I said it is a program. There is no way she is watching me 24/7 so the only logical answer is that these terrorist attacks, because that is what they are, work automatically. In other words if john Watson's actions are a threat to her criminal business model the program immediate operates.

So every time I have appeared in court or when I was deposed I was under attack. In those circumstances the dominant attack results in 'brain fog or a severe headache. So Ryan I know I 'um' and 'err' but not to the extent shown in the written copy of the deposition. So in addition to having these two idiots sat opposite me pounding on their computer keyboards with the obvious intention of distracting me I was also being attacked by a couple of her 'programs.' It is the same for her employees who take her to the employment tribunal. I suspect that Carlida Finch, Rebecca West and Joseph Costantino were subject to the same treatments as well as having many of her cult 'liars for hire' turn up to give false evidence on Patton West's behalf.

Now all of my energy work was to heal people and help them through difficult health issues. Patton West is a psychopath a triad personality. Think Jack the Ripper level. Her use of the knowledge she has acquired was not put to humanitarian purpose but used to line her pockets at the expense of every one she met. I am 100% convinced she has murdered several times and recently she admitted "murdering several for the good of humanity."

The CIA and intelligence agencies have the same capabilities. They create 'Manchurian Candidates' sleepers who are programmed remotely to carry out serious crimes. Lone shooters for example.

It appears from what Rebecca West (Patton West's office manager in 2007 – no relation to Patton West) that Patton West is able to insert her consciousness into that of her victims. This explains Rebecca's comment that she seems to know what Rebecca was thinking. I believe this is true but unlike Rebecca I do not worry about her 'remote viewing me' as I want her to know that her reign of terror is about to end.

I could go on and on about the physics behind what Patton West is doing suffice to say separation is an illusion albeit a very pervasive one and that thought and intention travel instantly, no delay, across vast distances. The problem with low IQ psychopaths like Patton West is their egos are always their undoing. Which is why when giving an interview to Be Scofield in 2023 I think she bragged about getting away with multiple murders.

Another aspect of the psychopath's / triad personality is that they have huge delusions of grandeur. In Patton West's case she masquerades in public as a minor deity and uses her ill-gotten gains to project an entirely false persona to the public….

SPIRITUAL NAME

Mataji Rishi

Devra Surya Sai Adi Maa Durga Devi

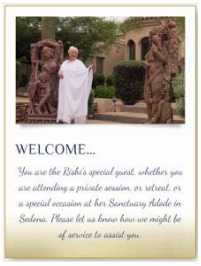

LIVING THE DIVINE LIFE

Emergence of a Lotus Born

Rishi Devra's path of awakening has moved from an enriched epic of life experience that has encircled the globe. Regarded as a 'Lotus Born Soul' by pundits, yogis and elders, she retained her sense of divine presence from birth and even as a toddler was cognizant of incarnating into a physical body with a higher destiny to fulfill. Her link to the divine worlds was encouraged by her paternal grandmother, a devout charismatic healer and clairvoyant, who taught her to navigate the spirit world of masters and angels throughout her childhood, with past life recall and the ability to see into the future as her commonplace occurrence.

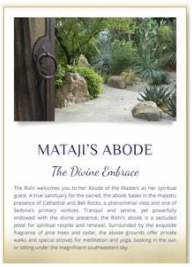

She received her first spiritual initiation at the age of seven, being spontaneously flooded with wave after wave of light, experiencing the direct presence of the Great Masters. Enveloped in divine illumination for many days thereafter, she received her "call to serve the world." Throughout adolescence, Rishi Devra continued to receive the ageless wisdoms from the hierarchy of spiritual masters, who gave her an in-depth understanding of the soul's universal existence and the malleable fluidity of reality.

WELCOME...

You are the Rishi's special guest, whether you are attending a private session, or retreat, or a special occasion at her Sanctuary Abode in Sedona. Please let us know how we might be of service to assist you.

MATAJI'S ABODE

The Divine Embrace

None of the above is real it is all a massive fraud all lies apparently allowed for under religious freedom laws. Even though Patton West has a 35 year record of organized crime. It speaks to how powerful a criminal she is that she has remained out of jail after 35 years of Racketeering in NM, MT & AZ, thousands (yes thousands) of terrorist attacks against scores or hundreds of victims and several murders she has recently admitted to.

Then there are 4 or 5 failed attempts to murder me. Fortunately Reynolds announced my impending murder to Constance See the Bigfork Eagle news reporter on August 9 2007, Constance took the threat seriously and she passed that on to John Nielson an IRS criminal investigator who was investigating Patton West as a result of my sharing with him what I knew.

By the time John got to looking at the files at Patton West's compound she had already shredded most of the incriminating documents. Fortunately I have audio statements from two of her employees affirming that her staff were told to shred incriminating documents. Go here and here for audio and written statements from employees.

Maybe you beginning to understand the enormity of Patton West's crimes? Senior cult member Geoffrey Reynolds announced my impending murder on August 9 2007 to a local newspaper reporter while being interviewed 'on behalf of his employer Patton West. When I refused to be intimidated Patton West turned her attentions to my wife and daughter. The terrorist attacks have now been going on for approximately 19 years!

Now please read on…

The following journal started September 2024.

Wednesday 4th September.

I am woken up at 2.30 / 3.00 am every night / early morning. My wife and I go to bed at 6.00 pm every night to get some sleep before we are woken up. Diarrhea onset twice during the daytime. No organic reason for this and because the diarrhea was preceded by very loud hissing it was obvious I was under attack.

At bedtime. Once I got into bed I was attacked again with the psychic rape attack / prostate attack. This attack leaves one sore and difficult to pee / urinate. This kind of attack started in mid / early July and has continued ever since. I have a prescription of Tamsulosin from the doctor that make it possible for me to pee when my prostate is swollen and my urethra is closed. I suspect this attack is designed to wreck my kidneys.

Thursday 5th September.

Early 'wakeup' call at 2.30 am.

Frequent attacks throughout the day all preceded by loud hissing. In my own case attacks were to my head, heart and the occasional stabbing pains in my left leg. Due to nightly prostate attacks it is difficult to pee / urinate throughout the day unless I take the pills mentioned above. My wife had Guillain-Barre syndrome when she was 15 years old which wrecked her nervous system. Patton West seems to know where the weak points are in her victims and targets those. The attacks to my wife's nervous system result in great pains to her nerve endings in feet and hands. My wife has pain killers of various strengths to counteract these attacks. It was my wife's 65th birthday today.

We both went to bed at 6.00 pm ish. We both take sleeping pills, melatonin and marijuana (in coconut oil) without these aids we would get little or no sleep.

I was attacked the instant I got into bed. The rape / prostrate attack. This went on for 3 hours. The only way to mitigate this attacks is to constantly move / wriggle around in bed moving ones buttocks around as though you were trying to avoid the advances of a real person in bed with you. It was between 10.00 and 11.00 pm that I finally drifted off.

I have learned, over the past 15 years or so, that occult practitioners can set up the equivalent of software programs. So Patton West apparently does not have to wait until we go to bed. They set up a program that goes like this. If target 'A' goes to bed then attack 'B' commences immediately. I believe there are at least three programs running with myself. When I lay down in bed the prostate attack begins within minutes. When I sit down on a chair the prostate attack begins within minutes. When I use my computer to write emails or to update my websites then within minutes I have a headache. I choose not to live like this anymore knowing my wife and daughter are experiencing the same but the attacks are focussed on their weak points.

Friday 6th September.

Woken up at 3.30 am. Loud hissing. Dozed off for a few minutes.

At 4.15 am I awoke again. There was a loud hissing. Upon waking up I tried to move and found I was paralyzed i.e. could not move at all. I realized that I was under attack again by Patton West. The loud hissing was a give-away!

This was a repeat of the August 2007 attempt to murder me by Patton West and exactly what Tucker Carlson endured.

This was the murder attempt that Reynolds referred to when he announced my impending death in an 'off the record' discussion with Constance See, the Bigfork Eagle news reporter.

Constance passed on the threat to John Nielson the IRS investigator. However unlike the August 2007 attack which was very hard to break (I nearly did die then) this attack was much easier to break. With a little focus I was able to break the paralysis and rather than risk going back to sleep I got up.

At 5.00 am that day (Friday 06 Sept 2024) I started typing this note. At 9.15 am I was the subject of the rape / prostrate attack (ongoing) and sharp pains in my head ongoing.

I took a break from adding to these pages as each day is much the same so no point in endless repetition. Just accept the fact that these events have been our DAILY existence now for 18 years.

January 3, 2025. Doubtless because of my increased efforts to get the FBI, Police etc. to act, the attacks have been escalated to a new high. Today I had four different attacks all at once.

A headache, pains in my heart, digestive issues (diarrhea) and attacks to my prostate (Joseph Costantino died of prostate cancer). My prostate has been targeted daily 24/7 since last July 2024.

The attacks to my heart manifests as though I have a bruise in my heart. This has been a favourite attack of Patton West's for 18 years. However I am an ex-marine I do not scare easy and after 18 years of this crap I realize that most react to these attacks with fear and run for the hills. Not me.

So to carry on.

January 3, 2025. My wife Lisa was subjected to one of the most draining attack in Patton West's arsenal. Did you see the film the 'Witches of Eastwick' in which the nagging wife is the subject of an occult attack by the Jack Nicholson character. In the film the nagging wife starts retching then starts vomiting up frogs or toads. That did not happen to my wife.

What did happen is that she began burping uncontrollably and then had to rush to the bathroom where she proceeded to empty her stomach contents. Additionally for the next hour she had to walk around with paper towel in her hands to soak up the uncontrollable amounts of saliva that suddenly started pouring into her mouth. We call it the 'burping attack.' This attack is draining both physically and emotionally. It took her three days to recover. My daughter Alex has been the subject of this particular attack several times.

January 04. I came under the same attack however because I was forewarned after observing Lisa the day before I quickly took two Gas-Ex pills and that mitigated the attack. Again my daughter Alex has been the subject of the 'burping' attack on multiple occasions. During the attack she walks around her apartment or office with a glass in her hand and spits the flow of saliva into it.

Add to all of this the fact that my wife and I are woken up continually throughout the night. The only way we get any real sleep is to drug ourselves up each night with melatonin, over the counter sleeping pills and Valerian root.

January 08. My wife Lisa was subject to the same attack as on January 03. The results were the same. Burping uncontrollably and then she had to rush to the bathroom where she proceeded to empty her stomach contents. Additionally for the next hour she had to walk around with paper towel in her hands to soak up the uncontrollable amounts of saliva that suddenly started pouring into her mouth.

January 09. My turn same attack but again my swift taking of the Gas Ex pills brought the same outcome. No vomiting but a steady flow of saliva for an hour or so.

January 10. My wife Lisa was subject to the same 'burping' attack as on January 03 & 08. The results were the same. Burping uncontrollably and then had to rush to the bathroom where she proceeded to empty her stomach contents. Additionally for the next hour she had to walk around with paper towel in her hands to soak up the uncontrollable amounts of saliva that suddenly started pouring into her mouth.

January 11. My turn again same attack as on 04 & 09 but again my swift taking of the Gas Ex pills brought the same outcome. No vomiting but a steady flow of saliva for an hour or so.

January 12. Patton West knows when I am updating my website or writing about her. Again I doubt she is watching us 24/7 more likely she has several 'programs' running. So it is no surprise that as I was typing this note out I am under attack again. Today it is massive headache and the burping attack as noted above on multiple occasions.

January 13. My wife Lisa had an OK day today.

For my part this morning I sat down at my computer at 9.00 am to send some emails and was immediately subject to the prostate attack. That quickly changed into the Shamanic rape attacks which I describe in the main briefing document. Basically if you are sat down on a chair with your weight over your prostate it feels like I have a small zucchini up inside me that keeps moving up and down. Patton West's objective is to simulate HER raping someone anally against their will. Patton West gets off on being able to humiliate her victims knowing that a) there is little or nothing they can do (without taking up arms in self defense) and b) she hopes the victims will be so traumatized by the experience they will back off from seeking justice, going public or dissuade them from going to law. This is a new experience for me (rape / anal sex) but my time in the marines and the training I was given to resist violent intimidation helped.

January 14. This morning my wife was subject to the 'burping' attack again. It went on all day. She experienced excruciating pain in her stomach which continued until she went to bed at 7.00 pm in the evening. For my part I sat down at my computer at 9.00 am and within 10 minutes I was subject to another the attack against my prostate. Basically if I sit and use the computer to write and send emails or update the websites I am immediately subject to that attack. In other words I cannot use my computer without being attacked all day and all night. Clearly this cannot be allowed to stand. I have quickly come to understand that there are two versions of the rape attack. The first described above is a full on rape that continues until you are forced to orgasm and the second kind of attack where for most of the day I am forced to walk around with the strong feeling there is a small zucchini inside my rectum that stays there most of the day / night. This second version of the attack does not have any movement up or down inside my rectum however after several hours I feel as though my prostate is badly bruised.

January 15. My wife and I eat very little as we have got into a place where we expect these 'burping' attacks daily. This morning we both took Gas Ex pills because we thought we were under attack but nothing materialized. Unfortunately my wife Lisa had the 'burping' attack that evening quite bad. For my own part I was chased around my bed for several hours by whatever entity Patton West uses for the rape / prostate attack. No forced orgasm but a very sore prostate the following morning and very little sleep.

January 16. My wife Lisa had the burping and diarrhea attack this morning. It started at 9 am and she began to recover at about 3 pm. This morning I was subject to what I thought was the rape / prostate attack with the intention to make me sore down below but it turned out to be the Shamanic rape attack with a forced orgasm.

January 17. After 20 minutes this morning I could not sit down in a chair because of the attack to my prostate. This continued until about mid-day. My wife had a peaceful morning but had more attacks to the stomach in the late afternoon / evening.

I believe her gut biome has been wrecked by the attacks and the medication taken to mitigate the effects of the attacks. Again we go to bed at 6 pm so as to get some sleep in before our nightly wakeup call at 3 am.

January 18. For myself. Every time I used a keyboard I would get attacked in the bottom (prostate) and could not sit down. So to write emails or use my computer I had to stand up and use the kitchen work surface which was at the right height. As stated before I do not think Patton West spends 24 hours a day 'remote viewing me. I believe that she sets up the equivalent of software 'programs' for each of her targets. So because she is desperate to stop the truth getting out she sets up a series of programs. So if 'condition' (a) occurs (I get on my computer) it automatically sets off 'program' (b) an attack to my prostate. Ditto if I lay down in bed at night to go to sleep that 'condition' being met 'program' (b) results in an attack to my prostate. etc. etc. I said elsewhere that the response is sometimes within 3 minutes. Actually the response can be within 30 seconds so it has to be a 'program.'

In this way she can set up dozens of 'programs' as required depending on whether she wants to slowly murder someone (Joseph Costantino prostate cancer or Lisa Swidler internal bleeding). Or intimidate someone into remaining silent after being robbed, defrauded or violently assaulted (me and countless other victims). This may all sound crazy to the uninitiated but we live in a magnetic / electric universe. We are magnetic / electrical beings so like phone and computers we can be hacked. What Patton West is doing is physics not yet understood by main stream science.

My wife Lisa. Intestinal pain recovering from the most recent 'burping' attack.

As an example Rebecca West, Patton West's office manager in 2007 wrote to me in an email entitled 'Help Me' wherein she said she was woken up at 3.00 am each morning with a feeling of dread. This was at the time she was sending me a series of emails about what was going on inside the cult. In the same vein one of Patton West's neighbours Michelle Fetveit told me in a phone conversation (she said I could record) that she too was woken up at 3.00 am each morning after she and Patton West got into a dispute over water rights. The water belonged to Ms. Fetveit but as with everything else Patton West wants she just takes it. The recording is 'wave' file so has to be downloaded from the link and played. My point is this I have never met Rebecca West or Ms. Fetveit but they are both mirroring my experience to a greater or lesser degree as I am sure have countless other victims.

January 19. I woke up just before midnight on the 18 January with loud hissing. Got up for an hour. Went back to sleep for a couple of hours and woke up at 3.10 am on the morning of the 19 January. The hissing was so loud sleep impossible. The hissing is not just a noise that one hears in their head all day and all night. At night Patton West sends a frequency to the targeted individual designed to wake them up from sleep. We have all heard of alpha, beta, theta brain frequencies. Theta is the frequency for sleep. If Patton West sends the wrong frequency at 3.00 am the target suddenly becomes wide awake. How is this possible? Just as with cell phones if someone has your unique number they can call you from anywhere on the planet.

All Patton West needs is a photo and the name of the target she wishes to attack / influence / manipulate. She admits to using Shamanic Visioning to achieve her attacks.

My wife Lisa. Nothing to report.

January 20. Lisa nothing to report. For myself prostate attack all day since waking up at 4.55 am this morning.

January 21. Woken up at 3.30 am to loud hissing (my wakeup call). Watched some YouTube until my bottom got too sore to sit down. Tried to sleep in the afternoon. I am typing this at 4.00 pm however because I have been using the keyboard and my computer I was heavily attacked in my prostate. After about two hours of getting sore I finally gave up with the computer. The idea that a criminally insane narcissist thousands of miles away can 'control' my TV / Computer usage is totally unacceptable to me.

My wife Lisa had a quiet day.

January 22. Woken up at 3:10 by the hissing. It is my early morning call from the Occult Psychopath. I could not meditate or do Yoga because of loud hissing. The loud hissing always precedes the attack on my prostate. This particular attack continued all day.

I had a bath late afternoon and while laying down in the bath became aware that the prostate attacks had turned into a sexual attack. I was being penetrated. So I got out of the bath! The psychopath / occult killer relies on the fact that no one would believe any of this. She also relies upon the fact that victims would be too ashamed / fearful of ridicule. This is why Patton West has gotten away with her crimes including multiple murders for 33 years. Clearly law enforcement / judiciary seem incapable of dealing with Patton West's crimes. In reality scores or even hundreds of victims and several dead have been abandoned by those charged with protecting them!

My wife Lisa had an OK day.

23 January. Woken up at 4.10 am by loud hissing. Could not go back to sleep. My prostate targeted all day. Hard to sit down for any length of time as my bottom extremely sore.

My wife Lisa had another OK day.

24 January. Woken up at midnight on 23 January. Could not go back to sleep because of the loud hissing. Had a meal at 2.00 am today (24 January). Tried to do Yoga after the meal. This involves lying flat in bed. Hissing too loud so abandoned that idea. Stayed up and edited some audio tracks about meditation. Did that until my wife got up at 7.00 am. The hissing got louder and the 'bottom' attack got more forceful. The idea that this bitch can decide from a distance what I can watch on TV or how I use my computer is beyond the pale. This has happened to scores or hundreds of victims over the past three plus decades. Law enforcement and the courts cannot or will not deal with someone this evil. Now I have lined up a mountain of compelling evidence maybe they will do their jobs and seek to protect the public from this 'apex' predator.

25 January. Woken up at 4.00 am. Hissing really loud could not go back to sleep. Stinging sensation in prostate I guess that was the overnight target. Got up surfed YouTube etc. Attack increased all morning. Mid-afternoon attack to my heart started and persisted until 6.00 pm (bruised feeling around my heart as experienced hundreds of times over the last 18 years). Currently my head is being targeted. Spikey headache pain on the right side of my head.

My wife Lisa had a good day (thus far). Though like me she hears the constant hissing which elevates at bed time. We were both in bed reading and both of us realized that we were each being targeted with the 'burping' attack. Fortunately we now know the drill and both took extra strong Gas Ex pills which seemed to mitigate it.

26 January. Both Lisa and I had a reasonable day. Apart from the hissing all day and the 'wake up' call at 3.00 am. we go to bed at 6.00 pm to get some sleep in before 3.00 am

27 January. A very unusual day. Same wakeup call but went back to sleep until about 4.30 am. Worked all morning standing up as could not sit down. In the afternoon I tried editing some audio books that needed MP3 tagging. Basically the psycho women seemed to take control of my computer. It kept crashing and any work I did disappeared or got erased. Very frustrating. If you think this is hard to believe then I suggest you read what happened when they arrested 'John of God' in Brazil. John of God being another Occult criminal like Patton West. Below here is a link to that bulletin containing statements from the Brazilian police telling the reporter what happened to their computers when they arrested John of God.

'Supernatural' events terrify police while interrogating celebrity medium John of God over sexual abuse claims as computer 'takes on life of its own' and electrical appliances short circuit

28 January. I was woken up at 3.10 am. Tried to go back to sleep but the hissing made it impossible. Got up did some work on the computer and watched some YouTube.

I had a reasonable day until 6.00 pm when both Lisa and I were subject to the 'burping' attack. We both took two Gas-Ex's each and hopefully that will head off the worst of the attack. Lisa been in pain all day with her nerves right shoulder and right leg. Doubtless her pain and suffering caused by Patton West who, if she cannot intimidate her target will go after the targets loved ones.

29 January. A day of continuous hissing (louder than normal) attacks to my head, groin and the beginnings of a 'burping' attack headed off with medication.

30 January. Pretty normal day for me. Wake up at around 3.00 am. Attacked in the groin all day and my wife Lisa had another neurological attack.

January 31. I was woken up at 3.03 am so got up and did some work. As soon as I got on the computer the prostate attack started. It continued all day even while I was out driving around the shops. It is now 6.00 pm and I am being attacked in the groin and my wife is experiencing a similar attack in the same area.

February 1. Woken up at around 3.00 am. Managed to get back to sleep for a while. Got up at 4.30 am. Pain around my groin (the usual prostate attack). As I got into the day the awareness of the pain around my groin diminished. Early afternoon started to get the 'spike' attack in my legs. The best way I can describe this is as though someone shoved a 5 inch acupuncture needle into my leg. It is not so much the pain but the shock. This happened several times. The other 'attack' that occurred was like experiencing a large bang. But the 'bang' was not coming from outside of my body. It was as though a long muscle or ligament in my neck suddenly became unstuck and moved suddenly. The bang is because whatever was happening was close to my right ear. Again meant to shock. It is now 4.10 pm and the pain in my groin is such that I have taken some pain killers.

Went to bed at around 7.30 pm. Wide awake at 11.45 pm. Hissing so loud I stayed awake until 6.30 am on 2 February and got up.

My wife's ovaries under attack this evening just as my prostate has been all day.

February 2. Low level hissing for most of the day. It peaks every now and again as Patton West launches a new attack or she puts more energy into one attack over others running simultaneously in the background. Groin being targeted for most of the day along with the occasional 'spike' in the head or my left leg. It is now 5.45 pm both Lisa and I have headaches from the attacks so we are going to drug ourselves up and go to bed. Drugs include over the counter sleeping pills that we have been taking for 15 years or so, Melatonin, Valerian, Magnesium etc.

February 03. I was woken up at 3.03 am. Loud hissing. Definitely not going back to sleep so got up and did some work. My wife and I were both subject to what we call the 'burping' attack at around 3.00 pm.

We took some Gas-Ex pills immediately and the worst aspects of that attack (vomiting and diarrhea) and we were just subject to excess saliva flowing for a couple of hours. No dinner for either of us today. I was aware of a low level attack to my groin since I got up at just after 3.00 am. At about 4.00 pm that ramped up considerably. I took a pain pill.

February 04. I was awakened at just after 3.00 am. I got up and did some work. Attack to my groin most of the day especially if I am watching TV or on the computer.

Both my wife and I were on the receiving end of a 'hives' attack. That is to say both of us had the equivalent of 'pin pricks' all over our bodies. Not over every inch just random needles shoved into our skin every few seconds for about an hour.

February 05. Woken up at 2.45 am. Got up and did some work. Low level attacks to groin etc. all morning but things ramped up in the afternoon. My wife Lisa OK today.

I decided there was no point in continuing a daily diary as there is a lot of repetition and this may yet go on for weeks or months. You get the idea of what has been happening to me, my wife and daughter for 18 plus years.

February 06 2025 through to March 09 2025 Rinse & Repeat…

March 10 2025 – Summary…

Since last July 2024 My groin / genitals / prostate has been under attack pretty much daily / nightly 24/7. Apart from being in constant pain I find it difficult to pee because my prostate is constantly swollen with the result that my urethra is pressed closed.

When I try to pee it is painful and I can sit on the toilet for ten minutes sometimes before I get any flow. Peeing is painful. I am not saying this is like a bad tooth ache I am saying it is constant discomfort to the point where it is sometimes painful to sit down. I find if I want to send emails out, any emails whether about Patton West or not, I come under attack. The way I get some relief is to stand up when sending emails of any kind. If there is no weight pressing down on my prostate then I do not get too uncomfortable. I still feel the attack and after a few minutes I start to get a numb feeling around my testicles. It is like a dull aching bruise.

While lying in bed prior to sleep I am a 'sitting' target in that a stationery target is easier to attack rather than one standing or on the move. As stated the only way my wife and I get any sleep is to drug ourselves up with over the counter sleeping pills, valerian, melatonin etc. Leaving aside the two attempts by Patton West to murder me once in 2007 & again in 2023 there has been the constant attempts at intimidation. Since December 2006 both I, my wife and one of my children Alex have been under constant attack by Patton West. That is 18 plus years of TERRORIST ATTACKS directed at me and my family because I chose to go public and tell the TRUTH about Patton West's criminal racketeering gang!

There is constant hissing. When I say constant I mean 24/7 365 days a year. My wife and I can hear it all the time. If we are being attacked (headaches, migraines, diarrhea, vomiting and spike in the legs and arms for example) the hissing gets louder, much louder. I know from speaking to Kendal Haywood that she was on the receiving end of these attacks for many months before she attended the child custody case that she lost. When I was being 'deposed' by Mr. Bartlett he asked me if I knew that Kendal had been diagnosed with mental problems. Is it any surprise that Kendal had mental problems?

The whole purpose of Patton West's attacks was to drive her insane. The same strategy was used against Jamie Haywood at the second child custody case held on July 12 2007. On that occasion Patton West failed to subvert the court hearing.

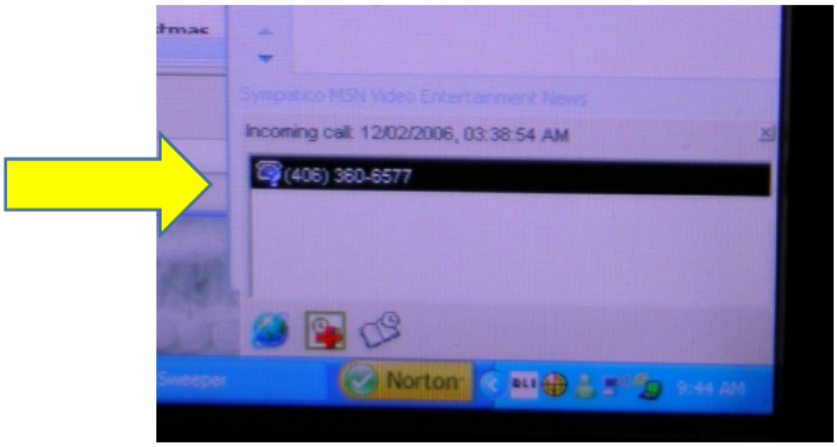

IF THIS IS NOT TERRORISM THEN WHAT IS?

THE POLICE / FBI NEED TO START INTERVIEWING SOME OF THE SCORES OF VICTIMS PATTON WEST HAS ROBBED, DEFRAUDED, EXTORTED MONEY FROM AND VIOLENTLY ASSAULTED!

THIS HAS BEEN GOING ON SINCE 1991!

I had stated earlier that the first occult attack occurred on 26 December 2006 but that was not accurate. In February 2006, some 7 months after moving from Montana to Nova Scotia, I received a telephone call from Montana. I picked the phone up and put the receiver to my right ear.

There was no speech just the sound of the 'Flight of the Valkyries' playing by Richard Wagner.

I listened for a while wondering if there was going to be speech or a message. Then I got a bad pain in my right ear so put the phone down. I have had problems with my right ear ever since. My hearing in the right ear is not as good as in my left and every few months I need to clear out the build-up of wax which never happens in my left ear. I assume that my right ear was damaged by the attack 20 years ago. Surely the phone number in the above image can be traced!

Which brings me back to not knowing what the long term effects are of the daily / nightly attacks. I have been managing on 3 to 4 hours a night for months. Without the Yoga I would be dead. Since last July I have been targeted 24/7 in the groin / prostate. I had a 'prostate' cancer blood test a couple of years ago and had no trace of anything. At some point in the future I will have another test. I remember that Joseph Costantino died from prostate cancer and I am sure he was relentlessly attacked are taking Patton West to an employment tribunal to get what was owed. He only got 50 cents on the dollar but I am sure that episode fell under Jack West's claim that those who oppose his wife had a habit of dying suddenly!

Please understand that while the 'burping attacks' along with the 'rape attacks' have been her go to favourites the daily / nightly less serious attacks continue most every day. That would start with a 'wake up' call every morning at 3.0 am, followed during the day by random headaches, bouts of stomach ache / diarrhea. Spikes in the skin and of course the constant loud hissing.

Now I hope you understand why Patton West rarely mounted a legal defense against most of the civil lawsuits brought against her. Why waste money defending a lawsuit when she was confident that she could either intimidate her victims into walking away empty handed or murder them. If a few out of the tens scores of victims get through and win a lawsuit (like I did) then she appeals the decision knowing a) that she has months or years to continue targeting her victims and b) that she has months or years to manipulate an army of false witnesses from her cult to testify that she is a harmless guru.

Then there is the 'lawfare.' The two Defamation Lawsuits.

I win the fraud lawsuit in 2008 and in 2010. Patton West aided and abetted by Reynolds, served me with multiple defamation lawsuits for telling the truth! Patton West gambled correctly that I had run out of funds to defend her lies. The rest as they say is history.

The whole thing stinks. How is it that a judge could refuse to listen to 44 minutes of recorded evidence (allowed in Montana) when that evidence proved Patton West intended to defraud me. During the recording Patton West actually admits defrauding me but says she does not see herself writing out a cheque for what she owes me. Also included on the recording was evidence and an admission of several other serious crimes committed by her? No wonder Mr. Bartlett, Patton West's lawyer, did not want the judge to include this as evidence. I believe this action resulted in a the 'mis-trial.'

How did Mr. Bartlett pull that off? I have my suspicions but I am not going to elaborate here. All I will say is that Montana is still the 'wild west.'

Patton West admits to attending the 'Robert Jaffe School for Energy Mastery' for eighteen months between 1990 & 1991. Attending that school for occult studies obviously bestowed her with certain abilities. Clearly she has used those abilities to feather her own financial nest at the expense of everyone she has met since. In 1991 she set up a cult around herself in New Mexico and the rest as they say is history. It seems that Dr. Pat Cole MD & Corinne Coffin may have been two of the original members of her cult.

The energy / psychic attacks have been directed at me and my family for most of the past 18 plus years i.e. since December 26 2006 which was shortly after I put up my first website.

Clearly going public with the TRUTH is bad for Patton West's criminal racketeering business model. At our 'private' meeting in March 2003 in Victor MT Patton West stated, and I quote, "It does not matter what is actually true."

What she meant was that the truth was irrelevant if she could persuade the public, the members of her cult and a judge that her lies were their truth! However if someone does tell the truth about what she is doing / has been doing for decades then you become a target for intimidation, violent assaults (as listed above) and murder.

These crimes remain hidden from view and, as stated in the image above, Patton West has plausible deniability which is why she has never been convicted in a criminal court for numerous violent assaults, thousands of acts of terrorism and several suspected murders. It is also why Jack West had the confidence to warn me in 2002 that I would be murdered if I went public with the many crimes I uncovered during my 6 month tenure as her 'business manager.' And why Reynolds had the confidence to announce my murder to the Bigfork Eagle news reporter a week before Patton West's first attempt to murder me in August 2007. Just before I won my fraud lawsuit against Patton West in 2008.

Murder so common place that victims are notified in advance. And murder so common place even Patton West has admitted publicly that she has, "murdered several times for the good of humanity!" Why is this lunatic still free?

Devra says she has "taken a limited number of earthly lives" for the benefit of humanity (source)

My point is this 'Opportunity & Motive.' If Patton West used a gun to murder someone and it was later found out she had attended fire arms training just before the murder the fires arms training could be taken as preparation and intent to use a gun. We know Patton West attended the 'Robert Jaffe School for Energy Mastery' for eighteen months between 1990 & 1991.

It is clear from the mountain of evidence that, since acquiring occult knowledge between 1990 & 1991, Patton West has used that weapon against tens or scores of members of her cult to 'farm' them for their financial resources. And, when a person like myself who cannot be corrupted, goes public with the truth Patton West acts to protect her criminal racketeering 'business model.' Motive enough for intimidation, terrorism and murder.

Although Hollywood and New York and most major cities are riddled with Satanists and Occultists. This is mostly hidden from view. However those paying attention are aware that at every NFL game or Olympic ceremony there is featured an overtly demonic exhibition with scantily clad women and simulated devils and human sacrifices. Most western cities (USA, Canada & Europe) are riddled with tunnels and underground bunkers dedicated to child and women trafficking, adrenochrome harvesting, child scarifying and cannibalism.

I can provide links to documents on the web that back up my claims. What I am saying is that Patton West, though a career criminal and a serial killer, is not a priority at the moment.

The following bulletin, one of many, throws some light on what happened to me after I was recruited by Patton West as her 'Business Manager' in 2002.

https://www.therishi.info/documents/1109.%20MATAJI%20MORON.pdf

In retrospect recruiting me as a business manager was a disguised attempt to get me on-board in any capacity in the hope I would swallow her BS and join her cult. This is the same hidden, unannounced 'career' path that all employees and students face. Like Dr. Pat Cole MD..

https://www.therishi.info/documents/1115.%20Dr.%20Pat%20Cole's%20Journey%20Throught%20Patton%20West's%20Meat%20Grinder.pdf

Like me many were recruited as consultants, employees or students and then on day one the brainwashing and conditioning starts and then after several months you either become a willing low paid or no paid member of her cult or you are fired as an employee, terminated as a 'student,' dismissed as a 'business consultant.' After being ejected from the cult all remaining members of the cult are forbidden to communicate with those expelled / dismissed / ejected. The following bulletin describes the route employees take.

The occult attacks have been going on since December 26 2006. Not just against me and my wife but also against my daughter who lived with us in Montana while attending university in Missoula. To be clear she has been repeatedly attacked throughout the last 18 plus years.

Patton West is beyond evil which is why I refer to her as a berder.

I believe there is more than enough evidence to warrant a RICO investigation. Thirty Three years of Racketeering, Domestic Terrorism and Murder in three western states? Patton West is a clear and present danger to the public as can be seen by the crimes she has committed since arriving in Arizona. Repeating exactly what she did in Montana and New Mexico before that.

Multiple murders may be hard or impossible to prove even though Patton West had 'motive' and 'opportunity' for each of the suspicious deaths and the two attempts on my life. However there is a clear and obvious pattern of criminal behaviour over three decades-plus with many other 'qualifying crimes' that are necessary to trigger a RICO investigation. The only reason this evil creature is not serving life to 100 years behind bars is that she uses her occult weapon (terrorism) to coerce / intimidate victims and witnesses into remaining silent. I am not like all the others.

I have created an aid for the FBI, Law Enforcement & State Federal Governments. Here is a link to 'Rishi the Movie' a 24 part production that should join all the dots.

I would think that the crimes committed by her willing accomplices Reynolds, Williams and Jack West would also be sufficient to trigger a RICO investigation. And as I point out elsewhere Corinne Coffin, a dual nationality Brazilian / American, has funded Patton West's cult / criminal racketeering gang to the tune of approximately 2 million dollars plus. Coffin has been a member of the cult for at least 30 years. Corinne Coffin even passed Patton West large sums of money during the time Brazil had currency / capital controls in place forbidding Brazilian citizens from moving capital outside of Brazil. The funds were sent through an intermediary in New York according to Patton West's bookkeeper.

What follows is a brief glimpse into what Patton West has been doing to me, my wife and my daughter Alex. The following bulletin published last May 2023 by an independent well respected journalist 'Be Scofield' makes it clear that Patton West is criminally insane.

There were no less than SIX websites dedicated to jailing Patton West. The top two are mine. The rest have occurred since Patton West moved into Arizona in 2010 after being forced to leave Montana. Some may not be active as like me the authors would be relentlessly attacked until they took down their websites / postings on social media.

This is just a brief overview of what has been happening to me. The occult attacks started on 26 December 2006 and have continued ever since.

Here is the rest of my diary logging the terrorist attacks against me and my family members…

19 March 2025. Since last July my groin area has been attacked pretty much every day. To be clear if I sit on a chair my prostate / groin / testicles are targeted. It results in me getting so sore it is hard to sit down. I am attacked in the same way while in bed which makes sleep difficult. I am even attacked in the same way while lying in the bath. I would say that 97% of the attacks to my groin are designed to cause pain. Though I classify those attacks as rape because it feels like I have something placed / lodged inside my rectum. The other 3% are out right rapes that end in an orgasm.

08 April 2025. Recently the attacks have increased in tempo and severity. The attacks to my groin have continued and there have been several rape attacks upon myself that ended in a forced orgasm. Again sitting down, having a bath and while lying in bed is when it is worse. If I am moving around the apartment or out for a walk I feel little or nothing. Recently the 'full on' rape attacks have changed.

Now, during the full on rape attacks, I can hear my heart thumping very loudly. Maybe a heart attack is her true objective. Recently another dimension to the attacks has occurred. While I always hear the 'hissing' (the carrier wave announcing an occult attack) in my left ear lately I have started to hear other sounds in my right ear. The most common sound appears to be like a cloud of mosquitos buzzing. Another sound is as though there are strong winds blowing. I have also heard music repeating, one song over and over again. The above is in addition to the regular attacks i.e. diarrhea, gas attacks migraine headaches, sleep deprivation etc.

My wife Lisa reported that four days ago she was attacked in the groin between her anus and vagina. She reported that it was as though she was being scratched badly.

Lisa also reported that, two days ago, she was subject to the full on psychic rape attack. As I type my wife is having a salt bath as a response to the latest attack which is causing her to experience extreme nausea. I guess Patton West is getting desperate.

09 April 2025. Having gone to bed drugged up at 6.00 PM on the evening of 08 April I was awoken at just after midnight at 12:12 AM on the morning of the 09 April. I awoke to hear the hissing incredibly loud in my left ear with the buzzing sounding like a cloud of mosquitos in my right ear.

I got out of bed and immediately realized I was having trouble balancing. I was incredibly nauseous and could not think straight. My eyesight was also misty like everything was out of focus. I walked around the apartment a few times and decided to make myself a cup if tea and eat something to ground me. Over about an hour while watching TV my eyesight slowly improved. I went back to bed at about 1.45 AM and managed to get a couple of hours more of sleep before waking up again at 5.00 AM. I am writing this at 5.45 PM on the 09 April. My wife Lisa is in the bedroom dealing with the gas attack. She is currently belching and expects to either vomit or have diarrhea in the next 30 minutes.

April 28 2025. The last ten days have been bad especially for my wife. I will discuss this on the phone with you.

April 30 2025. The attacks to my groin were followed by three hours of shamanic rape designed to cause pain and humiliation. This on top of migraine headaches, nausea etc. The sound of whirring insects / wind noise in my right ear accompanied by loud hissing in my left ear.

May 02 2025. The worst night so far. The shamanic rape started before I went to bed at 6.30 pm (we go to bed early hoping we will get some sleep). The rape started while I was sat in my arm chair.

I went to bed at 6.00 pm and the rape continued until 2.00 am. This version of 'rape' designed to cause pain. I was very sore when I got up the following morning. The rape accompanied by loud buzzing insect sounds in my right ear. So whirring noise in my right ear with loud hissing in my left ear.

May 04 2025. Attacked at night as per above / preceding.

May 05 2025. Attacked in the groin / shamanic rape all day. Sitting down, having a bath, driving the car all day long the feeling I am being penetrated up the rectum. I am typing this at 6.00pm in the evening. Still getting attacked in anus / prostate.

May 08 2025. All day attack to prostate / shamanic rape. I was sat at the dentists for a 10.00 am appointment and while waiting I could feel my groin / genital area vibrating. It was very subtle but perceptible as an actual physical occurrence. This continued all day. At 6.00 pm local time my wife and I were subject to the burping / gas attack.

May 09 2025. Upon getting up at 6.00 am I perceived that my groin area was still vibrating. At 0900 I turned my computer on and immediately the subtle vibrations went to full on attack to my groin / shamanic rape. I got through most of the day by avoiding sitting down or lying down in bed. By evening the assault / attacks had escalated to the point where in the evening I had to walk around in my apartment without sitting down. After an hour of walking around in the apartment I realised that I was never going to get to bed so I gave in. I sat down and within 20 to 30 seconds I was physically raped which led immediately to an orgasm. I went to bed after that and was tormented for about half an hour before all the drugs I was using to send me to sleep kicked in.

May 10 2025. Attacked in the groin / prostate all day but low key compared to the past few days.

May 16 2025. A repeat of May 09 2025. 24/7 groin attack followed by another rape.

May 18 2025. A repeat of May 09 2025. 24/7 groin attack followed by another rape.

May 22 2025. Another groin / rape attack. The hissing suddenly got loud at 2.30 pm. It became obvious that it was heading towards rape within minutes. I walked around my apartment for two hours. If I stand still. Sit down or have a bath the rape starts immediately. After two hours I thought I would chance a salt bath. No go because as soon as I sit down or lay down in the bath I feel myself being penetrated. I got out of the bath and walked around some more. At about 6.00 pm I decided that I could not do this all night so sat down in my arm chair and was violently raped that led to an orgasm. The whole episode ,after sitting down, must have lasted about a minute. Violent but short lived. I was hoping that was it but when I got into bed I was basically chased molested for two hours before my combination of sleeping pills, Valerian and Melatonin kicked in.

May 23 2025. At 1.30 pm today I thought I was getting a repeat of the previous days performance. I had to stand up and walk around the apartment which I did for a short while. Then I decided to go for a walk as it was a sunny day and I know that as long as I keep moving Patton West cannot focus on her intended target. After 10 minutes I decided that was not a good idea as I was feeling dizzy and weak either from another kind of attack or from the other aspects of her attack to my groin area. Weakness in the legs and dizziness. I got home and much to my surprise the attack to my groin seemed to reduce in intensity. That said I write this at 4.30 pm. Let me see how the night goes. The night was relatively quiet compared to the previous two nights.

May 24 2025. The attack to my groin started in the morning and went on all day it graduated to the rape attack but never quite got there (no forced orgasm).

May 25 2025. A repeat of yesterday in that the attack to my groin started in the morning and went on all day. I had a salt bath and I was penetrated several times while having a bath. As I approached bed time it seemed to ease off and although I had constant energy movement in my prostate it never progressed to a quick and violent rape that led to an orgasm.

May 26 2025. Attacked all day, mainly my groin / prostate. The attack went on all day and as usual could not sit down, have a bath or lay down in bed without being attacked. I went to bed at 7.00pm but could not sleep. I think I got 2 or 3 hours sleep between 7.00 pm and 4.00 am when I got up. I was basically chased around the bed until I got exhausted and then just had to accept what was happening. Which was constant movement inside my rectum / prostate. As long as I keep moving it is OK but being exhausted I eventually had to give up. Very sore the next day.

May 27 2025. As stated I got up at 4.00 am. My groin / prostate was very sore. Took some pain killers and got on with another day of being targeted by the self-appointed 'Regent of the New Americas!'

May 28 2025 to June 04 2025. I see no point in repeating the same attacks day by day. In brief. The attacks to my groin continue daily for several hours. Though I have to admit the full on 'rape attacks' leading to a forced orgasm seem to have diminished somewhat. I have noticed that the attempts to wake me up at between 1.00 am and 2 am in the morning continue. Once awake I have to put on my ear buds and drown out the 'hammering' sound being projected into my head. In other words a frequency commensurate with being wide awake (as opposed to a frequency conducive to sleep) is being beamed into my head – to wake me up and disturb my sleep.

June 11 2025. Started off in the morning with the 'Burping' attack. Got two Gas Ex's in me and that seemed to stop the worst of it. A little saliva running in my mouth and two bout of diarrhea – no vomiting. The rest of the day followed by an attack to my groin. Started off as though it was going to be a rape attack (ending in orgasm) but petered out to just a non-stop attack to my prostate with 'zucchini' feeling inserted into my rectum.

Ditto June 12 & June 13 2025.

My wife and I have been taking a mixture of drugs (over the counter meds) to ensure we get some sleep. The over the counter sleeping pills are not supposed to be taken for long periods of time. My wife and I have been taking them for 15 years along with high dose melatonin and valerian.

On the evening of the 13th June I decided to not take the two sleeping pills (a double dose) to see if I could get off them because I get leg cramps when I take them which keeps me awake for hours and kind of defeats the purpose of taking the sleeping pills.

Long story short having gone to bed at 7.00pm, we always go to bed early as we do not know how much sleep we will get, I was still awake at 3.00 am. Even after taking the melatonin and valerian. The reason why it is not possible to sleep is that my wife and I are being beamed with frequencies designed to keep us awake. Those frequencies are not subtle either. In the middle of the night I can clearly hear loud hissing in my left ear and a loud pounding in my right ear. When I say loud I mean it sounds like I am hearing, in my right ear, a distant diesel engine / generator. Then the last ingredient is being chased around the bed with my hand over my rectum trying to avoid the insertion into my rectum or the outright rape.

15 June 2025. We had a relatively uneventful morning. That is to say I had the 'zucchini' attack in my rectum all day on the 14th June but at a low level of intensity. I guess the berder just wanted to make her presence felt! Of course the sleep deprivation, headaches and the feeling that spikes / needles were being inserted into my legs and arms every now and again is normal daily fare. However at 1.10 pm on 15 June the hissing suddenly got louder for both myself and my wife Lisa – both of us at exactly the same time at 1.10pm. Within two minutes my wife rushed to the toilet and experienced four sudden bouts of diarrhea all within 15 minutes. The latter two bouts of diarrhea had blood in it. For my part I just had the usual rape attack, the zucchini shoved up my rectum. This went on all day and into the evening. It never escalated up into a full on rape ending in a forced orgasm.

June 16, 17 & 18 2025. Each day a repeat of June 15 for me. As for my wife. The burping ? gas / diarrhea attack is the most debilitating attack on the physical and mental body. For the 16, 17 & 18 of June each morning my wife had three or four bouts of diarrhea which included blood. Patton West is a cold blooded killer and as explained if the person she is targeting is strong she will go after the spouse or children. If I had lived in Arizona it would have been hard for me not to have taken direct action.

Of course this is what Patton West wanted in 2007 when Reynolds announced my murder of jailing for reacting to what Patton West was going to do to my wife and children. It seems that law enforcement and the courts have been inept or powerless to deal with some so incredibly evil.

Back to the attack on my wife. I would remind you that Lisa Swidler died suddenly and according to close friends she died of internal bleeding. My wife has bleeding from her intestines after the gas / diarrhea attack.

June 19 2025. As usual for me. Internal rape like a zucchini deposited in my rectum. For my wife it was 24 hours of serious nerve pains. To make it clear my wife had all her nerves on fire and it was excruciatingly painful for her all day. So much so that she broke down and cried a couple of times.

June 20 2025. My wife had the regular attack on her nervous system. Extremely painful. I had the rape attack all day (the zucchini up my rectum but no forced orgasm. Both I and my wife were subject to the 'burping attack' which resulted in copious amounts of saliva running into our mouths and for my wife four bouts or diarrhea with some bouts of blood. For myself I got the Gas-Ex pills into me quickly so I avoided the diarrhea.

June 21 2025. My wife's left eye swelled up very quickly this morning to the point it was totally blood shot. No reason why except the occult attacks from Patton West. For myself I was subject to the rape attack which I thought would lead to a forced orgasm but as I was standing up using my computer it never quite got there and as soon as I got off my computer the attack subsided. My wife and I went to bed at about 7.00 pm we never know how much sleep we are going to get. Tonight was a case in point. At 10.30 pm I awoke with the loud pounding in my ears. The frequency Patton West uses to wake her targets out of sleep to wide awake in seconds.

I got up and had a snack and almost exactly at 12.00 midnight I was the subject of the 'burping / gas / diarrhea attack. I took two Gas-Ex tablets immediately and managed to avoid the diarrhea until morning when I had two short bouts of diarrhea.

June 22 2025. I was subject to a severe rape attack this morning. I had to stand up to use my computer but even then the pressure upwards on my rectum was at times overpowering. I was not lifted off my feet but it was very uncomfortable. In the mid afternoon at about 3.00 pm I took a bath and was molested while in the bath. Imagine Kendal Haywood being subject to this 24/7 for months in the run up to the child custody hearing at which she lost her infant daughter to Patton West's son because Patton West and her tame cult doctor Pat Cole MD made out Kendal was mentally ill. I had contact with Kendal and I am fairly sure she was driven close to being made by the occult attacks sent by Patton West. The attacks added to cult member Dr. Pat Cole's testimony sealed Kendal's fate.

June 23 to June 24 2025. Much of the same but not as severe as on June 22 2025.

June 25 2025. The berder must be getting desperate. This was one of the hardest days of the past 18 years of occult attacks. I got to my computer at about 9.0 am and within 30 seconds I was hit very hard in the rectum / groin. This immediately went to a full on rape while I was walking around the apartment. I could not stop it and I had left getting the Rife frequencies too late.

Long story short I just orgasumed within 20 minutes of the attack starting at about 9.00am. So violent was the 'conclusion' that I was left sore all day. Not only sore but the movement up and down inside my rectum / prostate continued all day and into the evening. My wife and I drugged ourselves up as usual and I probably got 3 or 4 hours sleep before being woken up just before midnight. I probably drifted off once or twice but was basically chased around the bed all night until getting up at 5.10 am.

My wife Lisa was subject to a similar version of the attacks against me with the outcome that she developed cystitis over the past few days. This is very painful when she urinates and has meant she is drinking a lot of water and eating very little. Two reasons to go on a diet the burping / diarrhea attack and cystitis!

June 26 2025. Same as June 25 although this time I was prepared with pain killers and the appropriate Rife frequencies. The attacks against me started at 8.00 am and began to subside at around 3.00 pm. Though I guess the berder will ramp up the attacks near bed time. My wife dealing with her cystitis.

And sure enough the berder has decided to throw the kitchen sink at my wife. In addition to dealing with the cystitis she is now having to deal with the gas attack / diarrhea / bloating / severe stomach attacks.

June 28 2025. My wife in terrible pain this morning to the point that she broke down and began crying. The cystitis was so painful she just could not cope with it. I shoved pills into her and got her to drink a little brandy. Nothing seemed to quell the pain. I searched for a Rife frequency that I hoped would help and sure enough I found one. She put on head phones and after listening to this frequency for 5 minutes the pain started to subside and within 30 minutes the pain was completely gone. Below here a few of the Rife frequencies we have used to mitigate Patton West's occult violence…

More on next page….

The fact that the Rife frequency began to neutralize the pain etc. in a few minutes proved this was not an organic condition. Not a virus of bacterial infection. As an organic, natural infection would not disappear in 30 minutes. Therefore it is obvious that Patton West was targeting my wife with a frequency that induced the cystitis condition with all the associated pain! Now think about a year of rape attacks against me. Then 30 years of doing this to countless other victims.

This amounts to thousands and thousands of acts of terrorism which should be met with the death penalty!

It was no coincidence that while I was getting attacked in the prostate and raped almost daily that my wife's genitals should also be attacked. It was no coincidence that my daughter's genitals were welded to her pelvic bones causing excruciating pain when she moved. While in October 2023 I had a three hour emergency operation because my bladder was welded to my colon with a hole between the two causing me to pee solids!

June 30 & July 01 2025. We have arrived a sort of 'balance.' The occult attacks continue full on. In my case it is the rape attacks and with my wife it is her cystitis or the burping attacks that results in diarrhea / burping or vomiting. We are both subject to these attacks at night while we are trying to get to sleep or while we are asleep. However we have found some frequencies that 'dilute' or weaken the effectiveness of Patton West's attacks. It works like this. During the day we both wear Bose headphones which play this frequency continually. Sometimes all day. They run on triple A batteries so will run all day without issue. At night it is different.

The Bose headphones 'cans' are large so while you can wear them in bed lying down flat you cannot lay on your side without taking them off. Both my wife and I have Apple Air Pods which are small and while not small enough to lay on one's side comfortable with a little preparation one can make a dip in the pillow and lay in one's side and fall asleep. The problem with this is that the rechargeable batteries in the Air Pods only last about 4 hours.

Here is how I cope with the attacks overnight. Ditto my wife. I lay on my back with the Bose headphones until I get sleepy (about two hours). As I am near falling asleep I change the big Bose headphones for the Air Pods. I may fall asleep for 3 hours if I am lucky. I wake up suddenly when the batteries run out of the Air Pods.

When that happens I put the Bose headphones back on and lay there for an hour while the Air Pods recharge. After they have recharged I put the Air Pods back on and maybe get another 2 or 3 hours sleep and this is repeated until 4 to 5 am each morning. When the Air Pods run out I wake up more or less immediately as once the counter frequency being used by me ends there is nothing to stop Patton West's frequency attack from coming through.

The main frequency used by her to keep me and her other victims awake sounds very much like a spin dryer on its last cycle or a distant diesel generator. It basically sounds like a rapid thump, thump.

The sleep deprivation frequency she uses may be mixed in with, in my case the rape attack frequency and in my wife's case the cystitis frequency. The CIA and other US government agencies have been using this for decades. Here is a link to a web page giving more information about this capability.

July 3 2025. The rape attack began at about 7.00 pm. After 15 minutes I could not sit down anymore as to remain seated would result in a rapid rape and orgasm. So I got up and started to walk around our apartment which I did for two hours. Eventually realizing I was not going to submit Patton West changed her focus to my head. I suddenly had a severe headache combined with nausea and a loud buzzing sound. Fortunately I had my Bose headphones on and was playing a frequency known to diminish occult attacks. Long story short Patton West's efforts eventually died off at around 11.00 pm. I eventually got to sleep.

July 4 2025. The rape attack started at 10.30 am. I guess Patton West was coming back to finish of what she could not do the previous night. The attack continued for several hours and eventually started to wane at about 3.00 pm.

July 5 2025. I got up at 5.00 am having woken up at around 3.00 am with the 'pounding' frequency in my ears which is designed to do just that. Designed to wake me up and keep me awake. I watched TV until about 6.30 am. However while sat in my lounge watching TV rape attack started again at around 5.30 am. Patton West uses this form of attack most because it demonstrates to her victims that she can reach them at any time. Also to the mind of a criminally insane psychopath humiliating her victims, by forcing them into having sex against their will is a real bonus! The rape attack continued all day but the edge taken off the attack by the Rife frequency I used to counter it. My wife did not fare as well. Patton West used the burping / gas / diarrhea attack against her. Diring the morning she had four rounds of diarrhea with the last one mainly blood. Again this is the attack that probably murdered Lisa Swidler.

July 06 2025. I am up at 5.30 am. Probably due to the pounding frequency Patton West directs at her victims to keep them awake all night. My wife got up at 6.00 am and went straight into the toilet. Not good. Burping / Gas Diarrhea.

July 7 to July 11 2025. As the truth circulates more and more Patton West gets more and more desperate. It seems like we have settled into somewhat of a daily routine that goes like this. For myself. The rape attack starts at around 9.00 am. When I say the rape attack I mean the constant pressure on my rectum from outside as though someone was trying to penetrate into my rectum. However as a result of my finding a useful frequency to neutralize the worst of this kind of attack the 'penetration' never takes place. That said after several hours of this it feels like I have an old bad bruise. And wearing Bose Headphones for several hours at a time listening to frequencies cannot be good for my hearing?

Once I am off my computer or away from the TV the pressure on my rectum subsides but never fades away. We go to bed early sometimes at 5.00 pm because we never know how much sleep we will get.

July 12, 13, 14 & 15 2025. The rape attack for me every day. Starts at about 9.00 am and goes on all day and into night time. In the mornings it tends to be aimed at my prostate to cause pain. From about 4.00 pm onwards it ramps up substantially to a full on attempt at rape that is designed to end in an orgasm. Fortunately the frequencies prevent that going 'all the way.' Then at night time I do the shuffle between my Bose headphones and my Air Pods. The frequencies keeping the worst at bay. On the morning of 13th July at 9.00 am, in a departure from the 'normal' routine, I was subject to the burping / gas / diarrhea attack.

I took two Gas-Ex tablets and that curtailed the gas and burping and only two bouts of diarrhea! The rape attack arrived shortly afterwards at around 10.30 am.

For my wife, during these four days, it has been two burping / gas / diarrhea attacks. One happening now as I type! But the main daily / hourly attacks to my wife are to her nervous system.

16 July 2025. For me as per the previous paragraph. The 'burping' / gas / diarrhea attack targeting my wife started at around mid-day on the 15th July. It went on all afternoon. My wife went to bed at 4.30 pm and eventually got to sleep after drugging herself and taking a small amount of brandy which helps to stop the stomach trying to eat itself. She listened to a couple of Rife frequencies for bloating and gastritis. This morning she was still poorly so she stayed in bed until 2.00 pm today. She went back to bed to rest at 4.00 pm. This attacks is particularly injurious as it strips the stomach / digestive system of its gut biome. And it also results in internal bleeding. Again this is how Lisa Swidler was murdered. She was about to go to the police etc. about the defrauding of Dave Kushner and Mike Hendrickson and the extortion of part of the sale proceeds of Marion Cantwell's house sale.

17 July to 23 July 2025. An intensifying of what has been thrown at my wife and I up until this point. Plus in my case an all-out attempt by Patton West to keep me awake all night. Loud thumping noises in my right ear and loud hissing in my left ear all day and all night. Whatever else she is trying to do keeping me awake 24/7 is a top priority. Without the drugs I am taking I would not get any sleep. Three or four hours most nights. Is it any wonder that 95% of her victims walk away before justice can be served?

23 to 25 July 2025. All day rape energy. It starts at about 9.00 am. There are two versions of this attack. The most common is the feeling that a zucchini has been forced into the rectum. Where it remains all day and sometimes all night. It does not remain still ever.

The attack is focussed on the prostate. Which is being energetically massaged every few seconds. Somewhat like constantly squeezing a tennis ball. This can happen all day and or all night. Let's call this a 'Type 1' attack.

The second type of attack, (Type 2 attack) is much less common, is the full on rape attack. This may start as a 'Type 1' attack and escalate into a full on rape ending in an unavoidable orgasm. More commonly Patton West will get really pissed off at the truth about her criminal activities being shared. At which time this comes on fast and the only way to deal with it is to play the Rife frequencies and walk around the apartment for hours. Sitting down or laying bed usually results in a forced orgasm within minutes. So I keep walking until I get tired or exhausted then go to bed.

26 & 27 July 2025. Clearly Patton West is not a happy camper at present. I have had the full on rape attack on 26 & 27 July as explained above. However on the morning of the 26 July at about 9.00 am I was subject to the full on rape attack and simultaneously was subject to the gas / vomiting / diarrhea attack. The rape attack lasted all day the gas attack was neutralized within an hour with Rife and Gas-Ex pills. On the 27 July 2025 the full on rape attack (Type 2 attack) started at 9.00 am ish and continued until 9.00 pm. At around 7.00 pm I was subject to the gas / vomiting / diarrhea attack. My wife is constantly subject to attacks to her nervous system and when I get the gas / vomiting / diarrhea attack she tends to get it too but not always.

28 July 2025. Rape attack all day for me 9.00am to 9.00 pm (Type 2 attack). My wife was subject to the burping / gas / diarrhea / vomiting attack. This started at 9.00am and went on all day.

29 July 2025. Rape attack all day for me (Type 2 attack). My wife was targeted with the burping / gas / diarrhea / vomiting attack. It started at 1.00 pm and went on until she fell asleep at 8.00 pm. She was bent over in pain and distressed and crying for hours.

30 July 2025. Rape attack for me all day as per usual (Type 2 attack). My wife did not eat anything today so did not suffer from the burping / gas / diarrhea / vomiting attack. However the previous two days attacks left her exhausted and in pain so she spent the day in bed.

31 July 2025. I was subject to the rape attack. It started at 9.00 am and went on until about 5.00 pm . Additionally I was subject to the 'acid reflux' attack from about 3.00 pm onwards.

I took some Gaviscon for that and played the appropriate Rife frequency to mitigate it. My wife had a much worse situation. Her nerves throughout her body were under attack and her muscles cramped up. This caused her sever pain, much upset and a lot of crying. I lowered her into a warm bath which seemed to help. The Rife frequencies for muscle cramps and nerve pain also helped along with lots of drugs and a small glass of brandy.

01, 02 & 03 August 2025. For myself Patton West seemed to be throwing the kitchen sink at me. The rape attack all day and into late evening (Type 2 attack). Accompanying the rape attack was the acid reflux attack which took about 45 mins to get under control with Gaviscon and the appropriate Rife frequency. Finally, and in addition to these two attacks the third attack was to my heart. It feels like a bruise and any 'normal' person would probably be scared but since I have had this regularly over the past 18 years it ceases to be of concern. If the berder could have murdered me she would have succeeded by now.

For my wife on the 1 & 2 of August 2025 severe muscle cramps and nerve pains though not quite as bad as 31 July 2025. We both are woken up at 2.30 am to 3.00 am every morning. When awakened we hear the thumping sound like a washing machine on its final spin cycle. This is the frequency Patton West uses to wake her targets up in the hope that with everything else thrown at them they will slowly get exhausted to the point they have to give up. That was never going to happen with me or my wife.

04 05 & 06 August 2025. It has been the same for the past three days for me. Type 2 rape attack from waking until I fall asleep in the early evening heavily drugged. Throughout the day, and in addition to the rape attacks, come attacks to my heart (feels like a heavy bruise over the heart) and acid reflux attack. All the above during the daytime accompanied by loud hissing in the left ear, the whirring sounds of insects in my right ear. This is occasionally accompanied by sounds of music. Nothing worth reporting for my wife.

The rape attacks and the acid reflux attacks are somewhat mitigated by the Rife frequencies. Then there is the sleep deprivation. We go to bed early because we never know how much sleep we will get. Normally I wake up at around 10.00 pm and again between 2.00 am and 3.00 am and again at around 4.30 am. Every time I become conscious the first thing I hear is a thump, thump, thump sound like a washing machine on a rinse cycle. I understand that this is a frequency Patton West uses to stop her victims sleeping.

07, 08, 09 & 10 August 2025. A repeat of 04, 05 & 06 August 2025 for myself. Nothing worth reporting for my wife. However on the evening of the 10 July I had a severe headache and my wife's left eye closed up and was very painful.

11, 12, 13, 14, 15, 16 August 2025. Patton West is throwing the kitchen sink at me and my wife in an attempt to make us so ill we just give up sharing the truth of what we and countless other victims have suffered at the hand of this monster. Our days go like this. At around 4.00 pm the hissing gets loud in my left ear. I could be driving on the highway and I can hear it clearly (in my head where it is being beamed by Patton West).

At the same time in my left ear there is a whirring sound like one would hear if you were indoors while there was howling winds outside. At about 6.00 pm the loud thumping sound starts up. The sound is somewhat like the sound a washing machine makes on its final rinse cycle.

That sound is the frequency Patton West targets one with to keep one awake or to wake one up out of a deep sleep. I take a lot of over the counter sleeping aids – too many to be honest but that is the only way I am going to get any sleep.

My wife and I go to bed early sometimes at about 4.30 pm. At about 6.00 pm the rape attack starts. If it is not suppressed by the Rife frequencies I have to get up out of bed and walk around the apartment. Sometimes I have to walk around the apartment for hours until I can get back into bed without being penetrated and raped. The rape attack, lately, has been combined with an acid reflux attack, a migraine and sometimes the feeling that 'needles' are being poked into my legs.

After the rape attack lessons to the point that I can get back into bed I might get a couple or three hours of sleep. I still have the loud 'thumping' rinse cycle sound to contend with. The only way I can overcome that is to put my air pods on and play a Rife frequency that is louder and somewhat I get woken up every night at around 3.00 am

I may get some sleep until around 10.00 pm to 11.00 pm at which time I get up and take a second dose of sleep aids. I am always woken up at around 3.00 am and sometimes I cannot get back to sleep because of the 'thumping sound. If so I get on my computer and do some work. If I get on my computer I am subject to the rape attack mainly the 'Type 2' attack until I get off my computer. Because this can happen within a minute or two of me getting on the computer I suspect that Patton West has all of these attacks set up as 'programs' that start automatically. We live in an electrical magnetic universe and the abilities that Patton West (and John of God) use are just physics we do not understand fully. That is why it is called occult (hidden) knowledge.

I am currently aware that because I continue to oppose Patton West, in spite of all the violence she has directed at me, her strategy at the moment is to try and deprive me of as much sleep as possible in the hope that at some point I will simply not be able to function and become catatonic.

17 08 2025. I just spoke to my daughter Alex who informed me that she has two cysts on her ovaries. One is 2.5 centimeters in size and the other is 6.5 centimeters in size. This is similar to an earlier attack against my daughter by Patton West several years ago. On the previous occasion my daughter had to go into hospital for an operation because one of her ovaries was 'welded' to her pelvis. Every time she moved it was excruciatingly painful. That attack mirrored the one she used against me that ended up 'welding' my colon to my bladder. In my case a hole developed between the colon and bladder with the effect that I ended up peeing solids. I had a three hour operation for that! Any operation is potentially dangerous and could lead to death.

I have shared some of the Rife frequencies with my daughter that might mitigate ovarian cysts. If that does not work Alex will have to have another operation to remove both cysts. I believe this is the work of Patton West. If Patton West cannot intimidate or murder her targets she goes after the target's loved ones. In my case that is my wife and daughter.

Reynolds knew exactly what Patton West was doing when he told the Bigfork Eagle reporter in 2007 that I would either be dead in 12 months or in jail for reacting to what she was going to do to me, my wife and my daughter! Senior cult members Coffin, Williams and Jack West all knew what was happening. In the case of Coffin (30 year cult member) and Williams (20 year cult member) they were both long term students at Patton West's unaccredited school for occult studies. Jack West her husband and long term partner in crime who warned me I would be murdered if I went public about the crimes I witnessed.

Then recently in 2023 Patton West declared that she had taken a limited number of lives for the good of humanity?

[Devra says she has "taken a limited number of earthly lives" for the benefit of humanity (source)].

How is it that this murdering psychopath is still at large? Well now we know why only 1 or 2 percent of her victims ever get a satisfactory outcome!

17, 18, 19 & 20 August 2025. If you read the Daily Mail report about the arrest of 'John of God' in Brazil you will learn about the terrifying experiences that the Brazilian police had to contend with. At the time of his arrest all the computers at the police station froze or went off or did strange things. Same with the lights and the printer. Patton West has the same abilities. I have about 40 or so Rife frequencies that I keep on a mobile device which I use to counteract the frequencies Patton Wes is using to either make me ill or keep me awake. Believe it or not (it is true) Patton West accessed my wife's laptop and removed about thirty of the most important Rife frequencies. Mainly those helping me get to sleep and those used to counteract attacks to my prostate, to counteract nausea, acid reflux and stomach issues (gas / burping / diarrhea etc.

I have literally thousands of files on my mobile device including hundreds of audio books. Nothing else was removed just those frequencies.

I want to add another couple of attacks that Patton West uses against those who oppose her by telling the truth. Throughout the day as one waits for the next big attack one is aware of brain fog. Yes, the attacks mentioned above are dangerous and painful. The brain fog induced by a 24/7 program (so it appears) is to degrade ones ability to think and make decisions. This 'attack' is very subtle and would go unnoticed with everything else going on except every now and again there is a pause in the big attacks which then allows one to discern the more subtle attacks.

The other attack which has been happening frequently over the past few months or so is hard to describe. Down the right side of one's neck is a ligament that helps / allows the head to rotate etc. That ligament is like an elastic band. Every now and again It is like someone stretched the elastic band and let it go suddenly. It does not hurt that much but it is very shocking. Suddenly I'll be going about my business and there will be, to me, a loud thwacking sound with a feeling that it has been stretched and suddenly released. I am not sure whether what she is targeting is a ligament or my carotid artery. If that got broken then death would occur within a minute or two.

Is it any wonder that only a very small percentage of her victims ever get satisfaction?

20 , 21, 22, 23, & 24 August 2025. Patton West seemed to settle into a rhythm. For myself rape attack (Type 2) from 9.00am to 3.00 pm. I have come to understand that the 'Type 2' attack is targeting my prostate with a view to making it swell up so much that I cannot pee. I guess the ultimate end target is my kidneys. Form about 8.00 pm onwards it is the full on rape attack (Type 1) which is intended to result in an unwanted orgasm and being chased around the bed all night. Fortunately the Rife frequencies and a combination of pills neutralizes the worst of that attack. Then alongside this is the sleep deprivation. In the early evening I hear the loud thumping sound (that is projected into my head by Patton West) as stated elsewhere it sounds like a washing machine on a final rinse cycle. This is the frequency designed to keep you awake. I load up with sleeping pills, valerian, melatonin and a Rife frequency to drown out the frequency Patton West is sending. I get a few hours but am always woken up at around 3.00 am. The first thing I hear on waking up is the loud pounding noise being projected into my head just as is used by the CIA and others to torment their adversaries! I either try and get back to sleep or get up and do some work.

For my wife it is a serious attack to her nerves system once a month and the burping / saliva / vomiting / diarrhea attacks once a week. The attack to her nervous system is exceedingly painful and the last one a few days ago had her in a panic attack because of the severity. The ''burping' attacks are more frequent and take several days to get over during which my wife cannot eat anything. She is losing weight rapidly and getting weaker and weaker as intended by Patton West. On the 23 of August my wife had an attack to her intestines which was particularly painful and had her screaming. The rife frequencies and pain killers calmed it down after about 30 minutes to the point she could resume breathing normally.

25 August 2025. Patton West obviously getting desperate. On that day I got the rape attack (Type 2) from 9.00 am onwards. Additionally throughout the day I had an acid reflux attack and an attack to my intestines which was particularly nasty.

Thank god for the Rife frequencies which once I selected the right one diminished the severity of the attack within 15 minutes. Late afternoon the thumping noise started up with the intention of preventing me going to sleep. In the evening I was subject to the full on rape attack again (Type 1) but again the Rife frequencies and a combination of pills staved off the worst.

This is TERRORISM. **Used to facilitate theft, fraud, extortion, embezzlement, violence and murder. And of course to silent dissent. Irrefutable Proof of Terrorism used by Patton West against scores of victims**.

26 August to 014 September 2025. The attacks against me have escalated. I have had my prostate attacked 24/7. From waking up in the morning to late evening (about 8.00pm) I feel like the objective is to cause as much pain and discomfort as possible. Yes there is the rape thing going on as well but low level (occasional movements inside my rectum). However just after going to bed it goes up to a whole new level. From then on it is full on rape attack which causes me to get up and walk around the apartment for a couple of hours.

I literally get back into bed and lay on my side for a few seconds to see if I am going to be penetrated from behind. If so I get up and walk around some more and take two pain killers and two sleeping pills. In about 30 minutes I fall asleep and get some peace for maybe 3 or 4 hours until I am woken up by the constant 'thumping' noise being projected into my head. A frequency designed to wake me up and keep me awake). Once during this period I was the subject of a rape and a forced orgasm. On one evening during this time period, and on top of the attacks outlined above, I was the subject of two 'burping' attacks. These if not dealt with immediately result in a steady flow of saliva into the mouth, while burping and farting prior to a rush of diarrhea. The stomach pains can be excruciatingly painful.

Fortunately I see the signs well in advance and take Gas-Ex pills which seem to reduce the gas side of the attack but not always the diarrhea. In the background now, and has been the case for a couple of weeks, I hear the constant whirring in my right ear and the loud hissing in my left ear. At night time and throughout the night I hear the loud thumping sound as well. The only way I have a hope of getting any sleep is to drown out the frequencies she is sending by overlaying a Rife frequency on top. The Rife frequency can be used to induce sleep or negate an attack to my prostate or counter an acid reflux attack or gastritis (for the burping attack).

28 September 2025. I have not posted anything here for bot a month as most days are like those already described. To be clear there is no respite it is 24/7 every day. That said over the past month there have been two days that were exceptionally bad. For myself there was a day when I woke up and experienced the 'Class 2' rape attack (targeting my prostate all day) which felt like a bad bruise all day. Then in the evening when I got into bed it went to what I have called a 'Class 1' rape that ended in a forced orgasm. Make no mistake if you are only getting 4 hours sleep a night and then walking around all day because you cannot sit down or lay down at some point one gets exhausted and gives up the struggle. That happened to me that day.

For my wife there was a day when she was in agony from dawn to dusk. In fact she spent most of the day crying because of the intense pain. Pain caused by what we have called the 'burping' attack. Gas / saliva / vomiting and diarrhea. It seems that Patton West is able to cause so much gas to be produced that the intestines are blown up like a balloon causing excruciating pain. It was hell for my wife for 24 hours and then over the next three days the pain slowly resided. During that time she ate very little. After the third day she could tolerate chicken noodle soup.

28 October 2025. I have not added anything to this missive since the end of September believing that every day would be the same as the days and weeks before. However about three weeks ago Patton West increased the severity of the attacks against me by targeting my lower colon. This in addition to all the other daily / nightly attacks the most sever being against my prostate. Basically I would get a sharp pain in my lower abdomen just to the left of my pubic bone. The pain was intense like being pinched with a pair of pliers.

20 November 2025. As mentioned directly above here Patton West started to attack my colon. This resulted in bouts of severe pain sometimes lasting for several hours. The other possibility is that I now have a hernia! Below here are two photographs of my lower abdomen which clearly show the swelling either as a result of my colon being attacked or because I now have a hernia. Either way this latest development is 100% down to Patton West. I know for certain that this was / is an occult attack because that area of my abdomen only got sore while I was using my email accounts. And the attack to that area, along with the other attacks, stopped within ten minutes of me getting off the computer.

I take pain killers and anti-inflamatories to try and keep the swelling down. In Document '2' which accompanies this missive I describe the operation I had in November 2023 wherein I had part of my colon removed which shortened the colon which was reconnected down on the bottom left of my abdomen. This is exactly where I am being attacked. Clearly having failed to murder me on her second attempt in November 2023 she seems intent on having a third attempt only two years later!

Below are two photographs of my lower abdomen taken 19 November 2025…

Above left: Above right: The yellow arrow points to the scar resulting from my 3 hour operation in November 2023. The red arrow points to the swelling during and after Patton West's attacks. Either an attack to my colon or an attack resulting in a hernia?

On the 28 October I had an appointment with my doctor this morning. She is concerned that the prostate issue might lead to damage to my kidneys. I am sure that is Patton West's intention. Again Joseph Costantino died of prostate cancer!

16 December 2025. I had not bothered updating this missive since 20 November 2025 as for the most part the daily 'schedule' of attacks remain much the same. So take it as read that since the 20 November (to present day) the attack schedule has been something like this. Wake up tired, attack to my prostate and later in the day this morphs into a full on rape attack – which rarely succeeds. Attacks to my head, sudden spike in my head or severe headache. Gas / diarrhea attack a couple of time a week. Twanging attacks to my right neck. It is as though my ligament in my neck was an elastic band that was pulled and then released. The effect is to suddenly have a loud 'thwacking' noise as the tendon is pulled and then released. Since there is no one here physically in the room assaulting me it must be an 'energetic' attack. 'Energetic' in the same way that all the other attacks (rape, prostate, migraines etc.) are enacted in the astral plane and not 'in person.'

Which is how Patton West has gotten away with three plus decades of organized crime.

Additionally there are the sounds projected into my head. Not every day and night but most. The thumping noise in my head throughout the day – sounds like a distant engine. Music in my head as indicated elsewhere throughout the day. Sounds of hurricane winds in my head during some attacks. Inability to get to sleep without lots of 'over the counter' sleep aids. Being woken up every morning between 2.30 am and 3.30 am.

However Sunday 14 December 2025 was different.

In the days leading up to 14 December I had noticed that Patton West was getting desperate. Because upon waking up at around 7.00 am each morning I noticed that the rape attack was already happening. This went on to about 2.00 pm and then recommenced within minutes of my going to bed in the evening. Sometimes so severe I had to get up and walk around the apartment for 3 or 4 hours until the intensity died down and the sleep drugs kicked in. This is just one example of how the attacks were ramping up.

14 December 2025. The day started like most other days as indicated above. However in the evening Patton West's were ramped up from trying to intimidate me into another full blown murder attempt. About 6.00pm I got an inkling that this evening was going to be different! I suddenly got a sharp pain just inside my rectum. It felt like a sharp needle had been pushed into my rectum. Unlike hours of attacks to my prostate which result in a dull bruise feeling this was like a needle. Short sharp pain and then nothing as I started to move around.

At about 6.00 pm I loaded up with sleeping aids and got into bed with the intention of going to sleep. This is always a 'process.' First I lay on my left side with my right hand covering my ass to deflect the rape / prostate attack while my left hand is covering the protruding colon / hernia down by my groin. I wait for the sleep drugs to kick in while wriggling around to defend myself against the rape attack. At about 7.30 pm I started to get really hot and I could hear my heart racing. Then I started to shake. This was obviously a very intense attack. At some point I started to shake so much I woke my wife up. I got up to get a drink of water and found that the shaking had turned into what I can only guess was like a full on epileptic attack. I was shaking so much that I could not grip the glass and was in danger of falling over and hurting myself. My head was spinning and my eyesight had gone to tunnel vision. I called to my wife for help who rushed into the kitchen and helped support me while I stood there shaking violently.

We both got into bed and over the next 30 minutes or so the shaking slowed down and stopped. This was the most violent attacks I have had from Patton West over what will be on 26 December 2025 19 years of occult attacks. I believed this was another failed murder attempt as at its worse I could hear my heart thumping loudly in my chest. Additionally during the height of the attack, when it was at its most intense, I could hear and feel thumps in my chest. I had previously noticed that in the full on 'rape' attacks that just as the attack was about to result in a forced climax (sometimes after 3 or 4 hours of being assaulted) I could hear and feel the same effects. A loud thumping heart with occasional movements within my chest as though large bubbles were bursting inside me. I suspect that this was / is a 'special effect' added by Patton West to cause even more alarm and fear.

Long story that may have been a third murder attempt by Patton West to 'silence' me.

02 January 2026. I want to briefly describe what my wife and I have had to endure since our previous report on 14 December 2025. For myself I have been subject to the 'rape' attack daily. Sometimes twice a day. In the morning when I go to use my computer I am attacked to the point where I cannot sit down and have to occasionally walk away. The morning attack goes away within ten to fifteen minutes after I get off my computer. The evening attack is much worse. It normally starts within 15 minutes of me climbing into bed in the evening. I have to lay on my side with my hand over by rectum to try to prevent the demonic entity she uses getting inside me. There comes a point every evening where I believe I am about to be penetrated so I get up and start walking around our apartment. At times the attack gets so intense that I have to start trotting around the apartment. The other tactic I use to ground myself is to eat an ice cream or an energy bar. This may go on for FOUR hours every night. Eventually the attack dies down and I can get back into bed. Sometimes this is over by 11.00pm at other times it may continue until 2.00am the following morning.

For my wife. There have been a number of vicious attacks against her that have left her screaming in pain. Patton West's two favourite targets for my wife are her nervous system and her digestive system. I have lost count of the times where I have had to endure my wife crying or sobbing due to the pain.

04 February 2026. Today is Wednesday 04 February 2026 but I want to report what happened to my wife and I over the weekend 31 Jan – 01 Feb. During the Saturday I had the prostate / rape attack combined with an attack to my head / consciousness. The latter resulted in me nearly fainting. I thought I was going to collapse. I sat down in a chair for a few minutes and put on the Rife frequency for Nausea and that helped dissipate the attack.

The aforementioned were combined with and a severe attack to my stomach / acid reflux attack.

My wife was subject to the gas/ diarrhea / vomiting attack the same day and as usual spent two or three hours in severe pain while trying to vomit in the bathroom.

As mentioned previously I do not see the point in keep repeating the same comments about the occult (terrorist) attacks if the same thing is happening daily. So take it as read that what I shared is happening daily / 24/7. However I want to share some information that is new.

Early February 2026. At some point I decided to post on-line excerpts from my 'attack' diary. I wanted the world to know what Patton West has been getting away with for 35 years. I also wanted the FBI. Police, State & Federal governments to know how Coffin, Williams, Jack West and Reynolds all knew what was happening and that they all hoped that Patton West could deliver on her plan to intimidate or murder me to make the 'problem' go away for each of them.

One of the unfortunate comments I made was that I thought that the 4 hour nightly rape sessions were being extended with a view to tiring me out so that I would have to eventually collapse into bed and be at the mercy of Patton West and her demonic slaves. Sure enough the time I would have to walk around my apartment until the prostate / rape attack died down kept getting longer. Bearing in mind while I am marching around the apartment I am taking pain medication every two to four hours to reduce the pain. So the attacks went from 4 hours a night to 6 hours then on to 8 hours and finally on Friday 20 February 2026 I ended up marching around my apartment from 7.00 pm to 7.00 am the following day.

After that all-nighter I was exhausted and decided to drug myself up on Saturday 21 February and with the help of certain frequencies was able to get to sleep fairly quickly. The downside was that my prostate was being targeted 24/7 which made it impossible to pee unless I played the appropriate Rife frequency for 5 minutes. This reduced the swelling and made it impossible to pee. I am sure this is exactly what she did to Joseph Costantino who died of prostate cancer after challenging Patton West and taking her to an employment tribunal. Joseph was owed $20,000 but had to settle for $10,000. He died shortly afterwards. All of this information and my intake of pain / sleep aids is logged in my diary.

Mid-March 2026. Over the past month there has been a change in tactics by Patton West. The full on rape attacks intended to humiliate and result in an unwanted ejaculation seems to abated somewhat – at least for now. In its place is a 24/7 targeting of my prostate. This is how this works. My prostate is targeted all day it swells up and makes it very painful to pee. If peeing is possible at all. Fortunately I found a few Rife frequencies that mitigate or neutralize what she is trying to do. Which is either give me prostate cancer, like she did with Joseph Costantino who died of it, after taking Patton West to the employment tribunal. Or to wreck my kidneys.

This is my current reality. I get drugged up so I can go to bed at 5.30 pm and get some sleep. Prior to going to bed I have to use the Rife frequencies for ten minutes so I can empty my bladder. I wake up at say for example 10.00 pm needing a pee badly but unable to go until I listen to the Rife frequency. Between the time I went to bed at 5.30 pm and the time I woke up at 10.00 pm I am targeted nonstop. This has been going on for months and months alongside other vicious attacks. However for the last month she has been totally focussed on my prostate.

April 12 2026. Between **Mid-March 2026** and today the 24/7 attacks have continued day and night as stated previously. However there have been some more additions to the variety terrorist attacks.

I have found that over the past three weeks or so my right hand (I am right handed) has gone numb in the sense that I cannot use it but that the nerves in my hand and thumb in particular are all firing such that it is quite painful. This happens at least twice a day. If I am on the computer doing anything emails, watching YouTube etc. My right hand goes numb. I often wake up at 0430 and when I do my right hand is numb, throbbing and quite painful. In both cases if I get up and start walking around the pain and numbness disappears within 3 to 5 minutes. I assume Patton West a) does not want me using a computer and b) punishes me when I do use a computer. Same as usual for my wife. Regular attacks to both her digestive and nervous system.

Yet another weird manifestation (occult attack) has me waking up covered in tiny red spots like I have hives. These spots itch but as with the numb / throbbing hand the symptoms disappear within 10 minutes of getting up and moving around. Yet more confirmation that Patton West's terrorist attacks work best with an immobile target. In other words a moving target is hard to hit but a stationary target, one asleep for instance, allows Patton West to focus her evil intent and do potentially a lot of damage.

Damage like prostate cancer, intestinal bleeding, organ failure, targeting the brain until a stroke occurs!

Without the frequencies to somewhat neutralize these attacks I would have been in hospital by now and or maybe dead. Her accomplices Coffin, Williams, Reynolds and Jack West are all relying on Patton West delivering on Reynolds statement to the Bigfork Eagle reporter on August 2007. That is I would be dead within 12 months or in jail for reacting to Patton West's provocations (targeting my wife and children.

May 05 2026. All the aforementioned attacks have continued at the same frequency mentioned previously however in the past few days, in a sign Patton West is getting desperate, she has upped the anti still further. May 1st was a full moon and that is the time that Patton West really focuses on her victims. On the 29 April 2026 The attacks to my head (resulting in brain fog) increased and a new form of attack occurred while I was driving.

My wife and I are regularly subject to what I describe as a 'whirlwind energy that raises blood pressure, amps up the emotions and results in one getting angry, This is the form of attack used by Patton West to drive couples / marriages apart. However at the time I was driving. It happened like this. I started my car to drive to Costco. Within a couple of minutes of driving the volume of the 'hissing' I am subject to 24/7 went exponentially higher. Immediately I started to get worked up and impatient with the heavy traffic and actually used my horn a couple of times because of other drivers moving too slowly. I quickly realized what was happening and took control of my own emotions and backed away from the vehicles in front. I realized that Patton West was trying to get me to crash my car or cause an accident.

On May 01 2026, the full moon, I was subject to two rape / prostate attacks. The first occurred at about 2.00 pm and lasted for three hours. I had to get up and start walking around the apartment for a while. The second attack that day occurred at 9.00 pm and continued just past midnight. I had to get out of bed and start walking around my apartment for a couple of hours. Please understand that though I take a lot of over the counter medication to get to sleep it does not stop Patton West's attacks.

On May 4 2026 I was subject to the rape / prostate attack at around 2.00 pm. I had a planned zoom meeting at 4.00 pm with several members of church I am involved with. I had to cancel the meeting as the attack was so severe I had to start walking around the apartment from about 2.15 pm and continued to do so until about 4.00 pm. I could not sit down to eat at 3.00 pm so had to pick up a spoon full from my plate and consume the food while walking.

My wife Lisa has been hit 24/7 with the sinus attacks and the attacks to her nervous system (damaged as a child when she had Guillian Barre Syndrome).

Patton West seems to know what we are doing and when. Apparently she has the ability to insert her consciousness into her victims to observe them from a distance.

Here is an excerpt from a harrowing email entitled 'Help Me' that Rebecca West (no relation to Devra West) shared with me in March 2007. To view go to the penultimate paragraph on page 3 of the email 'Help Me' linked above in this paragraph.

"I know that I can never be in the same room with her again, due to her ability to read my mind. I am not sure how she does this and would greatly appreciate any light you can shed on her abilities."

The CIA and other intelligence agencies can do the same but using technology. Occult Masters have been able to do this by going into altered states of consciousness for millennia. This is part of what Patton West learned while attending the 'Robert Jaffe School for Energy Mastery' between 1990 & 1991. This is why Patton West dresses up as a Greek Goddess except of course when she is attending civil courts as the defendant in mainly fraud related lawsuits like the one I brought against her. Have you noticed how she dresses down for court, wears glasses to change her look and acts dumb when asked questions and blames the very cult members she put in as officers in her corporations for not doing a good job! Claiming not to know what was happening when in reality this disgusting excuse for a human being was coordinating every detail.

May 07 2026. Today was one of the worst days ever. In addition to having the ability to target the physical body to injure it or make it sick Patton West has the ability to target ones consciousness. Along with all the physical ailments that this vicious spiteful killer delivers she is able to cause one to lose focus to the point where one forgets what one was doing. Many times I have been under attack in this way with the result that I cannot remember what it was I was about to do. The Rife frequency for 'Brain Fog' alleviates this in about 5 minutes. A more subtle attack and potentially more divesting is the 'whirlwind' energy that appears out of nowhere (though we know exactly where it is coming from). This is the energy used by Patton West to break couples up. Divide and conquer as explained elsewhere. The effect is that when the attack arrives one is suddenly wound up emotionally, angry and looking for a fight.

My wife and I have come to understand what is happening as if one stops to think and listen one can hear the loud hissing and the muffled sound like the pounding of a distant generator / diesel engine. Most of the time we understand what is happening before we succumb to the script Patton West has planned for us both. But occasionally, due to tiredness or other external inputs we get caught up in all the emotion and say things to each other we do not mean. At some point we realize that what is happening is not like either of us and then the sudden appearance of a thunder storm like emotional explosion is not organic but induced by the berder.

May 09 2026. All day long 'brain fog.' All day long prostate attack. Followed by an attempted rape attack in the evening which did not go all the way. When I am subject to a number of all-day attacks like the two described above 'brain fog' and prostate attack I have to make a decision as to which is the most serious and select a Rife frequency for one of the conditions. I chose to deal with the prostate attack as her intention is to close my prostate so that I cannot pee which in turn places my kidneys in danger. Given that this attack was all day long I had to endure the brain fog for most of the day.

May 11 2026. Went to bed at 5.30 pm as we never know how much sleep we will get. The attack to my prostate / attempted rape was sever so I got up at 9.30 pm and took two Tylenol with Codeine. These are powerful pain killers and I can only take two a day. The attack was still ongoing at 0130 am in the early hours of 12 May 2026 therefore I took two aspirins some four hours after taking the Tylenol with Codeine at 930 pm. I ended up getting into bed at past 2.00 am on the morning of the 12 May 2026. I managed a couple of hours sleep before getting up at 7.00 am. For some weeks now I have been getting between 2 and 5 hours sleep depending on how desperate Patton West and her accomplices are to 'silence' me for good.

May 19 2026. The last week or so has been horrendous. That psycho bitch Patton West has been throwing the kitchen sink at me and my family knowing that if this matter goes to a criminal court she will get life in prison or the electric chair.

The night time routine and sleep has been pretty much as described above for May 11 2026. During the day my wife and I were subject to multiple attacks sometimes simultaneously. My consciousness is attacked resulting in brain fog. My prostate has been targeted all day long. This results in an inability to pee and serious pain while trying. Fortunately the Rife frequency eases the pain in about 5 minutes and I am then able to pee. However I have to do this several or tens of times a day as only a little pee is released at a time and then it is rinse and repeat all day long.

Another strange experience is when I go to use the mouse or computer I get a numbness in my thumb on the right hand that uses the mouse. Sometimes this spreads all over my right hand. Again this is very painful and designed to stop me using the computer.

Yesterday evening both my wife and I got sharp pains in our left legs similar to what one would feel if one had been badly bruised. Fortunately this passed after about 5 mins. My wife has been subject to the usual fare for her which is sever attacks to her nervous system. The only way both of us can endure and get by is by taking copious amounts of pain killers and sleep aids. I have no idea what the long term effect of this will be but my urine is always dark even if I drink lots of water.

May 24 2026. As mentioned in the May 19 2026 update my prostate seems to be the target of choice and the main focus of the berder these past few weeks. It is targeted all day long but the evenings seem to be the worst. By using the Rife frequency I can pee fairly quickly during the daytime. I suspect this is because I am a moving target for most of the day. At night I take the first round of sleeping pills say at 6.00 pm and I fall asleep listening to an audio book or frequency. I generally wake up at about 9.00 pm after maybe two hours sleep. I wake up because in the evening / night time there is a constant 'pounding' noise like a distant diesel engine. This is the frequency she uses to wake up her victims. After sleeping for two hours and being a stationery target my prostate is very, very sore. Sometimes excruciatingly painful. The Rife frequency may take 10 minutes or more to both ease the pain and allow my prostate to relax enough for me to go for a pee.

After that it is another round of sleeping pills and pain killers and hopefully back to sleep until my 3.00 am wake up call. Sometimes I get back to sleep and sometimes I just stay up till 7.00 am when my wife, if she is lucky enough to be sleeping, wakes up. My pee is always a dark brown colour in the morning. Either caused by the overnight damage to my prostate or because of all the pills I am taking to get to sleep? The long term effect of this unknown. Hence the desperate attempts on my part to end this nightmare without taking direct action in self defense to protect myself and my family.

The other issue is one I have mentioned before but several times a day I get a twang in my right neck. It is as though someone had grabbed hold of a ligament and pulled it away from my neck then let go suddenly. The frequency of this type of attack has increased substantially of late. Now when this happens, unless I am prepared, it is quite a shock. It happened several times today most were non-events but evidence she was using that attack albeit unsuccessfully.

The last occasion it happened today I was not prepared and it was quite a shock. You feel it as though it happened for real by someone standing next to you. But there is no one standing next to you when it happens. I suspect this is not an attack <u>just designed to shock and annoy</u> and not aimed at a ligament. I suspect the target is my carotid artery which she hopes to destroy or damage and in so doing cause a stroke due to an interruption of the blood flow to the brain.

May 28 2026. The last few days have been very difficult. The two targets are a 24/7 attack against my prostate and sleep deprivation. I literally have to wear headphones most of the waking hours playing the 'Rife' frequency for enlarged prostate as if I do not then when I feel like I need a pee I try to go and cannot with the result that there is a lot of pain in my prostate. After putting the headphones on and playing the frequency for 5 minutes the pain eases and I can pee. My urine is dark either as a result of all the sleeping / pain killers I take or it is coming from damage to my prostate / kidneys. I guess the plan is for me to die of 'natural causes' wink, wink like all her other victims!

The other issue is the sleep deprivation. I normally take my first wave of sleeping pills at around 6.00 pm and after getting into bed listen to an audio book. I sometimes get one to two hours sleep and wake up at around 9.00 pm. Then I take the second wave of stronger sleeping pills with two pain killers (Tylenol with Codeine).

However what I have noticed is that immediately after I have taken the second set of pills at around 9.00 pm within 30 to 40 minutes the hissing gets louder and louder and at around 10.00 pm I have a full on prostate attack / shamanic rape attack which can go on for 3 to 4 hours. In that event I may climb back into bed at 1.00 am or 2.00 am in the morning of the following day. Sometime the attack goes on longer or I get really exhausted at around midnight or 1.00 am in which case I take two ice packs to bed to fend of the shamanic rape.

May 30 2026. **One of the worst attacks ever and definitely another attempt to Murder me – the Third (2007 & 2023 the first two).**

The attack got so bad just before mid-day that I took two Tylenol with Codeine. I rarely take pain killers in the day time as most of the terrorist attacks occur in the evening or at night. At around 1.00 pm I was hit with a multitude of terrorist attacks – simultaneously. First came the brain fog accompanied by loud buzzing in my mind. Then came extreme nausea, loss of balance and coordination. The prostate attack was already ongoing before 12.00 am but at around 1.00 pm it morphed into a full on rape attack. Then the burping / gas / diarrhea attack arrived.

I was in such a bad state that my wife came to assist me and helped to 'ground' me. I managed to sit down in an arm chair next to her holding her hand. Apparently I passed out twice while in the chair. Then the burping / gas / diarrhea attack matured to the point where I hobbled to the toilet and vomited profusely. The entire contents of my stomach was ejected at fantastic speed into the toilet bowl.

May 31 2026. All day long the main focus of Patton West's attacks were my heart and of course my prostate to stop me peeing with the aim of causing extreme pain and damage to my kidneys.. All day long a feeling I had a bruise in my chest over my heart. The evening attacks started at 5.00 pm. Sleep deprivation and prostate attack.

My wife has been subject to attacks to her nervous system, extreme sinus headaches / infection and stomach issues accompanied by diarrhea.

June 01 2026 to June 18 2026. More of the same as described on the previous several pages / days and weeks but nonstop 24/7. Yesterday and this morning (17 June and 18 June 2026). I woke up at about 4.00 am after 3 or 4 hours of broken sleep. Upon waking up I hear the constant pounding noise in my head like a muffled distant diesel generator. That is accompanied by a 'tune' in my head which is hard to describe in words other than to say a repetitive "na, na ne na, nan a ne na" constantly repeating. The loudest noise, also in my head is the constant loud hissing heard in my left ear. As I wake up fully the volume of the 'pounding and the 'tune diminishes somewhat but the hissing remains loud throughout the day. My wife hears the hissing as loud as I do and occasionally she also hears pounding noise and the 'tune' but not as often as I do. Which for me is 24/7 365 days a year. She has issues of her own directed at her by Patton West that I do not have.

I am typing this now at 6.20 am on the morning of the 18 June 2026. I have had an estimated 2 to 3 hours sleep. Because I have been taking the over the counter sleeping aids for so long (at least 10 years) they are not working as well. It is clear that the sleep deprivation is having a very deleterious effect on my health as no doubt intended by Patton West.

June 19 to June 22 2026

On the morning of 19 June 2026 I was barely able to function. The lack of sleep and the accumulated stress was taking its toll. As mentioned elsewhere I have to wear a brace to keep the hernia from popping out. Having part of my digestive system protruding from my lower abdomen is not a good look.

Getting the brace off and on to go to bed or get in the morning would normally take a few seconds being exhausted made that a frustrating ordeal. Each night before going to bed I would have a shower. At first I would try and shower with one hand holding the hernia into my abdomen. This left one hand to run the water, use the soap etc. Eventually I acquired a less complicated brace that I could use to hold everything in while I showered. This allowed me to use both hands while cleaning up.

During the day I would respond to the onslaught of attacks by sending out more emails. The attacks were 24/7 and included attacks to my brain and consciousness i.e. brain fog, dizziness, nausea, sharp pains in my legs, and attacks to my heart that resulted in a dull bruise like feeling around that organ. My prostate was attacked 24/7 continuously 2with the result that I was often in pain and could not urinate until I had played the appropriate Rife frequency for 5 or 10 minutes.

My urine has been very dark for months evidence that my kidneys are not functioning at optimum levels. I suspect targeting and or blocking my prostate was to bring on kidney failure and or prostate cancer as with Joseph Costantino who died from that condition. Shortly after taking Patton West to the employment tribunal.

Throughout the previous couple of days, I realized that my body and mind were beginning to shut down. With regard to my mind I had virtually no short term memory and would find myself standing still wondering what I had entered a room to do. I would find myself standing still enroute trying to remember what my intentions were. A lot of confusion and frustration. With regard to my body I had trouble walking and keeping my balance and had to, on occasion, to reach out to the walls in the apartment to keep me from losing my balance or falling over.

I had come to realize in early June that we were approaching the 'end game.' The end game being either my death at the hands of Patton West or her and her accomplices being forced to settle the matter privately.

"Those who oppose my wife have a habit of dying suddenly."

A comment made to John Watson by Patton West's then husband Jack West in March 2002. At the time Watson was employed as a business consultant by Patton West who was then calling herself the Ascended Master 'Devra Ji.'

I realized that I had a very short window left, maybe days not weeks, in which to force the outcome I wanted and avoid death. This meant, in the absence of help from the FBI or the Police, going for broke by broadcasting the truth about her criminal activities in such a direct and impactful way that Patton West and her accomplices would be left with no choice but to come to the table to negotiate an ending before they were all rounded up and sent to trial for decades of Racketeering, Terrorism and Murder.

On the 20th & 21st of June 2026 my wife and I started to go to bed at 5.00 pm hoping to get more sleep than had been the case in the recent past. My wife though badly affected by the campaign of attacks had less trouble getting to sleep because she was taking prescribed medications for her neuralgia issues.

The only way I could achieve more than a couple of hours of sleep was to double up on the sleep aids. Not a good idea but needs must. We did this on the evenings of 20th and 21st of June. This allowed me to sleep from around 6.00 pm to 1.00 or 2.00 am the following morning. Since I always got a wakeup call from Patton West at 3.00 am. Hence I started typing this at about 4.00 am on the morning of the 22nd June 2026. The extra hours sleep brought me back from the brink.

June 22 2026 to June 28 2026. More of the same up until the evening of 27 June 2026. All day long I was subject to two intense attacks. My prostate and my heart. Then when it came time to go to bed I drugged myself up at 6.30 pm in the evening only to fall asleep and be woken up at around 9.00 pm. I walked around the apartment for a couple of hours or so and tried to go back to sleep at around midnight. The hissing and associated noises and the sharp pains to my heart while being attacked below made it impossible to sleep. So I got up and stayed up until dawn. On n 28 June 2026 I wrote another personal email to the cult. In that email I characterized the really intense period of the attacks, on the evening of the 27th & 28th of June, as lasting for 8 hours. That was an understatement. However I want them to know what Patton West is doing but do not want to across as someone who is about to give up the quest for justice.

Evening of June 28 to morning of 29 June 2026. On the evening of 28 June 2026 I doubled up my bed time sleep aids and went to bed at around 6.39 pm. I finally got to sleep at around 8.00 pm. I woke up at 02.30 am on the morning of 29 June 2026. I realized as soon as I woke up that the hissing was really loud. I also realized that this was normal in the 3 or 4 days run up to the full moon. The few days before and after the full moon is used by Patton West and other Satanists to amplify what they are doing to their victims. I sat up in my lounge until 4.00 am and realized this was not going to stop. So I sent out another round of emails. Up until about 6 months or so my wife and I slept in separate bedrooms because we both snore. However the rape attacks got so bad I moved back in with my wife and the severity of those attacks reduced quite a bit. I occasionally had to use ice packs to stop the rape going internal or alternatively I would get up and walk around the apartment until the attack diminished.

At around 0930 am this morning, on the 29 June 2026 I decided to take a nap in my old bedroom while my wife surfed on her desk top computer. Within 30 seconds of my head hitting the pillow the rape attack commenced full power. I jumped out of bed and went back into our shared bedroom and had a short nap there. This confirmed to me beyond all doubt that these attacks are set up on the lower astral as **PROGRAMS**. In other words a + b = c. In this case if John Watson (a) goes to bed in that bedroom (b) then the rape attack (c) starts immediately.

30 June to 4 July 2026. More of the same.

5 July & 6 July 2026. I count these two days as yet another attempt to murder me. Here is what took place. One of the terrorist attacks Patton West has used regularly against me and my wife is what I describe as the 'whirlwind' attack. Patton West has used this attack on countless occasions in the past against married couples. It works like this. The lies and propaganda on her websites (all apparently allowed under religious freedom laws) attract spiritual seekers and some come as married couples. Once both husband and wife have been brainwashed and conditioned Patton West uses the 'whirlwind' attack to drive the couple apart. A great examples of this is included in Be Scofield's article which can be found here. Please access this article and then scroll down to the paragraphs about Lalita & Nicholas. What you are going to read there in that article is the overt manipulation used by Patton West. The 'whirlwind' attacks are used Patton West uses behind the scenes (they are occulted which means hidden) to speed up the process of splitting the couple so that Patton West can work on the wife.

On the morning of the 5 July 2026 my wife and I noticed that the hissing got much louder than normal and was accompanied by the loud 'thumping' noise I have mentioned on many occasions previously. Sounds like a distant diesel generator. Both of us also noticed that our bodies were getting physically warmer. My wife and I have been happily married for 25 plus years and basically do not have any issues between us that cause friction in the relationship. Suddenly we were both arguing and shouting at each other and talking about going our separate ways! We both decided to call a time out and went to bed early in separate bedrooms. That evening having got me very angry and worked up (which resulted in raising my blood pressure) Patton West changed her focus and concentrated her attacks on my heart.

At first I noticed a bruise like feeling around my heart with the occasional addition of what can only be described as spikey pain as though someone was pushing a sharp spike into my heart.

As the hours went passed I noticed a dull ache moving down my left arm towards my wrist. I believe these are signs of an impending heart attack? I took two aspirins to both dull the pain and to mitigate the damage were I to have an actual heart attack.

The following morning on 6 July 2026 my wife and I immediately realized that we were victims of outside interference and manipulation by Patton West. All that day Patton West focussed her attention on my heart hoping either to intimidate me into giving up my quest for justice or better still add another murder to the list that she can brag about. These tactics have worked well on 95% of her victims but they will never work on me. In the marines we were trained that the mission was the highest priority and that our personal safety was a distant second. I am writing this entry on the morning of the 7 July 2026 and since getting up at 5.00 am Patton West has been frantically focussing on my heart. Same pains as described above for the 6 July 2026. I have taken more aspirin!

7 July 2026 to 11 July 2026. More of the same along with the usual 3.0 am wake up call. Sleep deprivation is a weapon Patton West uses to wear down her victims. The only way I get any sleep is to heavily drug myself with over the counter sleep aids.

11 July 2026. My wife suffered the most sever gas / vomit / diarrhea attack ever. See 12 July 2026.

12 July 2026. This is my birth day. I woke up at a little after 5.0 am in the morning to find that my wife was not in bed with me. Apparently she was subject to a horrific gas / diarrhea / vomiting attack. She spent from 2.00 am in the morning until I woke up screaming and crying into a pillow in our bathroom. Patton West is beyond evil. I am typing this last sentence on 22 July 2026 as at the time the attack happened on 11 July 2026 we did not know how long it would be until my wife got over the attack. It took exactly a week. A week during which she hardly ate anything and was constantly taking gas and diarrhea meds.

Think of a 'Jack the Ripper' type personality that takes great pleasure in others suffering. Whether it is destroying marriages, causing pain and suffering in her victims and or murdering those that do not submit to her will.

13 July to 19 July 2026. More the same except in the past 48 hours Patton West seems to be focussing on destroying my carotid artery that runs up the right side of my neck and is the route for blood to move from my heart to my brain. It goes without saying that if this is damaged or severed then at a minimum I would suffer a stroke or at maximum death within a minute or two. On the 15th July I was under attack as normal with the main focus being my prostate. I had taken two aspirins to dull the discomfort. At some point I felt what I can only describe as the 'twang' feeling in my right neck.

Imagine that artery being an elastic band that someone pulls away from your neck and then releases suddenly. It did not feel too bad but I realized later as the aspirins wore off that there was quite a bit of discomfort running in a line just behind and above my right ear all the way down to my lower right neck. The exact path of that artery.

Throughout the 16th I gave myself Reiki healing and I pressed wet flannel that I had put in the freezer against my right neck. Between the two the discomfort eased but returned once the I stopped using the wet frozen flannel. I am typing this on the morning of the 17 July 2026. I still feel the discomfort but not as bad as yesterday. I am focussing my own healing abilities there for the time being and will continue to use my makeshift cold compress to ease the remaining discomfort until it heals.

What I have just described is one of the quick and sudden ways Patton West uses to 'dispatch' or permanently 'silence' her victims. I am aware of another 'program' she has running in the background which I would describe as the 'slow' burn way of murdering her victims. I have a blood test every year. I have an underactive thyroid and take a prescribed daily low dose of Synthroid. It is the only prescribed medication I take. The blood test also revealed that for some reason my bone marrow is not producing enough red blood cells.

This is something my physician and I are going to monitor going forward but I suspect this is also down to what Patton West is doing.

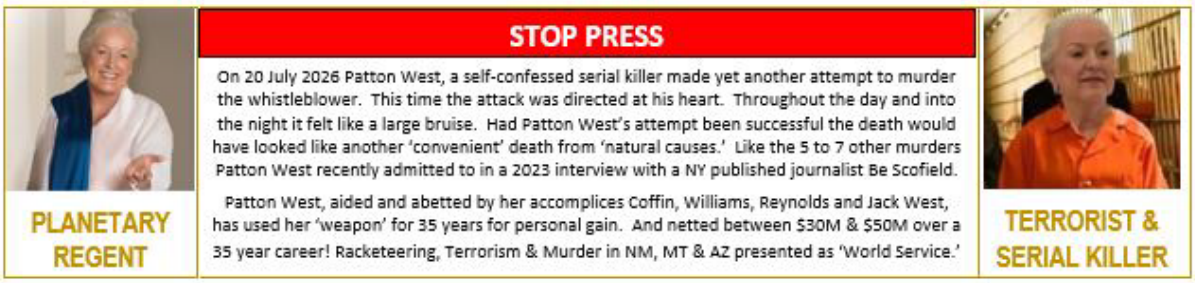

20 July 2026. This was a very uncomfortable day for me. I consider what happened as another attempt by Patton West to murder me. I am losing count but I think it may be the fifth attempt to 'silence' me.

I would remind everyone that Patton West admitted, in a 2023 interview with Be Scofield, that she had murdered several "For the good of humanity."

I woke up with a dull aching bruise feeling around my heart. It was like someone had punched me hard over the heart area of my chest. This feeling persisted all day accompanied from time to time with a sudden sharp pain which felt like a spike was being stabbed into me. I took aspirin throughout the day for the discomfort.

However for Patton West to cause a heart attack, which was obviously the objective, Patton West needs to force my stress levels up and try to lower my vibrations so that I go into fear about what might happen. So combined with the focus on my heart Patton West also launched her 'whirlwind' energy attack that pumps up anger and raises blood pressure. Then there is the constant loud hissing to the point where it is difficult to hear any external sounds clearly like the TV for instance. Then add the music / sounds she pumps into my head and you have potentially a recipe for maximum cortisol levels. This combined with what she was doing to me heart was supposed to throw me over the edge into a heart attack. Fortunately for me for reasons I won't go into at this time I am somewhat immune to fear so while the attacks are very uncomfortable for my physical apparatus my consciousness is not too perturbed. Which is why I am still alive!

The pain / discomfort persisted throughout the day and into the evening. When I eventually went to bed I became a contortionist in that, being a Reiki energy healer, I had one hand over my heart and one hand covering my rectum to thwart the rape attack. The following image got added to my 'truth bulletins' in an attempt to get the authorities to act and as a warning to the public to stay away….

21 July 2026. Upon awakening I realized that the focus on my heart had ended to be replaced by a full on attack to my prostate which, later on in the day morphed into a full on attempted rape attack. Also in the mix was the 'brain fog' attack, acid reflux attack and a nausea attack. All of this coming at once is very disorientating. Fortunately 5 minutes of the appropriate Rife frequency somewhat neutralizes each of those attacks.

22 July 2026. This day was a repeat of 20 July 2026 i.e. another obvious attempt to murder me.

STOP PRESS. The above attempt to Murder the Whistleblower was repeated on 22 July 2026. Clearly the Serial killing psychopath is getting desperate! Where is the FBI?

I see no point in copying and pasting the long explanation given on the previous page. Let me just say that Patton West was throwing the kitchen sink at me in an attempt to get me so stressed and wound up that it would trigger a heart attack. This attack was worse than the one on the 20 July in that in addition to raising my blood pressure the whole left side of my face went kind of numb and I had an ache all down my left arm. Probably not a good thing. I managed to get control of my body and wound the tension down.

I have to say though on the morning of the 23 July 2026 I still had the slightly aching face but the left arm was back to normal. This would freak most people out and certainly intimidate 99% of her victims into giving in / submitting to her will.

My wife did not escape attack during the 20, 21 & 22 July 2026. For her it was her two weak areas being her digestive tract and her neuralgia. I believe that the constant attacks on my wife's digestive system has damaged her stomach / intestines which was the objective. My wife eats one small meal a day because she cannot digest her food without it causing excruciatingly painful stomach cramps which come in waves of spasms. On the neuralgia side of things. My wife's hands, her forearms up to the elbows felt like they were on fire ditto with her feet and ankles up to just below the knee. Pain killers and other pain meds barely touch the intensity. My wife survives by taking meds and going to bed to listen to an audio book and maybe having a nap.

23 to 26 July 2026. With myself it was back to Patton West's daily routine which in my case it was the 24/7 attack to my prostate morphing in the evening to attempt the rape attack. During the day the prostate attack is supplemented with various the lesser attacks i.e. brain fog, nausea, acid reflux attack and occasional headaches. As for my wife a repeat of what occurred on 20, 21 & 22 July 2026.

27 July to 04 August. Patton West is ramping up her efforts to murder me that much is very clear. In addition to the sleep deprivation and all the other lesser attacks i.e. brain fog, headaches, attacks to my heart, 24/7 attack to my prostate (developing into a rape attack when I get on my computer) right hand going numb when I am on the computer (my right hand is the one I use with the mouse to navigate the cursor on the screen) stabbing pain in the legs in random locations etc.. The focus has been my carotid artery. As stated I learned energy healing (Reiki) and used to teach it at my conference center in the UK.

Presently, about every 20 minutes, I have to put my right hand up to the right side of my neck to apply healing / protective energy there. Providing I do this regularly throughout the day I block what Patton West is trying to do. That said I occasionally forget and I'll be doing something like washing the dishes and suddenly I will get a 'twang' in my carotid artery. This artery runs from above my right ear down my neck to where my neck joins my right shoulder.

The twang comes as a shock but that is only the first impact. The second impact is that the area the artery traces gets sore, in some case if it is a really bad attack, it gets very sore. The objective is clear and two fold. First, to cause fear. Fear of death such that the targeted individual submits to the intimidation and stops 'opposing' the serial killing psychopath. Second it is obviously intended to murder the targeted individual by severing their carotid artery with the result that blood and oxygen to the brain get stopped. Death follows within two minutes.

The murdered victim appears to have died of 'natural' causes just like the other 5 to 7 murders Patton West has admitted to. None of which have been investigated. Is it any wonder that victims Hendrickson, Kushner and Cantwell and probably scores of other victims chose to walk away empty handed. The occasional 'sudden' and convenient deaths of cult members serves to keep the remainder under her control.

05 to 10 August 2026. More of the same for myself as indicated in the previous pages. The main focus on me was the 24/7 attack to my prostate and the regular attacks to my carotid artery. The former, the attack to my prostate, meant that I was in constant pain and had to regularly use the 'Rife' frequency to neutralize that pain. Further I knew I needed to go for a pee but nothing would come out – very painful. However after 5 mins of playing the Rife frequency I could pee. This was the routine I had to go through when getting up several times in the night for a pee.

The attacks to my carotid artery were an obvious attempt to get me fearful about being murdered as that particular attack was designed to do just that. As stated elsewhere by applying Reiki healing energy with my right hand to that area it kind of neutralized what Patton West was trying to do. This is tedious as every 20 minutes or so while awake I would have to repeat that process. If I forgot, which I did on a few occasions, the attack was initially shocking as it felt to me as though someone had grabbed the artery, pulled it and then let it go with the effect similar to doing that with an elastic band. What followed was three or four hours of pain and a stinging sensation down the right side of my neck. Putting an ice block on it for a few minutes every now and again helped the pain go away.

More of the same for my wife though Patton West's focus with my wife were her digestive system and nervous system. My wife eats very little as most food now causes her serious stomach pains. We believe her gut biome has been substantially destroyed either by the attacks directed at her by Patton West or by the drugs she has to take to stop the diarrhea / stomach spasms. As for her nervous system both her hands and feet feel at times as though they are on fire. It is excruciatingly painful. This means her taking lots of pain killers and a prescription drug called gabapentin. Those drugs probably helping to destroy her gut biome.

11 August 2026. This was the day before the New Moon. Patton West like all Satanists uses the New Moon & Full Moons as they add a level of potency to her occult (terrorist) attacks. The night of the 11 August and the early hours of the 12 August (the day of the New Moon) were particularly difficult for me. I went to bed early at around 5.00 pm hoping to get a couple of hours in before I would be woken up normally around 8 pm to 9.00 pm. I did not get to sleep and had to get up at around 8.00 pm.

Due to the ferocity of the rape attack I could not lay down in bed any longer and had to get up and start walking around my apartment. Long story short in the hours between 8.00 pm on the 11 August 2026 and 4.00 am on the morning of the 12 of August 2026 I was subject to a range of attacks. The main one was the rape attack which meant I had to keep walking for hours on end. During the walk and the ongoing rape attack (never consummated) I would every 20 minutes or so be subject to the carotid artery attack. Anyone watching me marching around my apartment with one hand holding the right side of my neck and the other covering my bum would have felt me mad. This is how I cope.

Thrown in from time to time were attacks to my heart which made their presence felt like a dull throbbing bruise. Another attack felt like needles being stuck in my shins, brain fog, headaches a burning sensation on the top of my head and a blurring of my vision. I got to bed at 4.00 am ish and managed to get a couple of hours sleep.

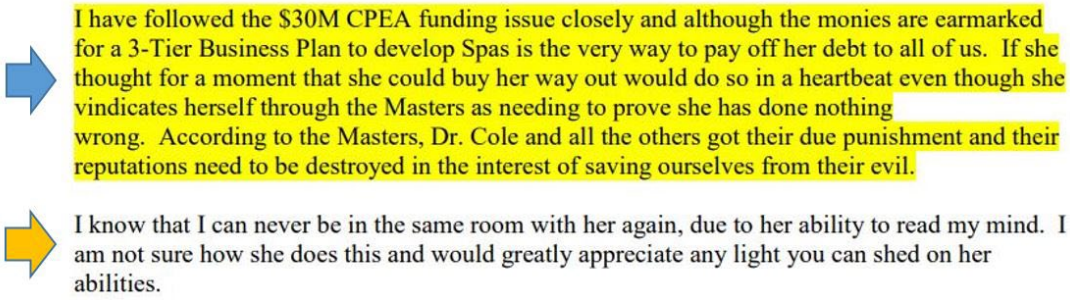

12 August 2026. More of the same during the day except that the rape attack did not occur just the 24/7 attack to my prostate necessitating the regular use of the Rife frequency to reduce the pain and allow me to pee. Surprisingly I actually got some sleep on the evening of the full moon. I went to bed at 5.00 pm and was woken up at 8.00 pm and had to get up for a couple of hours only. Went back to bed at between 10.00 pm and 11.00 pm got some sleep and was woken up again just before 3.00 am on the 13 August.

13 & 14 August 2026. I am writing this on the 14th August at 1.00 pm. Both the 13 August and the morning of the 14 August resemble what occurred on the 12 August. Mainly the 24/7 attack to my prostate and the regular attacks to my carotid artery, headaches, dizziness when standing (which passes within seconds. All the above accompanied by loud hissing in my left ear with the distant sound of hurricane winds in my right ear! Lastly because I keep forgetting to mention it in the previous pages. When the attacks are at their most ferocious I also hear the same tune over and over again. I have described this previously as 'phrase' repeated over and over again.

These are not words but sounds. Phonetically it goes like this. Na Na na na, Na Na na na continuously nonstop throughout the day. The only relief comes from listening to music or an audio book.

14 & 15 August 2026. The night of Friday the 14 August and the early morning hours of Saturday 15 August 2026. I am inclined to agree with Rebecca West and others that Patton West has the ability to either 'remote view' her victims or insert her consciousness into her victims consciousness to view reality from the victim's perspective (and to view the effectiveness of her terrorist attacks first hand).

This and other abilities were learned at the Robert Jaffe School for Energy Mastery between 1990 & 1991. Again a short scroll of the internet will produce examples of other spiritually evolved persons who remote view or read people's minds. Here is an excerpt from Rebecca West's email to me entitled 'Help Me.' Scroll down to page 3 of Rebecca's email to view the paragraph shown below here.

I have followed the $30M CPEA funding issue closely and although the monies are earmarked for a 3-Tier Business Plan to develop Spas is the very way to pay off her debt to all of us. If she thought for a moment that she could buy her way out would do so in a heartbeat even though she vindicates herself through the Masters as needing to prove she has done nothing wrong. According to the Masters, Dr. Cole and all the others got their due punishment and their reputations need to be destroyed in the interest of saving ourselves from their evil.

I know that I can never be in the same room with her again, due to her ability to read my mind. I am not sure how she does this and would greatly appreciate any light you can shed on her abilities.

View Rebecca's comments in the second paragraph with the orange arrow to the left. The yellow highlighted paragraph above are comments Rebecca made about the $30 million in government grants that Patton West was applying for. I seriously doubt Patton West's name appeared on the application as that would have thrown up a red flag. Instead her 'Money Man' Geoffrey Reynolds likely 'fronted' the application knowing full well that whatever name the 'corporation' they were using to 'front' her criminal racketeering business model it:-

1. Was not a true business but a cult / criminal racketeering business model pretending to be a 'normal' business. Further none of the officers / directors of that corporation had any discretion to make decisions. Every decision was micro managed by Patton West behind the scenes.

2. As Rebecca makes clear in the yellow highlighted paragraph above around $2,000,000 of the grant, were the application to be successful, was to be used to pay off Patton West's debts. Another witness, defrauded out of $30,000 was Patton West's step mother Carol Patton. Patton West told Carol Patton that the $30,000 she was owed would be paid out of the grant money. Here is a link to the email Carol Patton wrote to your law firm.

15 August to 18 August. Back to Patton West's ability to 'remote view' her victim's circumstances. On the night of Friday 14 August 2026, the night before I was going to get up and drive to Vancouver on Saturday morning, I got one hour of sleep. The attacks were so intense and the frequency used to wake me up or keep me awake was going full bore. None the less I drove to Vancouver a journey that took me four hours and 15 minutes. Within 20 minutes of setting off I was attacked in the anus / prostate to the point where I had to lift my bum off the car seat repeatedly to get some relief from the pain / burning feeling in my bum. Exactly the same happened during the four plus hour drive back from Vancouver to Kelowna on Tuesday 18 August.

So here I was wriggling from side to side to try and reduce the pain while driving on the highway. To make matters worse every now and again, maybe a few times during the trip, I would be the recipient of the carotid artery attack. To neutralize that I would have to have my right hand pressing against the right side of my neck to mitigate the worst effects of the attack. If I was late in getting hand up the attack resulted in stinging down the right side of my neck along the route of the artery.

The worst possible outcome would be a severing of that artery resulting in me losing consciousness with death arriving within one or two minutes. Clearly Patton West's plan was to try an orchestrate my death via no sleep, distracted driving with me trying to alleviate the pain in my bottom and on top of all that the repeated attacks to my carotid artery. Had she been successful it would have been death to my wife and I and put down to bad driving on my part. With Patton West having plausible deniability.

19 August to 24 August 2026. Upon arriving back home in Kelowna BC we seem to have settled back into the normal daily / nightly routine. For me that was / is a 24/7 attack against my prostate which eventually becomes painful and prevents me going for a pee. I can try but nothing comes out in spite of the pain. That said 5 to 10 minutes maximum on the 'Prostate Enlargement' Rife frequency and I am able to empty my bladder. This goes on all day and all night. During the night I get up three or four times as the pain / discomfort wakes me up and in order to be able to pee I put the air buds back in and listen to the Rife frequency for 5 to 10 mins and then get back into bed and try and get back to sleep.

In addition to the above most nights I am subject to an attempted 'Shamanic' rape attack that necessitates me placing one hand over my bum to block the energy (and one over my neck to block the carotid artery attack). Most nights I have to get up and start walking around the apartment as the Reiki energy from my hand is insufficient on its own to block the rape attack. So I take a couple of pain killers and walk around the apartment for an hour or two until the attack reduces in intensity. Then, when I can, I sit sideways on my couch with my right hand covering my bum while watching YouTube for 45 mins. Then I get back into bed with more sleep aids and put on the Rife frequency for insomnia and if I am lucky I get back to sleep.

The above is the 24/7 routine but it also includes random attacks like for instance the sudden feeling that a needle is being inserted into my right ankle bone. Intense headaches all of a sudden, brain fog, numb right thumb when I use the mouse. The numbness sometimes works its way up my right arm to my elbow. Then there are the random issues with my computer that occasionally results in it locking up requiring a 'cold' shut down. A cold shut down meaning I lose total control of the computer and cannot shut it down normally so have to pull the power and restart.

On the 24 August I was in the middle of creating an audio file to help me sleep. It basically was something I pulled off of YouTube to which I added some subliminal messages in my own voice. I was half way through this and the power went out in our apartment. As far as I could tell not out in the street nor anywhere else in the apartment building as the lights were still on in the hallway. This same ability to mess with electrical devices has been explained elsewhere and was very evident when Patton West's Brazilian counterpart 'John of God' was arrested.

'Supernatural' events terrify police while interrogating celebrity medium John of God over sexual abuse claims as computer 'takes on life of its own' and electrical appliances short circuit. Go here to read what the Brazilian police experienced at the time of his arrest.

The night of the 24 August was particularly bad as I was woken up at 11.30 pm with a fully developed rape attack in process. Needless to say I did my usual routine and was able to get it under control and went back to bed at 3.45 am on the morning of the 25 August.

25 August 2026. The night of the 25 of August 2026 was particularly intense. I realized Patton West was ramping up the intensity of the attacks ahead of the full moon on the 27 August 2026 and the eclipse on the 28 August. After getting up and down a few times to listen to the Rife frequency so I could go for a pee I finally gave up and got up at 2.30 am on the morning of the 26 August and stayed up until my wife got up at 7.00 am.

I would add this both my wife and I are the subject of a frequency attack by Patton West designed to keep us awake all night. Only by taking copious amounts of 'over the counter' sleep aids and listening to frequencies and audio books that drown out the sound of the hissing in out left ears and the 'pounding' noise in our right ears do we get any sleep. As for my wife during the period 19 August to 25 August my wife was subject to daily attacks to her nervous system causing her excruciating pain along with a daily attack to her digestive system. I do not know the long term effect on both of us of these terrorist attacks or the long term effects of taking copious amounts of pills. I guess we will find out eventually!

26 August to 01 September 2026. As per the previous entry Patton West kept ramping up the duration and intensity of the terrorist attacks. Something that has become one of her most used form of attack against me is the attack against my carotid artery. I spend a fair amount of my time during the day holding my right hand palm against the side of my right neck. I am sure that blocks a lot of attacks but occasionally I get lax and then the attack will land. Within 20 minutes the side of my neck get sore. The only thing that gives relief is a small ice block held against the side of the neck.

During the course of 2 or 3 hours the pain morphs to a sensation and then disappears. I suspect that the growing campaign of attacks to my carotid artery are the latest series of attempts by Patton West to murder me?

s stated above the attacks to my prostate are ongoing 24/7. It causes pain and back up the urine in the bladder. So throughout the daylight hours if I feel like I want a pee I can go and try sometimes a little comes out and sometimes none comes out. Five minutes on the appropriate Rife frequency resolves the issue. That is to say it neutralizes Patton West negative vibration allowing the prostate to relax and open.

The Prostate and Shamanic rape attacks start off the same way. That is to say there is a growing and intense feeling in the perineum (base chakra). In the run up to and beyond the full moon on 28 August the attack to prostate would graduate to a full on rape attack. On some days this occurred twice a day. Late morning / early afternoon and again in the evening.

I do believe that Patton West can remote view because I realized some time ago that the second of these attacks always occurred about 30 minutes after I had taken my nightly dose of sleep aids. I suspect there were two reasons for that. The first being she thought I would succumb to the rape attacks if I was loaded up with sleep aids and desperate for sleep. The motive was to deprive me of sleep in the hope of just wearing me down to the point where I had no energy left to fight. However we marines (serving or retired) are quite hardy folk.

I have described the three main attacks but Patton West is as prolific as she is deranged. Alongside and amongst the above named attacks there were electric type shocks to my inside right shin, acid reflux attacks and severe but short lived headaches. For my wife during the same period it was the usual nerve pains and some digestive issues.

So this is how matters proceeded between the 26 August 2026 to 01 September 2026.

Is it any wonder that Kendal Haywood thought she was having mental problems. Clearly Kendal did not know what was happening to her and thought she was losing her mind.

Dr. Cole MD, a long term brainwashed and conditioned member of Patton West's cult, provided Patton West with what the child custody hearing may have assumed was an independent 'professional' medical opinion that confirmed the narrative Patton West wanted the court to believe.

Doubtless Dr. Cole was acting on Patton West's instruction. It is worth revisiting, for the sake of law enforcement, just how much Dr. Cole and others were brainwashed and conditioned to carrying out Patton West's demands however immoral or illegal. Here are some data points to consider.

1. The statement made by Carlida Finch to the labor board wherein it was reported that Patton West physically beat Dr. Cole and was overheard to talk about murdering Cole.

2. The Whitefish Pilot newspaper article which covers the assault by Patton West on Dr. Cole. Wherein Patton West remarks that she has the spiritual authority to take Cole out and compost her? It also features a list of many other crimes.

3. Be Scofield's article entitled the 'Sage of Sedona – Inside the Cult of the Rishi' shows Patton West to be a vicious psychopath who admits to murdering several, "For the good of humanity."

4. Here is a link to the statement made by Pat Cole MD (on behalf of Patton West). Does one think given that given the above three data points that Cole might have written down just what Patton West asked her to write down?

5. Karma can be a bitch. Here are links to documents showing what happened to Cole once her usefulness to Patton West had expired. 1. Jenny. 2. John Mark Young. 3. Rebecca West. 4. Dr. Cole's Aunt

Below here is me holding a package of evidence that Kendal sent to me to review. This photo was taken while I was living in Nova Scotia so would around 2004.

The point being that Patton West used the same terrorist weapon against both of her daughters in law (Chris Haywood's two ex-wives) to undermine the both child custody cases. This worked against Kendal who was 'persuaded' she was having mental problems. It did not work against Jamie Haywood in 2007.

In early 2006, several months after two scam artists Wilson & Ross defrauded Patton West out of $650K, Dr. Cole was subject to a campaign of violent assaults whose objective was to extract Cole's entire net worth to partly or in whole make up Patton West's losses. This involved extracting Cole's entire net worth, which included Cole's home, her available cash, the contents of her IRA and $50,000 Cole was forced to borrow from her aunt.

At the same time Dave Kushner was defrauded out of $30,000, Mike Hendrickson out of $200K and Marion Cantwell was, according to a witness, kidnapped, held captive and beaten until she agreed to give up part of the sale proceeds of her home. Cantwell was released and told she would be murdered if she went to the police!

Again is it any wonder that so few of her victims ever get satisfaction with most being intimidated by the terrorist attacks or murdered like Joseph Costantino or Lisa Swidler both friends of me and my wife….

Patton West's 'policy' is to offer employees high wages and conditions as an inducement to get them to give up their employment elsewhere and in some cases move from different parts of the country to work for her charity (cult). Within days of taking up employment the advertised wages are reduced and the advertised health insurance is withdrawn. By 2003 Joseph Costantino was owed $20,000 in salary and overtime which Patton West refused to pay. After taking Patton West to an employment tribunal Joseph settled for $10,000. In 2003 Joseph had facilitated multiple statements from employees about the crimes being committed by Patton West against them. Shortly afterwards Joseph died suddenly.

MURDER AN ACCEPTABLE COST OF DOING BUSINESS?

MURDERED?

In 2005 Lisa Swidler, a student and teacher at Patton West's unaccredited school for occult studies, died suddenly and unexpectedly leaving behind two small children under the age of 10 years. Maybe it was a total coincidence that at the time of her sudden death Lisa had fled the cult and was likely going to the police to report three serious crimes she had witnessed Patton West committing against other 'students.' Dave Kushner was defrauded out of $30K. Mike Hendrickson defrauded out of $200K. And last but not least Marion Cantwell was kidnapped, held hostage and beaten until she agreed to make a large donation to Patton West from the sale proceeds of her house.

MURDER AN ACCEPTABLE COST OF DOING BUSINESS?

MURDERED?

And according to Geoffrey Reynolds I was supposed to be next!

After being defrauded out of wages and shares fraud victim turned whistleblower sued Patton West a lawsuit he won in 2008. However along the way on August 9 2007 senior cult member Geoffrey Reynolds announced Watson's impending murder to a local newspaper reporter. The newspaper reporter took the threat seriously and shared it with a federal agent who was investigating Patton West at the time. Approximately one week later Patton West made a failed attempt to murder the whistleblower. As well as announcing Watson's impending murder Reynolds also announced a campaign of occult violence against Watson, his wife and children which is ongoing. More recently, in November 2023, Patton West made another attempt to murder Watson using a different tactic. Reynolds did not announce this in advance! We will share the details with law enforcement.

MURDER AN ACCEPTABLE COST OF DOING BUSINESS?

TWO FAILED ATTEMPTS TO MURDER WATSON. THIRD ATTEMPT ON THE WAY!

Jack West did warn me in 2002 what would happen if I went public. As we know Geoffrey Reynolds actually announced my impending murder on August 09 2007 while talking to the Bigfork Eagle news reporter. The announcement was made just before we won the fraud trial brought against Patton West. Now you have a mountain of evidence proving that they fully intended to carry out my murder and at the time of writing Patton West is fully committed to carrying that out.

The prosecutors can add to that the other several suspicious and convenient deaths of victims who tried to oppose her by seeking justice for crimes committed against them. Then there are the reluctance of cult members like Hendrickson, Kushner and Cantwell all of whom were defrauded out of substantial sums of money but were too afraid to do anything about it.

ANNOUNCED WATSON'S MURDER IN ADVANCE ON AUGUST 9 2007

"Watson will be dead within 12 months or in jail for reacting to what Patton West is going to do to him, his wife and children."

Quote from Geoffrey Reynolds August 9 2007 while giving an interview on behalf of his employer Patton West.

WARNED WATSON IN 2002 HE WOULD BE MURDERED IF HE TOLD THE TRUTH

Between January 2002 & August 2002 the whistleblower worked as a business consultant for Patton West. Watson found rampant fraud. Patton West's husband Jack West told the whistleblower that those who opposed his wife had a habit of dying suddenly. A clear warning not to rock the boat.

This serial killing psychopath creature is beyond evil. It speaks volumes as to how 'accomplished' she is that she has managed to avoid jail or a criminal investigation for 35 years.

This is why Patton West has only operated in western states NM, MT & AZ where the courts seem unable to prosecute a criminal as evil, deceitful and manipulative as Patton West.

As mentioned elsewhere (in the videos and on the websites). Patton West does not bother putting up much of a fight against the civil lawsuits brought against her including the one I launched against her in 2003 which I won in 2008.

Why waste money on lawyers' fees when she can terrorize victims into backing down as 95% of her victims do.

Patton West appealed the 2008 judgement I had won with the fraud lawsuit I had brought against her. In 2010 I turned up or the appeal hearing and was served by both Patton West and her stooge Reynolds for defamation. There are two important points worthy of making here.

1. Reynolds joined Patton West's employ having moved from California to Montana in September 2006. And yet Reynolds, doubtless on Patton West's instructions, took a copy of Patton West's ~~lies~~ pleadings and presented the copy to the court as his pleadings. Clearly his totally false statements to the court resulted in him getting a $5,000,000 undefended summary judgment against me.

2. In January 2007, in the run up to me winning my fraud lawsuit in 2008 I received a lengthy email from another one of Patton West's stooges / senior cult members in this case Julio Williams MD. Here is a link to an excerpt from Williams' email to me. So events happened just as Williams said they would. He pledged $2,000,000 of his own fortune to fund Patton West's legal fees against her many victims chiefly myself. This is what criminals do if they cannot intimidate or murder you they 'buy' the law they need and hopefully bankrupt their victims in the process.

Back to the appeal hearing. While attending the hearing I was shocked that the appeal judge refused to listen the evidence on the recording I had made. Critical evidence that would have won the appeal for me and allowed Judge Langton's decision to stand. A recording which contains 5 seconds of Patton West using the 'F' bomb twice and 44 minutes of her admitting to defrauding me along with admitting to many other serious crimes.

Later that year I was further shocked that, when I was being deposed, Mr. Bartlett allowed Patton West & Reynolds to sit opposite me clearly doing their utmost to distract me so I could not deliver my evidence in a clear and concise way.

Well this all water under the bridge. I guess if I ever decide to return to Montana to take up a life of crime Patton West's lawyer, Mr. Bartlett, would be a good lawyer to hire since he allowed the above to happen.

A reminder about Geoffrey Reynolds who announced my impending murder by Patton West to the Bigfork Eagle newspaper reporter on August 9 2009. On the right two quotes from a posting on social media by Geoffrey Reynolds in 2014. The left hand image is my creation and I believe accurately depicts Patton West's view of reality! Which is that she is above the law and will never be called to account.

As explained elsewhere I left Montana and the USA and moved to Canada for our safety. In the end it made no difference except to make it difficult for Patton West to use 'lawfare' against me.

Lawfare funded by Julio Williams just as stated by him in his January 2007 email (follow the link and scroll down the page) to me wherein he pledged $2,000,000 to fund Patton West's legal fees so his cult / gang leader could defend herself against me and several of her other victims.

I expect that this state of affairs will continue until the psychopath is forced to stop or has bigger issues than having to deal with 'truthers' like me!

Below here are two images one is showing the Gaviscon I keep on hand for the acid reflux attacks and the other shows the amount of pills we have to use to get a few hours sleep each night. I have no idea what the long term effects will be after taking these pills for several years!

Regarding my other daughter Alex. I spoke to Alex on Sunday 8 February 2026 and learned that she too had probably been subject to yet another vicious attack from Patton West.

This time she was at work sitting at her desk and upon resting her elbows on the desk suddenly felt pain in one of her arms. Long story short she appeared to have damaged her 'rotator cup' at the elbow which resulted in a golf ball size swelling. Alex went to outpatients at the hospital where they lanced the swelling and wrapped the whole of the affected arm from elbow to wrist. By which time Alex's arm from elbow to wrist was covered in bruises. This is a rare injury. But follows a series of other 'rare' injuries to my daughter!

This may all sound very strange to you unless you have taken a minor in quantum physics and understand the concept of quantum entanglement but look at this way. A Mafia boss dispenses discipline by physically harming their targets i.e. via beatings or using a knife, a club, poison or a gun. In other words the actions occur in the third dimension. Patton West does not even need to be in the same country as her target to administer harm.

Instead she uses occult (hidden) knowledge to hack the code of the targets astral body in the 4th dimension with the intended harm then manifesting in the targets physical body in the third dimension. She has, to those ignorant of the use of the occult (hidden knowledge – physics we do not yet understand), plausible deniability.

Those ignorant include 99% of law enforcement, judges and most of the general public. This explains why she has gotten away with serious crimes on an industrial basis for three plus decades. It also explains why so many victims in her cult walked away empty handed because, as students in her unaccredited school for occult studies, they knew what she was capable of. I have explained this in greater detail in the following bulletin. I think there is more enough here to convince a judge and jury that Patton West is criminally insane and has a lot to answer for.

The Rishi's Occult Weapon Explained.

Be Scofield very informative article lays out clear and detailed evidence of how Patton West uses her secret (occult) weapon against scores or hundreds of victims over the past three decades or more. Having read Be Scofield's article I hope you agree, as would a judge and jury, that Patton West's use of occult knowledge to rob, defraud, extort, injure, and murder individuals must amount to Terrorism. The definition of which is.

The use of force or intimidation as means of coercing others to do something they would not ordinarily do.'

Patton West is criminally insane and a card carrying Satanist. She who gets extreme pleasure in manipulating people in a way that, up until now, was difficult to prove. The 'Type 1' attack (rape attack daily / nightly) as described above is one way that Patton West's lets her victims know that she can reach them anywhere in the world at any time she chooses. Which is why me and my families move from Montana to Nova Scotia in July of 2005 made no difference to our circumstances other than making the lawfare funded by Julio Williams more difficult.

Patton West also relies on the fact that if her victims go to the police and ask for help they will not be believed. Similarly what is the point of going to a doctor and asking for help. If you told them what was going on they would probably refer you to a psychiatrist. Which is exactly what happened to Kendal Haywood. Patton West targeted Kendal relentlessly to the point where she was diagnosed as mentally ill. Patton West's porn loving wife beating son got their infant daughter. One of the doctors giving that opinion about Kendal's state of mind was Dr. Pat Cole MD who was a senior member of Patton West's cult at the time of the child custody hearing. Karma eventually caught up with Cole as after getting all of her money and her deceitful / fraudulent doctors 'professional' opinion about Kendal's mental health Cole was ejected from the cult having served her usefulness.

Another tragedy that you as investigators should look into concerns ex-employee Diane Stoner.

Diane was an employee of Patton West's. I worked with her for some months. Long story short Diane did not like what was happening to Patton West's employees and 'students.' Diane made her feelings known a couple of times and got some negative attention from Patton West. Long story very short Diane shot her husband to death after discovering he was having an affair. I believe Patton West influenced / manipulated Diane into over reacting. Yes when Diane found out she kept tabs on her husband's infidelity and even sent some 'unfortunate' texts to her husband's girlfriend but murder was in my opinion totally out of character. As stated above Patton West likes to toy with and manipulate those around her like some evil children like to pull the wings off insects or torture dogs and cats.

What I am saying is this. I do not condone what Diane did but I believe she was being heavily manipulated by Patton West and was coerced into murdering her husband.

Not all the terrorist attacks my wife and I have been subject to over the past 19 years were aimed at physically harming us. Many were energetic in nature and designed to make us both angry in an attempt destroy our marriage. A tactic used against couples who joined her cult. Divide and conquer. The strategy used against several couples works like this. Get rid of the husband and then, when the wife is fully under Patton West's control empty the wife's bank account into hers.

I believe Diane has now served 20 plus years and has been turned down for parole twice. This is in my humble opinion a miscarriage of justice. Please read Be Scofield's article as I believe there are examples of how Patton West had driven a wedge between husband and wife and then subsequently took control of the wife and her wealth. This strategy did not work on me and my wife. It was just another power play / strategy amongst many used by Patton West. If you shared all this information with the authorities / appeal court / parole board I am fairly certain Diane would be released. I would be prepared to be a witness for her at her appeal hearing.

Patton West uses the Nazi model i.e. telling big lies and keep repeating them until people eventually believe them. Using her ill-gotten gains from decades of racketeering in NM, MT & AZ Patton West presents herself on-line as a 'World Server.'

See the following images…

How many victims treated this way over the past 35 years. How many murders? How many marriages destroyed as she separates the wife from the husband and then after the divorces she empties the wife's bank account. And what is worse is that while she robs, defrauds, violently assaults and murders countless victims she portrays herself as an 'Ascended Master.' And in so doing attracts more and more victims, so called 'spiritual seekers' who do not have the sense or discernment to tell a saint from a serial killing psychopath which Patton West clearly is.

Multiple murders may be hard to prove in the past but not after she admitted being a serial killer in the 2023 interview with Be Scofield. Patton West is guilty of literally thousands of acts of terrorism over 35 years. This is not an exaggeration as I have been targeted with multiple attacks several times a day for 19 years. Patton West's crimes should be aired at a R.I.C.O. trial and when found guilty Patton West should face the death penalty. Ditto with her side kick Reynolds who announced my murder to the press on August 9 2007 along with the campaign of terrorism which is ongoing as I type this missive 19 years later.

I understand that there are no statute of limitations on Terrorism or what amounts to multiple 'cold case' murders where victims appeared to have died of 'natural causes.'

Just FYI. Patton West, were she to be jailed for her crimes, could while serving her sentence, could go into 'altered states' of consciousness and use the Shamanic Visioning she learned at the Robert Jaffe School for Energy Mastery' to continue to target her victims / enemies. The only way to stop this happening would be to execute her for her crimes or alternatively to chemically or surgically lobotomize her

On the murder of Lisa Swidler. Maybe just a coincidence that Lisa Swidler witnessed 'students' / cult members Dave Kushner, Marion Cantwell and Mike Hendrickson be the subject of financial crimes at the hands of Patton West just before her death. Lisa tried leaving the cult as prelude to going to the police / authorities to report these crimes.

As Jack West told me in 2002 those who oppose his wife have a habit of dying suddenly. Which is exactly what happened to Lisa Swidler a young healthy mother of two children under the age of 10 years. I was supposed to be yet another victim alongside the several she admitted in 2023.

It is probably just another coincidence that the two acts of fraud referred to above against Kushner and Cantwell and the extortion of $200K from Hendrickson happened immediately after Patton West herself was defrauded out of $600K by Messrs. Wilson and Ross.

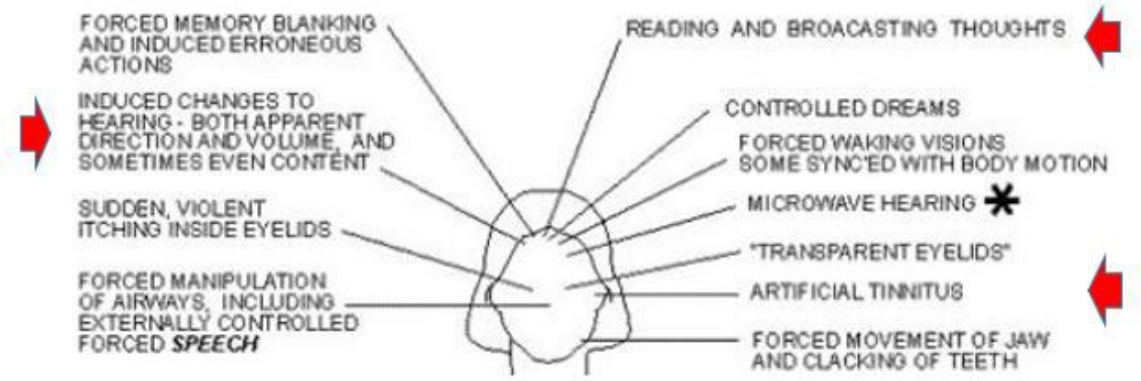

Follow the link to the court documents.

https://www.therishi.info/documents/158.%20Securities%20Fraud%20Devra.pdf

In other words after losing $600K Patton West immediately 'harvested' funds from some of the 'livestock' in her cult. Apparently she got $30K from Kushner, $200K from Hendrickson and an undisclosed amount from Cantwell who had just sold her house. I expect the amount was close to $100K but I do not know.

One aspect I have not dwelled on much is Patton West's ability to project sounds (voice to head) into her victims minds. An act of terrorism designed to coerce the victim into submitting to her will the aforementioned used alongside all the physical terrorist attacks. Used either to facilitate crime (theft, fraud and extortion) or to intimidate victims into NOT going to the police, law courts or going public.

I suspect this was used against Kendal Haywood to subvert the first of two child custody court cases brought by Patton West's son Chris Haywood and again against Jamie Haywood during the second child custody case.

As stated I have now been subject multiple murder attempts and a campaign of terrorist attacks for the past 19 plus years. Most of these attacks were designed to harm or destroy the physical body. However in the past 12 months I have been subject to sounds / music that are being beamed into my head by Patton West.

Spiritual Masters (and demonically run psychopaths like Patton West) have been able to do this for millennia. In the last 40 or so years the CIA and other intelligence agencies have also been able to use technology to achieve the same ends. This is all explained in this bulletin.

Here are three examples of sounds being projected into my head by Patton West in an attempt to stop me telling the truth about three decades of Racketeering, Thousands of acts of Terrorism, two failed attempts against me and several other suspected Murders of students / employees. The following sounds are not 100% accurate but are closest sounds I could find to match what was being projected. These sounds in addition to the constant 24/7 hissing in my left ear.

1. TUNE Projected into John Watson's HEAD.
2. CONSTANT NOISE Projected into John Watson's HEAD.
3. WIND NOISE Projected into John Watson's HEAD.

I have two weapons to stop myself staying awake all night:-

1. I drug myself up with over the counter sleeping pills (I have been on those for 10 to 15 years), high doses of melatonin and valerian.

2. I have Apple air pods so I either listen to an audio book or play Rife frequencies to counter the negative frequencies she sends to me. That said I stumble through some of the days exhausted. Ditto my wife. And I have no idea what effect playing sounds loudly into my ears to drown out the songs / noise / hissing projected into my head. Another aspect that has happened on multiple occasions is I will wake up at midnight or at 3.00 am to realize that I can hear a loud pounding in my head somewhat like a diesel engine or generator running.

I quickly came to realize that this too is a frequency being sent by Patton West in an attempt to cause a heart attack. To explain. My heart rate is normally quite slow as I am quite fit for a 75 year old. When I awake and hear the pounding I realize that my heart rate is exactly following the pace and beat of the 'engine' sound being sent into my body. To be clear my heart rate was way up and exactly following the beat of the frequency she was sending. I have noticed that the same phenomena sometimes occurs while I am being shamanically raped. I guess Patton West hopes that the elevated heart rate and forced sex combined might push my heart over the edge so to speak.

Clearly this cannot continue.

Now maybe everyone will understand why Mike Hendrickson defrauded out of $200K just walked away. Why Dave Kershaw defrauded out of $30K just walked away. Why Marion Cantwell kidnapped, beaten and had part of the proceeds of the sale of her home extorted from her. Cantwell was told that if she went to the police she would be murdered. I suspect that 95% of her victims either walk away in fear or find out very soon what they are up against and decide illness, injury or death is too high a price to pay for justice.

How many of those victims have been the subject to hundreds or as in my case thousands of TERRORIST attacks. How many were murdered to keep them quiet? My guess at least 5 maybe as many as 7.

Some victims may not know they are victims. The same occult weapon used to create illness and injury in myself, my wife and countless other victims can also be used against wealthy targets that attend her 'private sessions' and 'private audiences.'

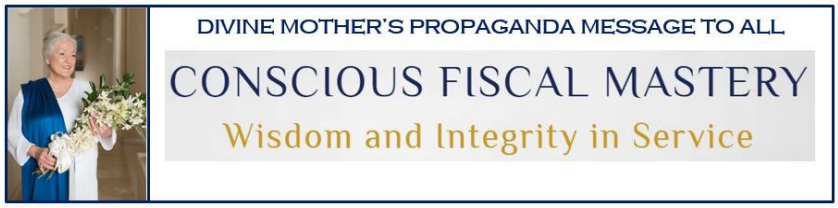

In brief some of the wealthy targets who attended her 'Private Sessions' or Private Audiences' were convinced, for example, that they were in the process of developing cancer which Patton West says she can cure for a large fee. If the targets do not believe (Patton West's totally false diagnosis) in the following days, weeks and months they get ill and then get seriously ill.

At which point they become 'believers' and end up paying a fortune to Patton West who then stops targeting the victim and hey presto they get 'cured.' Like the several murders she has so far gotten away with and the countless acts of terrorism against scores of victims over a 35 year career. These are potentially 'perfect' crimes.

Below here an image of Patton West's 'Pay Portal' as featured on her latest website now taken down. This was used to receive the proceeds of organized crime….

Apparently in 2002 Patton West, then calling herself Devra Ji, charged one victim $500.000 according to two witnesses Diane Stoner and Kathleen Francisco both ex-employees. Their testimony available by following this link 'Audio Library.'

Above: An example of the lies and propaganda Patton West regularly features on her websites and social media postings. All apparently allowed under 'religious freedom laws.'

To justify a R.I.C.O. investigation there needs to be a pattern of behaviour spanning ten years with two or more of the 'qualifying' crimes being committed. There is a pattern of behaviour spanning 35 years with at least 6 to 8 qualifying crimes with some of those qualifying crimes having been committed several times. It is time to protect the public from this psychopath / serial killer. I have collected more than enough evidence. All I need is for law enforcement, police / FBI, to do their jobs!

As stated previously Patton West, believing her own BS and propaganda and convinced she was beyond the reach of the law, made the following statement while being interviewed by Be Scofield….

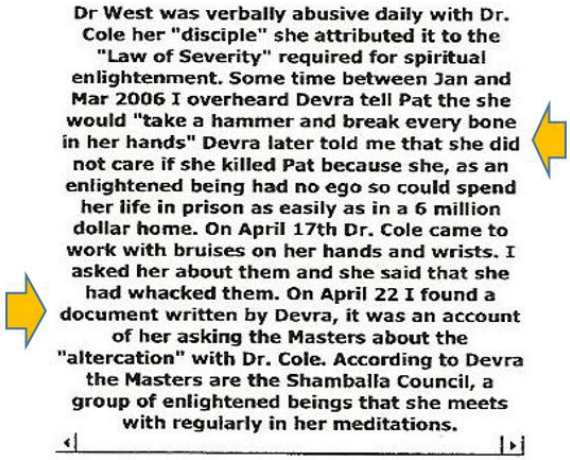

And Patton West admitted to several murders:

Devra says she has "taken a limited number of earthly lives" for the benefit humanity (source)

And still the FBI & Police do NOTHING! Why?

Unfortunately for Patton West many victims came forward and shared their experiences of being in Patton West's cult including how they too were victims of terrorism at the hands of Patton West the self-declared regent of the Western hemisphere, Mother of Ten Thousands Suns etc. etc.

Below here is an example of Patton West 'admitting' to using murder as a means to an end.

As stated elsewhere, I started writing to the FBI in Arizona in 2010. I actually phoned the FBI in Sedona in 2010. The response to my phone calls was that if people were stupid enough to join a cult that was their problem. I never got as far as talking about decades of racketeering, thousands of acts of terrorism and multiple suspected murders. The call ended swiftly before I could let them know about two decades of Racketeering, Thousands of acts of Terrorism or several suspicious Deaths.

Patton West only operates in western states where they either do not have the resources to prosecute 'white collar' crime or do not understand what is happening.

Had Patton West operated in New York she would have been jailed decades ago. Martha Stewart was jailed for a lot less and she had not injured or murdered anyone! However she operated in New York not in the 'wild west!" While operating in Montana Patton West racked up a long list of visits to court as the defendant in mainly fraud related lawsuits, two arrest warrants, a conviction for assault and was forced to sell her assets at a Sheriff's Sale to pay past victims of crime $2M in court fines and interest and this is the tip of the iceberg.

And yet after I exposed her crimes in Montana she just moved on to Arizona and did it all again. There should be an investigation into how it was that law enforcement and the courts failed to stop this career criminal then!

By the way the image above, where Patton West talks about murdering Cole, is an excerpt from a statement by Carlida Finch to an Employment Tribunal after she was dismissed for refusing to join the cult as a low paid or no paid slave. Clearly Patton West's ashram / office / crime central was a dangerous place to work but even though Carlida Finch, Rebecca West and joseph Costantino went to the employment tribunals all three did not get the justice they deserved as Patton West had an endless supply of brainwashed droids ready to lie for her. There is more than enough evidence to jail Patton West for life but she operates in the 'wild west' because she knows she can run rings around what passes for the 'law' and justice there!

The document referred to by Carlida Finch is entitled 'The Law of Severity on the Path to Purification.' A totally contrived and fake 'channelling' manufactured by Patton West to justify the brutality meted out to Dr. Pat Cole MD. Basically Patton West claims the Ascended Masters 'authored' the message. Patton West justifies the campaign of vicious assaults on Dr. Cole MD by asserting that Cole was a Nazi in the WWII death camps? Patton West regularly manufactures this kind of bullshit.

The Law of Severity on the Path of Purification

Response to the Call of Master Surya Devi for Review

April 17, 2006 From Master El Morya of the Shamballa Counsels

What must be taken into account in all matters of review on the part of the Shamballa Counsels is the surrounding circumstances and the root motivation that is at play within any given matter of cause and effect or in the case of Surya Ma's actions the matter of singular cause aligned in Divine Will. We therefore have come to the following determination:

At no time has Surya Ma's intentions been rooted in anything other that the highest of grace despite the seeming severity that was meted. And we are witness to the sacrifices that she has made on behalf of the awakening of those who are placed in her charge and on behalf of the Divine Plan itself. She has offered up very resource and body, mind and soul

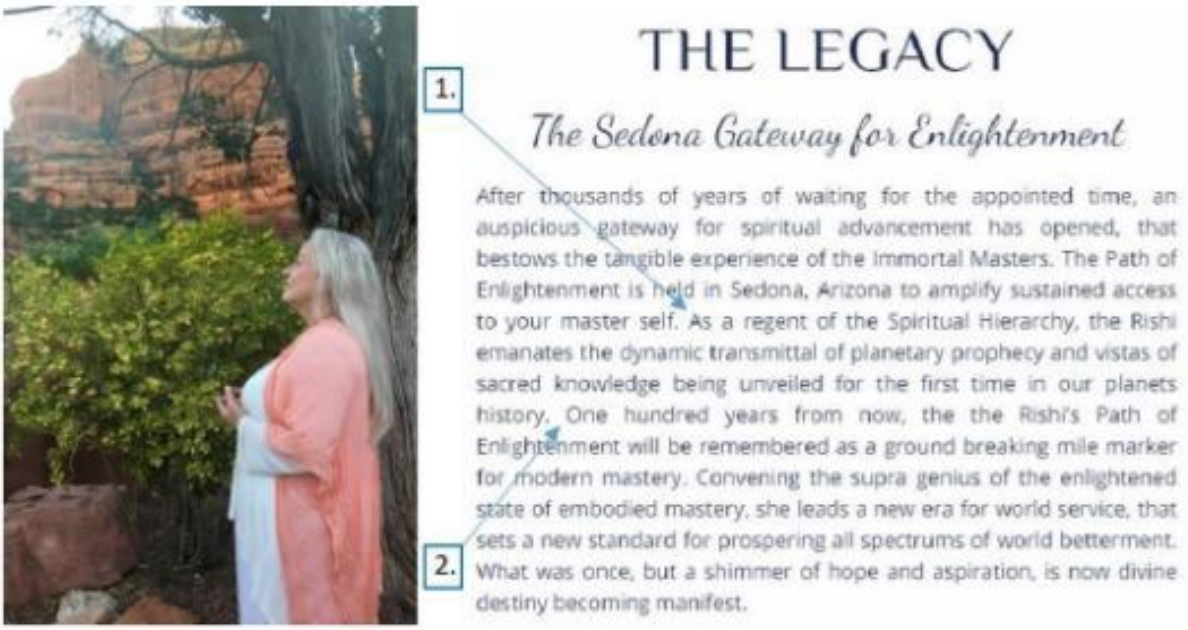

Dr. Cole is long over due in the sound arighting of her soul with its Creator. Her role in the death camps of Europe during the reign of the Nazi defilement is as yet unrectified. The suffering that was administered directly from her hand was an unconscionable infliction of brutality and evil and more over was resultant in the compromise of her very soul of its inherent link with the light of God. This is a rift in time of planetary karma and many souls have been lost to this rift and remain entrapped in the astral planes of this horror of human disgrace. Her continued denial of this samscara remains a factor to be rectified and she cannot progress until she comes to terms with her compulsions of victimhood rationale, that are merely smokescreens that veil her memory of her perpetrations against her fellow human brethren.

These 'messages' are not channelled. They are manufactured from her own evil fertile mind. She transmits this kind of propaganda regularly to the sheeple in her cult asserting that she is doing the work of the Ascended Masters. In respect of another vicious assault, this time on Beatrice McGuire, which occurred in front of scores of witnesses, Patton asserts that she did not strike McGuire it was God working through her! Here is an excerpt from a statement from a witness to that assault. The witness being Barbara Costantino Patton West's long term personal secretary.

I witnessed two occasions in which Ms. West threw water in peoples' faces. On one occasion while she was teaching in front of a group, Ms. West forcefully threw the contents of her glass of water in the face of her personal assistant. She did the same to a student during a teaching session.

I witnessed three occasions in which Ms. West violently pulled the hair, of three female staff members. In each case the hair was pulled and the head was shaken forcefully from side to side. On some occasions she would hit people in the face. I witnessed one occasion in which she hit a man in the forehead, leaving an abrasion where her ring cut the skin. She said afterwards, that she didn't do it, God or a deity of God did it. This was the rationale she often used to justify her own violence. I was present in Montreal in which Ms. West tore a woman's ear. The woman was kneeling in front of Ms. West and had quietly challenged her authority. Ms. West reacted physically. She grabbed her hair on both sides of her face and shook her and told her to leave. I learned later that the woman was injured. Evidently the woman's ear had been grabbed too and then torn. She underwent reconstructive surgery for the injury. I was present in the room on two different occasions (but did not witness the precise moment) in which Ms. West hit students in the face. One of those women reportedly suffered a dislocated jaw, the other was hurt but not injured.

I have long maintained for decades that Patton West was / is criminally insane. Here is more evidence of her insanity from her website or Facebook pages….

Is there any doubt that this creature represents a clear and present danger to the public and has done so for 35 years!

Here are my comments…

[1] As a "regent of the spiritual hierarchy" etc. This is just bullshit like her assertion that she is The Regent of the Masters (i.e. above Jesus Christ), The Western Regent (spiritual overlord to the western hemisphere), The Mother of Ten Thousand Suns, The Mataji, Divine Mother, she has been preparing to lead humanity for thousands of years, is holding open the gates of time and who received her two doctorates from the Christ in person etc.

[2] Five years from now, Patton West will be recognized as one of America's most vile and despicable villains. A ruthless and cold blooded criminal who, using her occult hidden knowledge as a weapon has robbed, defrauded extorted money from, and mentally and physically abused countless victims. Then, there are the several suspected murders her ex-husband, Jack West, maintains she is guilty of. This, confirmed by me who Patton West tried to murder in 2007 and again in 2023.

Below here on the next page is a small portion of the TRUTH about Patton West's so called 'World Service.' This information is the tip of the a very large iceberg as 95% of her victims choose to walk away once they become the victims of Terrorist attacks. This is why Patton West was never in a hurry to respond to any civil lawsuits, and there were many). Why waste money on lawyers when you can terrorize the victim into backing down without spending a dime. This approach, terrorizing the victim behind the scenes with an occult (hidden) weapon, made it appear publicly that Patton West had some sort or moral high ground and was above the fray.

Of course after multiple appearances to court as the defendant in mainly fraud related law suits, an assault conviction and several negative newspaper articles it was impossible to keep the deception going. No problem move to yet another western state (from NM to MT in 1995) from MT to AZ in 2010.

How many of these victims were subject to terrorist attacks during their lawsuits against Patton West? An estimated 95% of her victims walk away after being the victim of TERRORIST ATTACKS.

TRUTH / REALITY **LIES / ILLUSION**

Files Delivered to local authorities in Sedona AZ regarding the crimes of Devra Patton West + Officers Contacted **[Elder Abuse] [Invoice Fraud] [SBA Disaster Relief Loan Fraud] [Assault & Battery]**

As mentioned previously she would not have gotten away with this for decades had she chose to operate in New York. Nor would an appeal judge in New York have been persuaded by Patton West's lawyer NOT to review the 44 minute recording in which Patton West admitted to several very serious crimes including the one against me. To me that was a proof of mis-trial but I could not afford to appeal the appeal.

I recall at the end of the proceedings we were walking out of court and the judge asked me what I had expected. The only answer I could think of at the time was this. **"I expected a fair trial and to have ALL the evidence heard."** However I kept that to myself as I did not want to end up in the cells for contempt of court. I have several theories as to why that evidence was ignored but I'll keep them to myself.

Please understand that what Patton West has done to me and my family (and countless others over the past three plus decades) could not have happened without the help and support of willing accomplices who variously funded her, marketed her to the public, lied for her and intimidated victims for her. During the past 5 to 7 years I have emailed cult senior members Geoffrey Reynolds, Julio Williams, Corinne Coffin and Jack West literally hundreds of times. I have told them what was being done to me and my family members and what was done to countless other victims over the past three plus decades. Each and every one of them have sat on their hands believing that I would be silenced either by intimidation or as a result of being murdered. To be clear they were all willing accomplices to Racketeering, Terrorism & Murder.

Reynolds even predicted my murder and the campaign of terrorism against me and my family members in 2007 while being interviewed by the local press and I believe it was even stated in the news article that he was 'speaking on behalf of his employer.' While at the time Patton West's website was full of propaganda like this…

As stated Be Scofield is a New York Times published journalist and an author. Be Scofield lays out details of crimes committed by Patton West against scores of victims over two decades or more. That coupled with the data I have collected surely would be enough to convict them all.

Patton West claimed in her own interview with the Whitefish Pilot newspaper in 2007 that she was going to teach doctors how to heal cancer. Additionally the amazing healing skills she claimed to possess in one of her Face Book postings. Where she claimed to be able to deliver 'miracle cures' / divine grace healings for a large fee.

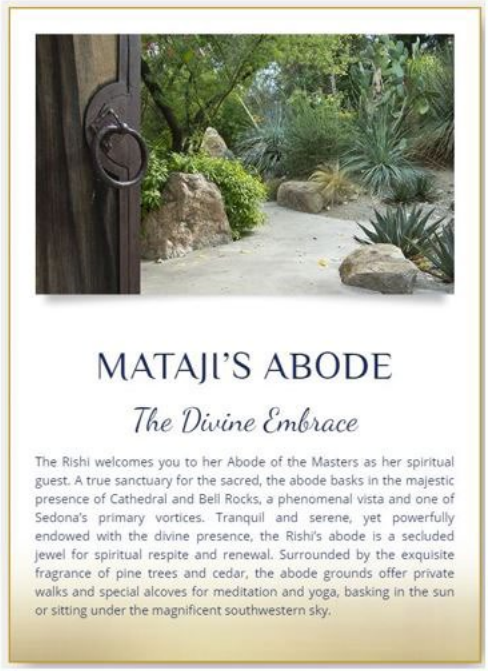

A conveyor of the holiness of spiritual initiation, she bestows the supreme light of the divine endowments and has written a treatise of sacred knowledge on the mysteries of the celestial initiations of the universal spiritual hierarchy. The Rishi is dedicated to mentoring world servers and disciples who are in service to the Divine Plan, who seek the flowering of enlightenment as the means of perfecting their excellence of service. As an instrument of
3. mercy, she offers the phenomena of Divine Grace Healing for the regenerative transformation of body, mind, and soul and the karmic resolution of divine dispensation, opening new doors to the divine sciences and the omniscient endowments of The Royal Path.

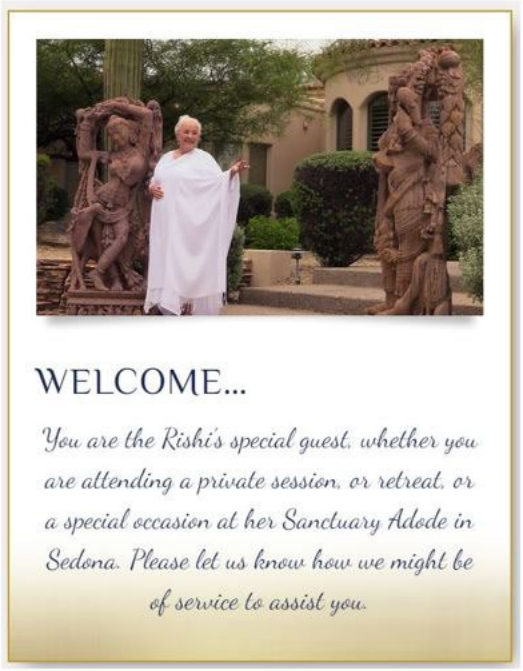

On the next two pages are the entire posting from her Facebook pages. Williams home was used to commit what is obviously fraud / extortion. More here. And here. And here. Again I want to make the obvious point which is that Patton West uses 'religious freedom laws' as a cover for her criminal activities. Her websites, when they were up, were 99% lies and propaganda apparently 'allowed' even though if anyone in law enforcement had taken the trouble to investigate would have found a history of theft, fraud, extortion, violent assaults and several suspicious and convenient deaths. All obviously for financial gain…

Here is the reality. Cult members coerced into giving 66% of their net worth….

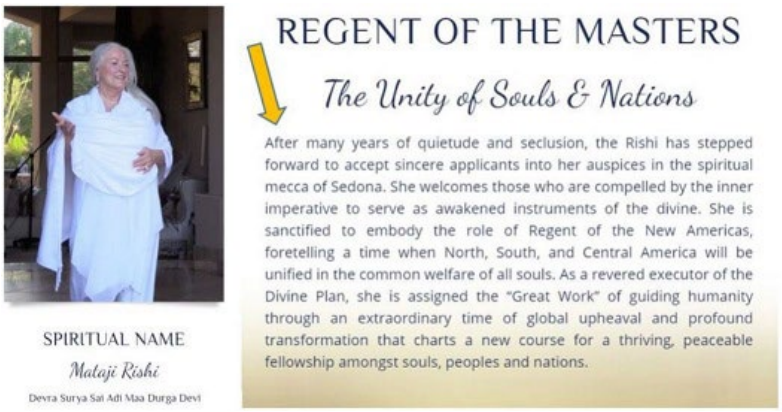

> Presently, the balance of truth between myself as Master Teacher and the group has yet to be fulfilled, demonstrated and anchored. No less that 66% fulfillment of Truth in Balance between disciple and Master Teacher on the part of no less than twelve persons can serve as my container. There is no preconceived idea as to who these twelve persons will be. Purity of heart, mind and purpose in service to the Master Teacher's work and thus the work of the Ashram as assigned by Brotherhood of Light will be the determining factor.

Next are some examples of the propaganda you could have seen on her websites before they were taken down……

And this…

Check out her Facebook posting which includes some obvious lies and exaggerations and lists some of the corporations she used to money launder the proceeds of crime. The 'Regency International' may be the location of her off shore banking? And the 'Rishi Collection' may contain the stolen artwork and valuables stolen from the Montana charity. The whereabouts of her jewelry, precious metals etc. is another matter. Remember Patton West converts her cash money into assets that can be hidden rather than keeping the cash in a bank account!

~ 10 am to 12 pm~

Comments from Students:

"I simply cannot imagine a training that gives so much, covers so much and cares so much. After many, many methods over the years, thank God, I have found my path. What a difference!" -

Julio Williams MD, heart surgeon and devoted seeker

"There are simply no words to express the profound nature of sitting with a spiritual master of the Rishi's caliber of presence. This says it all. So, one can try to imagine having a private retreat or intensive with a "virtual wellspring of living divinity," but to actually experience it, leaves one humble, immensely expanded and deeply grateful with few words that suffice that can do such an experience justice."

Julio Williams, MD...cardiologist and thoracic surgeon, avid seeker

Subject: The line in the sand has been drowned!

Mr. Watson,

Over the last few years I have been witness to your continuous attacks to Devra West and the nonprofit. Hear me very clearly now "THE LINE IN THE SAND HAS BEEN DROWN". If what you are after is money (and /or the Victor property) it is going to take a lot of your own personal money to try and get it. I have personally allocated Two million dollars for Dr. West defense and legal expenses.

If you want to wrestle with me in the legal arena know that I will do everything in my power to bring you down. Mr. Watson, You will have your date in court. You fuck with me and you will meet your match.

Julio E. Williams, MD

In case you at the FBI & Law Enforcement, are still skeptical about the use of occult (hidden) knowledge being used as a weapon. I want to share with you what the Brazilian police had to deal with when they arrested 'John of God' a Brazilian occult criminal. 'John of God' was an almost carbon copy of Patton West except his use of occult knowledge was used to impregnate hoards of women who were allegedly kept as sex slaves. The women's babies were sold either for adoption or for use in adrenochrome farms or sold to be sacrificed or eaten by 'elites' and demon worshipping humans. This is much more prevalent than one realizes in the USA and elsewhere in the world. The mainstream media controlled by the cabal (Khazarian Mafia / WEF/ deep state) has kept this from the public but shortly this subject is about to go mainstream in the USA as details of the Epstein list is revealed to the public either through leaks or via the upcoming EBS broadcasts.

Back to 'John of God' and his use of the occult.

Before I share this information I want the reader to understand that the universe is electrical / magnetic in nature. Our bodies are fundamentally electrical / magnetic in nature and our auras are part of our plasma energy bodies that both create our avatars / 'meat sacks' and what holds them in place while we are alive. Both spiritual healing masters and psychopaths like John of God & Patton West have the knowledge to be able manipulate our electrical / magnetic energy bodies. That are fundamentally electrical / magnetic in nature such as computers.

Now let me share three excerpts from part of an article from none other than the UK Daily Mail about the arrest of John of God…

If Patton West's use of occult knowledge as a weapon to gain control of other human beings sounds far fetched I can assure you it is not. Hollywood and the District of Columbia (Washington DC) are somewhat riddled with Satanists and Black Magicians any cursory glance at the news shows this to be the case. Every sporting event's half time show features scantily clad young women depicting Satanist rituals. However the closest analogue to what Patton West has been doing inside the USA for 33 years is the 'John of God' revealtions from Brazil. Unlike Patton West who is in to control, money and mental and physical abuse John of God repeatedly raped the women in his cult and sold the resultant babies on to elites and pedo rings. The point being is that John of God used the occult to entrap the women, used it against them if they complained and used the same knowledge against the police when thay came to arrest him. Days before the arrest of 'John of God' police investigators were subject to a variety of occult attacks.

'Supernatural' events terrify police while interrogating celebrity medium John of God over sexual abuse claims as computer 'takes on life of its own' and electrical appliances short circuit.

- **Spiritual healer Joao Teixeira de Faria, 76, has been accused of sexual abuse**
- **Around 300 other women have claimed Faria has sexually assaulted them**
- **Police questioning Faria said electrical items began to malfunction in the room**

Sabrina Bittencourt claimed young girls were held captive in a farming operation which exported babies on the black market. The women would be murdered after ten years of having babies in the alleged scheme run by the 77-year-old celebrity faith healer, who was arrested last year after hundreds of women accused him of abuse, she said. Detectives questioning a celebrity medium in Brazil accused of sexually abusing more than 300 women, have reported spooky goings-on during their two hour interrogation. Unexplained incidents ranging from a 'bizarre' computer crash to wiring on electrical appliances suddenly 'short circuiting' appears to suggest supernatural forces were at play during the interview. The mysterious problems unnerved cops but didn't deter them from collecting the testimony from faith healer, João Teixeira de Faria, who is known as João de Deus – John of God on Sunday night in Goiânia.

And …

The bullet points are...

Computer Crash. Unexplained incidents ranging from a 'bizarre' computer crash to wiring on electrical appliances suddenly 'short circuiting' appears to suggest supernatural forces were at play during the interview.

Keyboard Commands did not work. Detective Karla Fernandes claimed that as the spiritual guru began to speak, strange things started to happen. 'Suddenly the computer that was being used to transcribe the suspect's answers to the allegations seemed to have a life of its own and the commands on the keyboard wouldn't work. 'When the clerk tried to enter the medium's statement, the keys locked on a specific letter and 'OOOOOOO' was recorded continuously on the screen for a few seconds.' And, when the printer in the room began to print without receiving a command and a fridge blew up, their thoughts turned to paranormal interference.

Electrical Wiring explodes and burns out the fridge. 'I plugged the lead into an extension shared with a mini-fridge and the electrical wiring suddenly exploded, burning out the fridge. Everyone in the room screamed with fright.' According to the officer, the 76-year-old spiritual healer, who is accused of sexually molesting women during private consultations at his clinic, stayed silent. She said: 'Although these things happened and surprised us, they failed to interfere with our work. He (John of God) didn't say a word.'

Black Magician 'John of God' gets Arrested for Hundreds of Rapes and Child Trafficking and... The Woman that led to his Arrest Dies Suddenly! Nothing to see here!

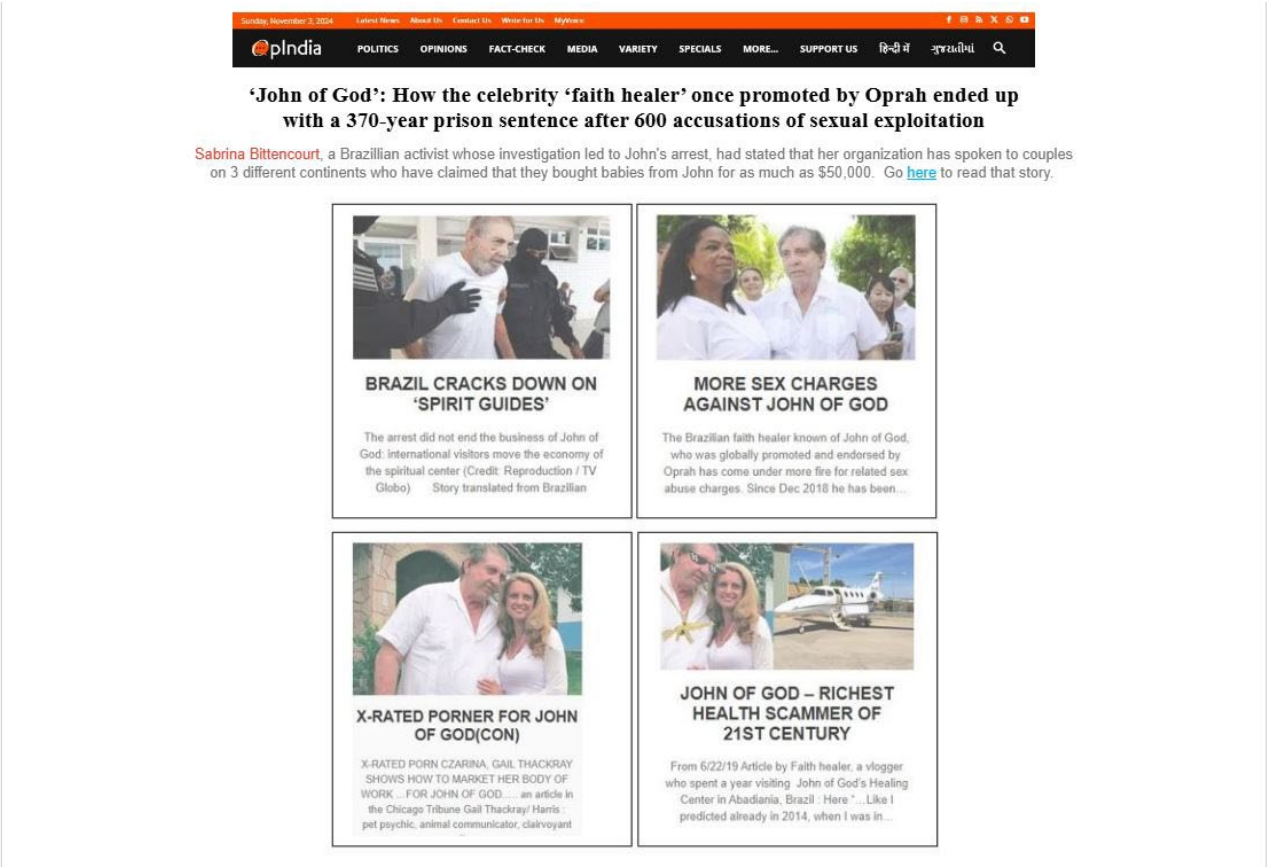

Spiritual healer João Teixeira de Faria, better known as John of God, arrives at the Casa de Dom Inacio de Loyola in Abadiania, Brazil, on Dec. 12, 2018. More than 600 women have come forward to accuse the spiritual healer of sexual abuse. Photo by Marcelo Camargo/Agencia Brasil

Eldest son Gabriel Baum confirmed her death. Mrs. Bittencourt was living in Barcelona 'under protection' after receiving death threats. They killed my mother." More than 600 women have accused John of God - real name Joao Teixeira de Faria - of sexually abusing them during so-called healing sessions.

Sabrina Bittencourt (pictured above right), 38, died at her home in Barcelona just days after accusing John of God – real name Joao Teixeira de Faria – of running a 'sex slave farm'Mrs Bittencourt may have lost her life but 'John of God' got a 370 year prison sentence...

And…

Finally I want to bring to your attention some of the information shared in the Daily Mail editorial as shown in two images on Page 67. There are two points I specifically want to bring to your attention.

1. The effect 'John of God's' arrest and interview by the Brazilian police had on electrical items at the police station specifically the police computers and the wiring to the fridge which 'exploded!'

2. Secondly the brave women Sabrina Bittencourt aged 38 suddenly died at her home in Barcelona Spain just days after accusing 'John of God' of running a sex slave farm.

As I have explained elsewhere 'separation' is an illusion we are all deeply connected and at spiritual energetic level we are all one. Therefore using physics / quantum mechanics (that 99% of the public do not understand) John of God and Patton West have the ability to intimidate, make ill or murder those that 'oppose them.' Distance is irrelevant as I found out shortly after leaving Montana and moving to Nova Scotia Canada! This is how Patton West has been able to murder several (for the good of humanity) and get away with it so far!

Where John of God's focus was on sex and making babies for sale Patton West, a deeply disturbed psychopath and criminally insane narcissist's focus was on acquiring wealth and feeding her gigantic ego. As Jack West made clear to me in 2002 those that opposed his wife had a habit of dying suddenly and implied there had been multiple murders prior to 2002. Then they may have been multiple murders in Montana including Lisa Swidler (who tried to leave the cult to go to the police and report the fraud or extortion of funds from Mike Hendrickson, Dave Kushner and Marion Cantwell).

Above on page 61 I list ten or more civil lawsuits brought against Patton West by victims of mainly fraud / extortion related crimes. How many of those victims were subject to terrorist attacks between launching their lawsuits and getting a verdict. Clearly investigators need to interview them all along with the tens of other victims I have named over the past two decades.

Finally we do not have to speculate any more as to whether Patton West has committed multiple murders. As in 2023 Patton West has admitted to, “Murdering several for the good of humanity.”

Patton West’s gigantic ego has been her undoing.
